Our Victory in North Carolina. North Carolina being the first State to vote since the nomination of Gree- by demagogues, than as a logical and ey at Baltimore, the Administration deliberative letter for the convincing party were nervously anxious to carry of Mr. Summer and men of like mental it. No effort was spared. Negro and calibre. It seems impossible for any shal Carrow's hands for distribution. neither more nor less than the speeches welcome and to follow any whites who

dation.

Besides all this "colonizing" the im-Carolina and Virginia was practiced on an extensive scale, and in counties where the negroes had a large majority. it was impossible to prevent these illegal votes from being cast. In some Counties along the border the vote was several hundred beyond that registered.

In ad lition to all this, the State Government is in the hands of the Radicals, and as usual among carpot bag governments, in order to perpetuate power the Governor appoints all the election officers. Of course he appoints his own tools-men who manipulate returns to suit the necessities of the case, and this is the reason for the constant reduction of the Democratic majority, as first reported, and why returns have been held back over a week.

Knowing all these facts we did not expect to carry the State, and our op-ponents claimed it by at least 10,000 him, are traitors plotting the destruc-tion of the nation and ready to "hand majority. Yet we have gained a glorious victory. We have certainly carried five of the eight Congressmen-and se-cured both branches of the Legislature by a large majority, and in consequence will gain a U. S. Senator. If we have not carried the Governor, the vote is so close that victory will be assured in November for Greeley and Brown. The victory is all the greater because won under the disadvantages mentioned. Grant carried the State by over 12,000 majority, and last year we were beaten by over 9,000 majority. Our friends everywhere should fell encouraged, and go to work.

A Gentle Reminder. Greeley Opinion of Carpet-Baggers.

About a year ago Mr. GREELEY made Charles Buckalew Snyder of Wilkes a tour of the south. On his return he Barre, local reporter for the Scrantor Republican, is the announced proprieto made a speech at the Lincoln club room of the Independent, one half of which is referring to the newspaper report in the printed in Borwick. The Independent i for Grant, Hartranft, Evans, Dr. Allen, et al. Of course the proprietor has a following just, rough and characteristic right to make his journal a partisan

The thieving carpet-baggers are a mournful fact ; they do exist sembly that compels him to tell the there, and I have seen them. They are truth about candidates or political mat ters, or to observe the Ninth Command ment. We are induced to make these and Wilson, the candidate for Vice garding what they please to call "the safe distance in the rear; some of them remarks, because of the remarkably original article in the last week's issu relative to Senator Buckalew's recen speech at Mahauoy City.

Having accompanied Senator Bucks lew on the trip alluded to we desire to state that the article is true except that he did not address a parade of miners and laborers, having reached there after it was over; he did not suggest three cheers for Greeley and Brown ; nor was he followed by any one who proposed three cheers for Grant and Wilson, Senator Buckalew stopped at Maha noy City for dinner on his way to Shenandoah City, and was serenaded by the Ashland band. He made a brief response, in which he did not allude to Grant or Greeley, to Hartranft or himself. His remarks were well received by men of both parties.

THE PRESS is the leading Republican paper in this State and warmly espouses the cause of Grant and Wilson. Here is what it says about the Republican candidate for Governor :

I may add that it was not maintained afterwards, for the larger bounties were voted and paid. For instance, the Joint Resolution of January 16, 1864, provided, that the larger bounties should continue to be paid from the 5th of January to the 1st of March of that year, and by subsequent legislation the ground taken by me in my vote of 22d of December, was fully assumed and endorsed by Congress This false imputation which I have exposed is no more gross and unjust Greeley. than many others in the article sent me, but I have taken it because it stands

first in order among them and constitutes a fit representative of the whole. C. R. BUCKALEW.

During the long life of Mr. Greeley in New York, he has belonged to no rings, and entered into no combinations to de-fraud the city or the nation, or to run stocks or gold up or down. He has neither made or lost money in this way Whatever property he has, has been ac cumulated by a life of great toil as a journalist. If elected, he will appoint no relatives to office, and accept no pre ents from office seekers or office holders. Presents of cigars, brandles, dogs, horse carriages, horses, or money, will not be received as they now are. He will restore the good old days of honesty, purity, and a regard for the constitution and laws which characterized the administration of former presidents.

There must be many of Mr. Blaine's constituents who receive these charges very dubiously in view of the fact that Gen. N. P. What a pity it is that this physicing and purging hero hadn't got hold of the "assistant" during his military ca-reer! Perhaps it might have helped him to hold his legs steady in one fight if no more, or repaired his health sufficiently to enable him to get away from home long enough to become ac-quainted with his men.
