Barney M'Cue was convicted about a year ago, in Lycoming county, of murder in the first degree. His execution was ordered on the 17th of March, but that being St. Patrick's day it was withdrawn. In the mean time an appeal was taken to the Supreme court, which directed him to be re-sentenced Another day was then fixed for his execution, but that warrant has also been withdrawn upon recommendation of the State board of pardons, in order that it may hear an appeal in favor of commuting the sen-tence to imprisonment for life. Public opinion in Lycoming seems to have settled down to the conviction that the offence of M'Cue was no greater than murder in the second degree and that imprisonment would be the just meed of punishment. There is much sympathy for the culprit.
