Subscribers who have paid the retiring editor of the COLUMBIAN in advance will be credited with the amount on the books of Brockway & Elwell. The new firm will also fill all advertising contracts.

NOTICE.

All contracts made by Mr. Dieffenbach for advertisements, and pre-paid subscriptions will be carried out by the present proprietors of this paper. Business cards in the directory will be continued, at the old rates, unless otherwise ordered, and will date from Oct. 1st, 1875. Indebtedness to the COLUMBIAN on any account from July 1st, 1873, to Oct. 1st, 1875, will settle with Mr. Dieffenbach. Persons desiring to stop their paper, if any, and those wishing to subscribe or to have their post office changed, will please notify us at once. The paper will be continued to old subscribers unless otherwise ordered. Owing to the great amount of work incident upon taking charge of the office we have not had time to change the dates on the printed directions. Next week they will be changed to Oct. 8th, 1875.

Our legal duties will not be neglected by reason of our having taken charge of this paper One member of the firm, and both, when necessary, will constantly look after the interests of our clients.

On Saturday we will open a line of Ladies' ready-made Cloth Coats, which we will offer at very low prices. Call and see them.

CLARK & WOLF.

Turn out to the Democratic meetings and hear the issues of the day discussed.

The Hazletonians are again agitating the new county question.

E. H. Little, Esq., has purchased the property on Third Street formerly owned by David Betz, for $3,500.

Mr. Samuel Hoyt, of Kingston, died on Thursday night of last week. He was widely known and respected.

"What is the use of my advertising, I have been here for twenty years." *Till* people so. That *is* advertising.

John H. Parker, of Greenwood, at the late Fair received a premium for some extraordinarily large pumpkins. We tried to eat one and failed.

Don't fail to read the local notices. That is the way to ascertain who are the leading merchants of the town and the places where you can buy the best goods at the lowest rates.

The important mining case of the Locust Mountain Coal and Iron Company vs. Joseph M. Frick, tried in Schuylkill county, has been decided in favor of the plaintiff, the jury awarding $17,000 damages.

We are thankful to our friends throughout the County for the liberal support and encouragement that we are receiving. Keep the ball rolling. The larger our subscription list, the better paper we can afford to publish.

The little child of Franklin Keller's, on Iron Street, mentioned in last week's COLUMBIAN was buried on Tuesday last, having died from the effects of the injuries received by falling into a kettle of hot water.

Buckwheat seems to be a more than average crop this year. J. H. Fritz counted the grains on a stalk of buckwheat and found to his utter astonishment fourteen hundred grains which had sprung from one seed.—*Boston Weekly.*

Invitations are out from his honor, Judge Garrick M. Harding, announcing the marriage of his daughter, Miss Harriet Fuller Harding, to Mr. William W. Curtin, son of the ex-Governor. The ceremony is to take place on Thursday morning, October 21st, at 11 o'clock, in St. Stephen's church.—*Record of the times.*

NO BOLTING.—We are authorised by Hiram Schweppenheiser to state that he is not a candidate for County Treasurer. He believes the action of the Convention was not entirely regular, but for the sake of harmony and success declines to be the instrument to breed dissatisfaction in our ranks.

The following was found at the bottom of page 125 in Deed Book K, in the writing of Charles Conner, then Recorder:

"The weather up to this period, February 4th, 1848, has been unusually mild, no snow above an inch deep and a break up every few weeks. Very strange weather, truly."

Gen. Noyes, with a wooden leg, managed to outrun the repudiation team in Ohio last Tuesday.—*Pittston Gazette.*

Some person ought to inform the editor of the *Gazette* that Noyes was not a candidate this year. But, then, in these days any kind of stuff suits Republican readers.

There was a "Grand Opening" of the Nagle House, in Danville, last evening, (Thursday.) Mr. Levi Dungan, of Philadelphia, delivered an address, and music was furnished by Stoe's Orchestra. A ball was the leading feature of the opening. Mr. L. B. Stricker has taken charge of the Nagle House, and will make it a first-class hotel in every respect.

The Bloomsburg *Republican*, in speaking of the Nob Mountain Meeting says that "the worst traitors in the nation were invited to attend." Among the speakers were C. R. Buckalew, Heister Clymer, Gen. Ent, Wesley Wirt, and C. B. Brockway, and the camp was guarded by Col. Seeley and other soldiers. Some of these men fought for their country, but neither Beckley or Brown ever smelled rebel gunpowder.

H. C. Hartman has in his store window, an ingenious piece of French mechanism. It consists of a clock surrounded by vines and flowers, in which a humming bird hops about in the most life-like manner, while at the base of the clock, which is a representation of a rock, a bullfinch is drinking from a stream of water, running from the side of the rock. The birds sing and are accompanied by music from the interior of the clock. It is worth stopping to see.

We are informed that all the money has been subscribed and the ten per cent paid in that is required to make the turnpike from Shickshinny to Fairmount Springs, but as yet an organization has not been perfected. The project is a grand one and we hope to announce, ere long, the completion of the same. There is not a farmer residing in either the western portion of Luzerne or the eastern portion of Columbia who will not be benefitted by it, and it is the duty of all interested to push the work along.—*Echo*

THE OPERA HOUSE MEETING.—On Saturday evening last, despite the imperfect notice and heavy rain, a considerable number of citizens gathered at the Opera House to hear the speech of Hon. C. R. Buckalew. It was a calm and impartial review of the candidates and issues. No abler exposition has yet been made of the vexed currency question, and there was no attempt to evade or mislead in regard to it.

As we publish the speech this week, our readers can judge of its merits for themselves, and we would call the attention of our readers to its utterances.

Mr. Buckalew was followed by C. B. Brockway in a brief speech.

The lovers of oysters, and legion is the name of such, will be delighted to learn that ancient oystermen are predicting the best season for that sort of sea fruit since 1860.

We have a new carrier, and some of our subscribers have failed to receive the COLUMBIAN. We hope that in the future such omission will be reported to us promptly that we may rectify them.

All notes, drafts and checks drawn through any bank, require a two-cent stamp. This is a new decision of the internal revenue department. The penalty is fifty dollars.

NORMAL SCHOOL BUILDING.—A good deal of interest was manifested at the letting of the Normal Boarding Hall last week. Seven bids for the entire work were received, varying from $47,000 to $59,216.89. An estimate of the material on hand determined the result, and the contract was let to John S. Sterner, of Bloomsburg, at $42,494. A large number of bids for portions of the work were also received, but in the aggregate were not available.

DEMOCRATIC MEETINGS.—A Democratic meeting will be held at Espy, in Baker's Hall, Wednesday evening, October 27th. A meeting will also be held at Rupert in the school house on the same evening.

A meeting will be held at Mainville, Thursday evening, October 28th; also one at Mt. Pleasant, Miller's the same evening.

The above meetings will commence promptly at seven o'clock.

In response to our suggestion of last week concerning an entertainment for the benefit of the Normal School, Mr. E. Jacoby has kindly offered his services as manager of a Dramatic Troupe for the purpose mentioned. Any of our citizens willing to take hold of this matter can obtain information and help to complete arrangements by calling upon him. The first thing to be done is to organize, with a competent head. The enterprize must be carried through.

SINGULAR ACCIDENT.—The Muncy *Luminary* says that John Gortner, of Jordan township, Lycoming county, lost two horses last week under somewhat peculiar circumstances. Mr. Gortner was plowing on a very steep side hill, and below him was a fiercely burning log heap. By some means the horses stumbled and fell, and becoming tangled in the harness, struggled and rolled until they landed in the fire, and were so badly burned that to end their sufferings they were killed.

Vic. Piollet's Fishingcreek record is unpalatable. Did he go from "Nob Mountain Camp Meeting to Canada direct?"—*Bloomsburg Republican.*

What bosh! Somebody should muzzle that junior editor because Beckley certainly did not write the article. He knows better. A lie well stuck to, it has been said, is as good as the truth; but the *Republican* should remember that the "Canada meeting" was in 1864, and the Nob Mountain meeting in 1865.

Sheriff Grover met with an unfortunate accident last Tuesday night, from the effects of which he will suffer pain and annoyance for some days to come. He was at the house of Samuel Dietterich near Lime Ridge, and stepped from an outer door, thinking there was a porch outside to receive him. This was not the case and the result was a fall of some eight feet to the ground beneath. The medical gentlemen state that no bones are broken, unless it may be a minor fracture of a rib or two, and the sheriff will make his appearance in society as soon as a cut hand and a bruised frame will permit.

We understand that active steps will be taken during the winter for the erection of water works. This has grown to be rather a *dry* subject, but the immediate necessity for the works still remains. Within the last few years more than four times as much property has been destroyed by fire as would suffice to pay for the most complete improvements, and much of this destruction might have been prevented but for the entire absence of any facilities for extinguishing flames. With addition of water works Bloomsburg will be one of the most complete towns in the interior of the State.

PERSONAL.

The genial face of our friend, Col. L. L. Tate, beamed upon us in our sanctum last week. The Col.'s many acquaintances through the County will be pleased to learn of his good health and prosperous condition. He was here attending the senatorial conference.

Hon Geo. D. Jackson, Michael Meylert, of Sullivan county, Robert P. Allen, ex-Sheriff Piatt, J. Gamble, Hon. J. J, Metzgar, Col. Embick, of Lycoming, J. S. Sanders of the Hazleton *Sentinel*, Thomas Chalfant, of the Danville *Intelligencer*, Col. R. B. Ricketts, of Wilkesbarre, and many other distinguished gentlemen were in town last week.

Mr. C. M. Lee, who was elected County Superintendent of Wyoming county while he was a student at the Normal School, attended the Fair. Mr. Lee has entered upon the duties of his office.

The Centennial Dramatic Association may well feel gratified and encouraged by the success of the performances at the Opera House on Thursday and Friday evenings of last week The House was packed on both occasions; in fact it was the largest audience ever in attendance, not excepting the opening nights. The people are evidently beginning to appreciate the efforts of our young friends. "The Hidden Hand," though a somewhat difficult piece for them to attempt, was well rendered, and the stage arrangements were the best we ever witnessed there. The music, under the leadership of Mr. A. W. Monroe, was much improved, and added greatly to the excellence of the entertainment though we must suggest that if that high note on the violin, at the end of each piece, were omitted it would be much more agreeable to the ear. As all the members of the Association did themselves credit in their parts we shall not attempt to particularize. We hope to hear from them soon, again.

THE SENATORIAL CONFERENCE.

The Democratic conference of the 24th senatorial district met at Bloomsburg on Thursday, the 14th. All the counties were represented.

Columbia by Hon. John G. Freeze and Cyrus B. McHenry.

Lycoming by H. H. Cummin, Hon. John Metzger.

Montour by James McCormick, William Yorks.

Sullivan by Michael Meylert, John G Wright.

On assembling, on motion of Mr. Meylert, of Sullivan, Hon. John G. Freeze, of Columbia, was elected chairman, and H. H. Cummin, Esq. of Lycoming, was chosen secretary.

Nominations for senator being in order,

Mr. Wright nominated George D. Jackson of Sullivan.

Mr. McCormick nominated Thomas Chalfant of Montour.

Mr. McHenry nominated Charles G. Barkley of Columbia.

Mr. Metzger nominated Robert P. Allen of Lycoming.

The subsequent proceedings of the conference consisted mainly of ballotings and adjournments It remained in session until 11 A. M. on Saturday—in which time 150 ballots had been taken with varying results, but none in securing to any candidate a nomination. Great good nature and the most amicable intercourse prevailed among all parties during the whole contest. The difficulties were increased by the fact that the present is a one year term, succeeded by a two year term, and then a four year term; and finding it impossible to overcome them at the present sitting, the conference adjourned to meet at Williamsport on Wednesday, October 20th at 10:30 in the forenoon.

Judge Pershing is a man of medium stature, rather slightly built, with thin, clear cut features, keen eyes and hair verging into gray. His deliberate way of speaking and hearing gives him a judicial aspect that is heightened by his clean-shaven face and the gold-rimmed spectacles he always wears. A little in his looks, and still more in his manners he resembles Charles R. Buckalew.—*Honesdale Herald.*

It is inexplicable why the management of so many county fairs in this State is conducted on the narrow gauge principle. This sort of management seems to have been a particularly distinguishing feature of the Columbia county fair held at Bloomsburg last week. It was conspicuously parsimonious in all its relations to the public, and seemed to thank it the proper thing to utterly ignore the newspaper press of the county—a fact that cannot hurt the papers nor help the future of the agricultural society.—*Gazette & Bulletin.*

ANOTHER BREAKER BURNT.—The large breaker of Messrs Graeber & Kimbel, at Locust Gap, this county, was consumed by fire on Tuesday night last. This is the second time the breaker burned, the last one having just been completed. Its cost is about one hundred thousand dollars. It was considered one of the best in the Shamokin region. The fire was caused by incendiaries, who set it on fire in three places.

We have not learned whether there was any insurance on the building or not.—*Sunbury American.*

DEMOCRATIC MEETINGS.

The meeting in the school house at Jerseytown, Monday, Oct. 18th, was addressed by Col. J. G. Freeze and Geo. E. Elwell. The house was well filled.

A meeting was held at Orangeville the same night, addressed by E. E. Orvis and W. J. Buckalew, Esqrs.

The Fowlersville meeting on Tuesday evening was organized by electing Henry Shaffer President and Franklin Lamon Secretary. Attendance was fair. Addresses were made by R. R. Little and B. Frank Zarr, Esqrs., of Bloomsburg.

The meeting at Catawissa was well attended and was held at the Masonic Hall. It was organized by electing J. B. Knittle Chairman, and Joseph Martz, Secretary. Prof. Walker, of this place reported the speeches. E. E. Orvis and C. B. Brockway addressed the meeting. The Catawissa Band furnished music for the occasion. Catawissa is alive and will do her share.

A meeting was held at Lawrence's school house in Franklin, on Tuesday the 19th, Jesse John presiding. W. J. Buckalew made a speech. Much enthusiasm was exhibited.

C. W. Miller and George E. Elwell addressed a meeting at Rohrsburg on Wednesday evening last. Joseph Keller presided. There was a reasonably good attendance.

At Locust, same evening, B. Frank Zarr, C. B. Brockway and William Bryson made speeches to a large audience. Elias Helwig presided.

At Mifflinville, same evening, R. R. Little and E. E. Orvis, Esqs., addressed a large audience. Christian Wolf was president and A. W. Hess and Charles Workheiser were elected secretaries.

FRIGHTFUL TRAGEDY. — HACKETTOWN, N. J., October 16—2 p. m.—A German painter, named Ritter, shot his two children this morning, at this place, and then shot himself.

The youngest child, aged four years, is dead, and the other, aged eight, cannot live until night.

Ritter, himself, is not dangerously hurt, the ball not penetrating his skull.

Ritter had some trouble in his family previous to this and had been separated from them several years until recently, when they started anew here. Ritter, at the time of the murder, was just recovering from a drunken spree.

BRUTAL ASSAULT.—Saturday night about 12 o'clock as a man by the name of Milton Black attempted to cross the canal bridge at this place, with the intention of going to his home in Nescopeck township, he was brutally assaulted by Jake Buck, son of Jesse Buck, formerly of this place, and terribly beaten. On Sunday the man Black appeared before Esquire McAnall in a sad looking plight, his head cut open, face bruised and clothes torn, and swore out a warrant for the arrest of Buck. The warrant was placed in the hands of Constable Knorr who started for Nescopeck for the purpose of arresting Buck, but did not suceed in doing so, as Buck got wind of the affair and made himself scarce. No cause is assigned for Buck's brutal treatment, and if caught he will be severely punished.—*Berwick Independent.*

THE CREDIT SYSTEM

The practice of buying on credit the necessary articles of the household is fatal to good economy. The housekeeper must always pay dearer when she does not pay cash. The tradesman must have interest for his money, for a man will never in a busy community be willing, and is seldom able if he were willing, to forget it. To the ordinary cash price of the article he therefore adds the interest which may accrue during the time that credit is allowed. This, moreover, is not all; there must be a premium exacted by the dealer for the risk he runs in trusting his goods to that class of more or less dangerous customers who never pay ready money. Even the most honestly disposed of these are often unsafe debtors, for they are generally such as are imprudent enough to anticipate their incomes, and to overrun them in expenditure. The credit system, moreover, is a temptation to unnecessary purchases. There is a sort of check in the sight and touch of the hard won money to the disposition to dispose of it lightly. On the other hand, there is something in the facility of credit, removing as it does the disagreeable necessity of payment to a vague future, very seductive to the buyer, who can gratify his love of possession with a momentary sense, at any rate that its gratification costs him nothing. There is no such cheap and cautious purchaser as cash.

RUN OVER BY THE CARS.

On Tuesday evening about seven o'clock train No. 12 on the L. & B. road from Plymouth ran over a man who was sitting on the track at the time near Toby's Eddy. The engineer did not observe the victim until too late to prevent a collision. The train was stopped at once and the body was placed on the baggage car. The man was not recognized by any of the train hands, and he was supposed to be dead, as blood was flowing freely from terrible gashes in his head and there were no signs of animation given. At Kingston the conductor thought to remove the body, but some one there suggested that it be carried to West Pittston, as it was believed that agent Blanchard could tell who he was. On arriving at West Pittston Blanchard was called, and he at once recognized the bruised and mangled victim as Andrew Hunlock, a nephew of Judge Harding, who with his parents resides on Exeter street. The body was at once removed, and while Blanchard and another were subsequently engaged in washing the face of what was supposed the dead man, he suddenly revived. Care was now given him and shortly he was removed to his home. His wounds were dressed and it was discovered that no bones were broken, although he was terribly bruised on many parts of the body. It will be some time before Hunlock will be able to get about, but he ought to be thankful that he has escaped with his life.—*Comet.*

HELP TO MOTHERS NURSING INFANTS.—It is a conceded fact that mothers who have the care, anxiety and draught of nursing infants are weak and need the aid of some stregthening tonic to make up the nourishment required for the growth of the child. Ale, porter, and lager beer have often been recommended. Of late, since physicians have become aware that Port Grape Wine produced by Alfred Speer, of Passaic, N. J., is strictly pure they have prescribed it instead of ale and porter. This wine is principally sough for by mothers who have nursing infants as the best supply medium to be found. The wine is rich in body and not intoxicating but gently stimulating. Druggists generally keep it, and sell it for a dollar a bottle.—*Enquirer.*

TOWN AND COUNTRY.

WHERE TO ADVERTISE.

A. T. Stewart says the best advertising mediums he has ever found "are the old established organs of the two political parties, at the several county seats throughout the Union." "These," he says "reach every family of the least account in their several counties, and are more carefully read than any other class of journals." If Mr. Stewart's judgment is of value, there is no difficulty in deciding which paper it is for the interest of business men to advertise in The COLUMBIA DEMOCRAT, upon which this paper is partially founded, was established in 1836, and the COLUMBIAN now enjoys a wider circulation and greater prosperity than it ever did. It goes regularly into two thousand families in Columbia and adjoining counties, and by most of them is read from the first to the last line. It is the only recognised exponent of nearly five thousand Democratic voters in the county. It gives advertisements a tasty display, that makes them attractive to its patrons, thus ensuring greater certainty that they will peruse them. While its circulation is undoubtedly much the largest in the county, the advertising rates of the COLUMBIAN are no higher than those of other papers with barely half and several not one-fourth the number of subscribers. Facts like these speak for themselves. No shrewd business man will neglect to insert his advertisements in the COLUMBIAN if.

THE BEST PRINTING OFFICE.

The present is a good opportunity to remind the friends of the paper, and the public generally, that the COLUMBIAN JOB PRINTING OFFICE has no superior in this section, and, in some respects, is without an equal. During the last year we have completely renewed our types and made large additions, and it is no idle boast to say that we have now the Best Presses, the Best Assortment of Type, the Best Stock of Paper, Cards, &c., and the Best Workmen in the country. Our workmen are specially adapted for their places, and we make it a point to always give our customers a neat, correct and satisfactory job.—We do not claim to do work for less than others, but will warrant it to be as cheap as can be done anywhere and yield a decent profit. All who are in need of Job Printing of any kind—Plain or in Colors—will find it to their interest to give the COLUMBIAN Office a trial. We have on hand every variety of Cards, Paper, Ink, Envelopes, Tags, &c., that is likely to be called for, and can furnish any quantity or style of work on short notice. Binding to order. tf.

DYSPEPSIA. DYSPEPSIA. DYSPEPSIA.

Dyspepsia is the most perplexing of all human ailments. Its symptoms are almost infinite in their variety, and the forlorn and despondent victims of the disease often fancy themselves the prey, in turn of every known malady. This is due, in part, to the close sympathy which exists between the stomach and the brain, and in part also to the fact that any disturbance of the digestive function necessarily disorders the liver, the bowels and the nervous system, and effects, to some extent, the quality of the blood.

E. F. Kunkel's Bitter Wine of Iron a sure cure. This is not a new preparation, to be tried and found wanting; it has been prescribed daily for many years in the practice of eminent physicians with unparalleled success; it is not expected or intended to cure all the diseases to which the human family is subject, but is warranted to cure Dyspepsia in its most obstinate form. Kunkel's Bitter Wine of Iron never fails to cure. Symptoms of Dyspepsia are loss of appetite, wind and rising of food, dryness in mouth, heartburn, distension of the stomach and bowels, constipation, headache, dizziness, sleeplessness and low spirits. Try the great remedy and be convinced of its merits. Get the genuine. Take only Kunkel's, which is put only in $1 bottles. Depot, 529 North Ninth St., Philadelphia.

For sale by all druggists and dealers everywhere.

AN IMPORTANT FACT.

The voluntary testimony of thousands establishes beyond all doubt a fact of vital importance to the sick and debilitated, viz, that Hostetter's Stomach Bitters is an absolute specific for remittent and intermittent fever, dyspepsia, constipation, biliousness, mental depression, sleeplessness, chronic diarrhœa, and all diseases of the stomach, liver, and bowels. The unmedicated stimulants usually prescribed in these cases only aggravate the symptons, instead of removing them. The Bitters, on the contrary, act as a corrective and invigorant, without producing the unpleasant and dangerous consequences of the old school practice. The action is mild and soothing to the irritated stomach and bowels, promoting digestion and preventing flatulency, nausea, headaches and all intestinal irregularities. A wineglassful before meals greatly assists digestion. The convalescent may use them with great benefit, as a means of restoring strength and cheerfulness.

THE GREAT ANTI-PERIODIC

The certainty and promptitude with which Hostetter's Stomach Bitters conquer the most obstinate cases of malarial disease, and the complete protection which they afford the system against the miasmatic poison which impregnates the air of low-lying, marshy localities stamp them as the foremost of American antiperiodics. Wherever on this continent fever and ague is a regular visitant—in the bottom lands of the South, the new clearings and mining districts of the West, and in all localities in the Eastern and Middle States where malaria prevailes, the Bitters are recognized as the only true specific for the disease, and its most reliable preventive. They are, moreover, a safe and agreeable as well as a certain remedy, and on this account are immeasurably superior to the preparations of quinine, arsenic bismuth, and other mineral poisons mistakenly administered as curatives for maladies caused by miasma, and which if persisted in work irreparable injury to the constitution.

Unfortunately, fever and ague, and the other febrile complaints generated by miasma, are not the only evils which result from it. A great variety of disorders are superinduced by the irritation which it causes. Among these are neuralgia, rheumatism, gout, periodical headache, palpitation, painful affections of the spleen, and various derangements of the stomach. When traceable to malaria, the above affections are apt to assume, like the disease which originated them, an intermittent type; that is to say they recur at regular intervals. Hostetter's Bitters, however, obviates them all, by banishing the miasmatic virus from the system.

Health, the poor man's riches, the rich man's bliss is found in AYER'S MEDICINES, after a fruitless search among other remedies. A word to the wise is sufficient.

The Blood owes its red color to minute globules which float in the fluid, and contain in a healthy person, a large amount of Iron, which gives vitality to the blood. The Peruvian Syrup supplies the blood with this vital element, and gives strength and vigor to the whole system.

CONSUMPTION CAN BE CURED.

Schenck's Pulmonic Syrup,
Schenck's Sea Weed Tonic,
Schenck's Mandrake Pills,
Are the only medicines that will cure Pulmonary consumption.

Frequently medicines that will stop a cough will occasion the death of the patient, they lock up the liver, stop the circulation of the blood, hemorrhage follows, and in fact, they clog the action of the very organs that caused the cough.

Liver Complaint and Dyspepsia are the causes of two-thirds of the cases of Consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the shoulder blade, feelings of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with acidity and belching up of wind.

These symptoms usually originate from a disordered condition of the stomach or a torpid liver,

Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores, and ulcerated the result of which is death.

Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check a cough suddenly.

Schenck's Sea Weed Tonic dissolves the food, mixes with the gastric juices of the stomach, aids digestion and creates a ravenous appetite,

When the bowels are costive, skin shallow, or the symptoms otherwise of a bilious tendency Schenck's Mandrake Pills are required.

These medicines are prepared only by
J. H. SCHENCK & SON,
N. E. corner Sixth and Arch Sts Philla.
And are for sale by all druggists and dealers.
