The Last Word.

BLOOMSBURG, PA.

To the Democrats of Columbia county, and a cilizens who are in favor of an honest and economical government.

Before another number of the COLUMBIAN is printed, the election will have been held and the question as to whether we shall have a change in the conduct of our State affairs will have been decided. You are the jurors ! Upon you rests the responsibility of giving a verdict that will release you from the hands of public plunderers who have been robbing you for so many years. If you want to know what is done with your taxes, ELECT THE DEMOCRATIC CANDI-DATES. The only hope of a return to prosperity lies in the result of this election. LET EVERY TOWNSHIP DO ITS FULL DUTY. Bring out your teams and see to it that every rate is palled. If we desee to it that *every vole is polled*. If we de-sire to overcome the corrupt rings that have been running the State so long, WE MUST WORK. Ohio showed a gain of over 20,-600 Democratic votes. If Pennsylvania will do as well, we shall elect our candidates by a handsome majority. This is not merely a political contest. It is a personal matter of DOLLARS and CENTS to every citizen of this Commonwealth. If you would protect your own rights, if you would have a revival of the industries of the country, if you would secure industries of the country, if you would secure to your children the blessings of an honest and upright government, let every man put his shoulder to the wheel, and we shall rout state that Mr. Pollock was the first and only the enemy. STRIKE FOR YOUR COUN- Know-Nothing Governor we ever had, and TRYT

THE REPEAL OF THE TAX ON REAL ESTATE

In order to cover up its corruption and extravagance, the Republicans loudly prate extraction, proposes to make heavy inroads among the "Mollie Maguires" in favor of that they repealed the State tax on real estate. Every tax payer knows that his burdens are greater now than ever before. The act in question was a mere dodge. It simply of Hartranft for doing so. Any man who The Board of Revenue assess upon each deserves to be punished, and we gladly ancounty now its share of State taxes, and of nounce that the majority of the Board of course the county levies are made upon real estate. To prove this we give the following nals because they may have voted a certain table showing what Columbia county has way. Hartranft has pardoned his partisans paid into the State Treasury since the repeal in the past, but unfortunately for him the

Governor Hartranft this year advertised for the annual supplies of Stationery for the use of the State officials. Their cost was \$7,000. The advertisements, given to pet Radical papers cost \$8,000! This is economy with a vengeance. And yet the people are asked to keep in power the men who profit shrewdest and yet at the same time most by such robbery !

A Challenge to Rawle.

Victor E. Piollet, the Democratic candidate for State Treasurer, declares his views and position as follows:

Wysox, October 11, 1875 .- Dear Sir. * * * I believe that all sums of money paid to the State Treasurer for interest upon deposits are as much the money of the State as is the principal, and should be accounted for by that officer. Please invite my opponents to come forward and state their views and understanding of the law in this regard. Will those gentlemen agree with me that it is emberalement to take a cent beyond the salary affixed by law to the office of State Treasurer ?

I desire a precedent that will compel all State Treasurers in the future to show by monthly statements who has the State moner on deposit and how much (if anything) is paid for its use, with a corresponding entry of credit on the books of the Treasury in favor of the people of Pennsylvania. I desire, even more than my election, that the coudi tion of the State Treasury be openly stated at all times and subject to the scrutiny of any man, or set of men, desiring to verify the statement. In conclusion, I again aver that interest paid for the use of State money is as scoredly the property of the people as the prin V. E. PIOLLET. cipal. Piollet believes it to be embezzlement to take a cent while in office beyond his salary. The taxpayers would like to hear Rawle's opinion on this subject. Will he dare accept this challenge? Rise up, Henry Rawle, and answer!

That such a set of books were printed in this city, the bill sent to Hoyt and the books shipped to a party in Wilkesbarre the latter part of last week, I know of a certainty. My opinion is that they are to be filled up to suit the views of the republican leaders, the gen-uine books abstracted and these substituted, ONE WHO KNOWS.

A close watch in the right quarter soon revealed "the reason why the Republican state committee had these books printed." It was discovered that E. H. Chase, Grant' internal revenue collector for this district

went into the county commissioner's office at Wilksbarre, and took therefrom certified copys of all the registry lists of this county, ook them to Philadelphia and had fraudulent ones printed. Then he took the certificates from the genuine books and pasted them upon the fraudulent ones. These bogus books are to be sent into the republican wards and districts where the election boards can be controlled, and the books manipulated so as to secure returns to suit their purposes. These fraudulent lists, intended, for use in the Fourth and Fifth wards of this city, have already been sent to the notorious A. B. Stevens, who in conjunction with the scamp E. H. Chase, last year, gave out false tax receipts and so made voters of hundreds who were not entitled to that privilege.
