FOURTH OF JULY. - Our suggestion as to an appropriate home celebration on that day has net with general approval. The day is to be over the cornice. the event of the Century. It should be univer sally celebrated. Bloomsburg is the Centra point, and all the people of our county should participate. It should be a glorious reunion of men of all parties and creeds. Our various As sociations and Societies should join it, and all of us unite in this, the first Centennial of American independence. We advise our citizens to take measures at once.

CORONER MURPHY .- Ordinarily in small counties the office of Coroner goes begging, or the nemination is conferred upon some person as a mere compliment. The death of Sheriff Grover, however, brought Coroner Murphy to the front, and he at once took hold of the office in a manner and with a business like tact that has not been surpassed by any former incumbent, and which won him the respect and confidence of all with whom he came in contact. Dr. Mudd, who was sent to the Dry Tortugas for supposed complicity in the assassima-tion of President Lincoln, has been elected to the Maryland State Senate. He is now rewarded by the democ-racy of his district, most of whom were well known us tories who never scrupled to aid the rebels.—Lewistown Gazette.

All of which is very pretty, but unfortunately for the Gazette's argument, Dr. Mudd is a Republican and elected by Republicans, as such. Perhaps the Gazette can manage to get away with that triffing discrepancy and give its readers some more reasons why they should not be Democrats. Belknap used to be a Democrat, we believe, and Ben Butler was for certain.

Cocked in this way they prove piurious to persons whose stomachs are delicate, giving rise to various disorders of the digestive organs." This would seem to show that hard boiled eggs are, if not indigestible, at least not easily digested. But Dr. Beaumont made a series of experiments as to the length of time required for the direstion of various articles of food, in the wound healed so as to allow a view of the workings of the stomach, and ascer ained that a raw egg took two hours to digest, a oft boiled egg three hours, and a hard butter. Attention, farmers. boiled egg but three hours and a half. This proves that although hard boiled eggs re-quire a little longer time for digestion they can hardly be called "indigestible."

A WIDELY APPLICABLE REMEDY.—Few remedies are applicable to such a wide range and Mackerel, new and bright, by the quarof disorders as Hostetter's Stomach Bitters, and this not because it has special properties ces. Full weight and warranted to give adapted to the cure of each—such a pretence would be manifestly absurd—but on account of its wonderfully improving effect upon the general tone of the system, and its alterative action upon the organs of nutrition, se-cretion and discharge. Besides its well known properties as a remedy for intermittent and remittent fevers, dyspepsia, constipation, torpidity of the liver, general debil-ity, urinary and uterine difficulties, it invaiably proves to be highly serviceable in overcoming anomia, hypochondria, rheuma-tism, insomnia, and many other disorders and disabilities originating in poverty or impurity of the blood, nervous weakness or over-excitement, or an imperfect performance of the physical functions. Wellington, Lorain Co., O., Aug. 24, 1874 Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir.—Your medicines, Golden Medical Discovery, Dr. Sage's Catarrh Remedy, have proved of the greatest service to me. Six months ago no one thought that I could possibly live long. I had a complication of discuses,—scrotula, manifesting itself in eruptions and great blotches on my head that made such sores that I could not have my hair combed without causing me much suffering; also causing swollen glands, ton-sils enlarged, enlarged or "thick neck," and large and numerous boils. I also suffered from a terrible Chronic Catarrh, and in fact I was so diseased that life was a burde to me. I had tried many doctors with no benefit. I finally procured one-half dozen bottles of your Golden Medical Discovery and one dozen Sage's Catarrh Remedy and commenced their use. At first I was badle liscouraged, but after taking four bottles of the Discovery I began to improve, and whe I had taken the remaining I was well. I addition to the use of Discovery I applied a solution of Iodine to the Goltre or thick neck as you advise in pamphlet wrapping, and it entirely disappeared. Your Discovery is certainly the most wonderful blood medicine ever invented. I thank God and you, from the depths of my heart, for the great C. W.

you the depths of the good it has done me.

Very gratefully,

Mrs. L. Chaffee, Most medicines which are advertised as stocks of lood purifiers and liver medicines contain Domestic, either mercury, in some form, or potassium and iodine variously combined. All of these and rodine variously combined. All of these agents have strong tendency to break down the blood corpuscies, and debilitate and otherwise permanently injure the human system, and should therefore be discarded. Dr. Pierce's Golden Medical Discovery, on the other hand, being composed of the fluid extracts of native plants, barks and roots, will in no case produce injury, its effects being strengthening and curative only. Sar-saparilla, which used to enjoy quite a reputation as a blood purifier, is a remedy of thirty years ago, and may well give place as it is doing, to the more positive and valua-ble vegetable alteratives which later med-ical investigation and discovery has brought
