THE HARRISBURG FRAUD.

A CALL TO HARTBANT, The arrest of Marshal S. Smith, for many years a clerk in the State Treasury Department, and John A. Wagoner, clerk in the Auditor General's office while Gov. Hartranft filled that position, is commented on by all our exchanges, and our Republican contemporaries laud Hartranft for his promptness and call for the immediate punishment of these two clerks. The facts as

stated by the Patriot are as follows: A few weeks ago J. H. Millsbaugh, city treasurer of Scranton, informed his attorner (Henry M. Hoyt and Henry W. Palmer, esqrs, of Wilkesbarre) that he, as city treasurer, had returned to the state \$5,000 less than the licenses paid into his office aggregated. He also stated that he had been approached by John A. Wagoner some time before, who informed him he could enter into a profitable speculation. Subsequently Wagoner introduced him to Marshal E. Smith and arrangement were made to fix up the city treasurer's return so that the state would be defrauded out of \$5,000, which was to be divided among the three persons. Of this amount \$2,500 went to Millsbaugh, city treasurer of Scranton, informed his attorner (Henry M. Hoyt and Henry W. Palmer, esqrs, of Wilkesbarre) that he, as city treasurer, had returned to the state \$5,000 less than the licenses paid into his office aggregated. He also stated that he had been approached by John A. Wagoner some time before, who informed him he could enter into a profitable speculation. Subsequently Wagoner introduced him to Marshal E. The city treasurer was advised to make public this transaction and refund the money he had illegally taken from the state and on Thursday last a week Mr. Palmer, one of his council, informed the attorney general of the fraud. These clerks saw their principals swindle the State in the Evans matter. They knew that both Hartranft and Mackey were using the people's money for private gain. They believed in "Addition Division and Silence." as well as Kemble, also a Delegate states which that he knows is nu true to Cincinnatti. They knew that Don Cameron, as president of the Northern Central was keeping from the State Treasury, in defiance of law, hundreds of thousands of dolrace to the profession, and deserving lars, where they and Millspaugh were stealling their hundreds.

They knew that rich and powerful cor-

porations were withholding from the State mmense sums, with the knowledge and connivance of their superiors, and determined to imitate them and steal a little on their own account.

A Legislatve Committee a majority of whom were Republicans, appointed by a Republican House, unanimously reported these facts, but neither Hartranft nor Mackey were called to an account, and we now find the former instituting proceedings against one of his clerks for doing on a small scale what he had taught him on tee; but the patriotic Zack Chandler Yes, punish these men, but do not let the
