Humorous.

An editor's excuse for discontinuing the publication of his paper was, that everybody else stopped the paper and he thought he would.

The roses have done blowing for this year, but the noses will take it up where the roses left off, as soon as the first frost came.—*Burlington Hawk Eye.*

A Minister of a Highland church after preaching a tedious sermon on happiness, during which he enumerated the various classes of happy persons, asked one of his elders what he thought of the discourse. "You omitted one large class of the happy," replied the elder, "and that is they who escaped your sermon."

Lavander went home some time after midnight and complained of his tight boots. "If your boots are tight as you are," said Lavander's wife, "they ought to sleep with you." As Lavander staggered up stairs he muttered: "She's a [hic] keen one. She knows where them bootsh goin' to sleep."

A Western girl visited a music store and asked for "The Heart Boiled Down with Grease and Care," and "When I Swallowed Home-made Pies." The clerk at once recognized what she desired.

The young ladies of Sabetha, Kan., are about to introduce a new game called "Kiss me quick and let me go." At rehearsals, says the editor of the *Advance*, the boys do the kissing part all right, but somehow or other fail on the "let me go" business. The girls seem to forget that part, too, for they never prompt the boys.

She had been fishing for trout very long and very patiently without catching any, when her husband espied her, and asked her what sort of flies she used. "Oh," she answered, "some nice ones that I bought in Paris on purpose." "But," exclaimed the husband pulling out her line and looking at the flies, "these flies will never catch trout. Who ever heard of fishing for trout with flies of this color?" "Why," replied the wife, "they are all right—they match my dress, you see."

"YOUNG AUTHOR."—Yes, Agassiz does re commend authors to eat fish, because the phosphorus in it makes brains. So far you are correct. But I cannot help you to a decision about the amount you need to eat—at least not with certainty. If the specimen composition you send is about your fair usual average I should judge that a couple of whales would be all that you want for the present. Not the largest kind, but simply good middling-sized whales.—*Mark Twain, in the Galaxy.*

A man who was not clever at conundrums, in attempting to get off one at a tea party at his own house the other evening, became exceedingly mixed. He intended to ask the old question, "why is a woman like ivy?" the familiar but gallant answer to which is, "Because the more you're ruined the closer she clings." But he put it, "Why is ivy like a woman?" which none of the ladies could tell, and so the unfortunate man told them himself that it was "Because the closer it clings the more you're ruined."

A book agent who started out to canvass for "The Tribulations of the Martyrs," was kicked out of five offices the first day, and nearly scalded to death by an irate woman whom he interrupted in her culinary duties. Consumption Canbe Cured.

SCHENCK'S PULMONIC SYRUP,
SCHENCK'S SEA WEED TONIC,
SCHENCK'S MANDRAKE PILLS.

Are the only medicines that will cure Pulmonary Consumption.

Frequently medicines that will stop a cough will do so on the death of the patient; they lock up the liver, stop the circulation of the blood, hemorrhage follows, and in fact they clog the actions of the very organs that caused the cough.

Liver Complaint and Dyspepsia are the causes of two-thirds of the cases of Consumption. Many persons complain of a pain in the side, constipation, coated tongue, pain in the shoulder blade, feelings of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with acidity and belching up of wind.

These symptoms usually originate from a disordered condition of the stomach or a torpid liver. Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores, and ulcerated, the result of which is death.

Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check a cough suddenly.

Schenck's Sea Weed Tonic dissolves the food, mixes with the gastric juices of the stomach, aids digestion, and creates a ravenous appetite.

When the bowels are costive, skin sallow, or the symptoms otherwise of a bilious tendency, Schenck's Mandrake Pills are required.

Three Points for Consideration.

During the past five years Vegetine has been steadily working itself into public favor, and those who were at first most incredulous in regard to its merits are now its most ardent friends and supporters. There are three essential causes for those having a horror of patent medicines, changing their opinion and lending their influence toward the advancement of Veg tine. 1st, It is an honestly prepared medicine from barks, roots and herbs. 2d. It honestly accomplishes all that is claimed for it, without leaving any bad effects in the system. 3d, it presents honest vouchers in testimonials from honest, well-known citizens, whose signatures are a sufficient guarantee of their earnestness in the matter. Taking into consideration the vast quantity of medicine brought consciously before the public through the daming advertisements in the newspaper columns with no proof of merit or genuine vouchers of what it has done, we should be pardoned for manifest ng a small degree of pride in presenting the following testimonial from Rev. J. S. Dickerson, the popular and ever genial pastor of the South Baptist Church, Boston:

The Tired Body Sues for Sleep.

BOSTON, March 16, 1874.

H. R. STEVENS, Esq:

Dear SIR—It is as much from a sense of duty as of gratitude that I write to say that your Vegetine has been of great help to me when nothing else seemed to avail which I could safely use. Either excessive mental work or unusual care brings upon me a nervous exhaustion that desperately needs sleep but as desperately defies it. Night after night the poor, tired body sues for sleep until the day-dawn is welcomed back, and we begin our work tired out with an almost fruitless chase after rest. Now I have found that a little Vegetine taken just before I retire gives me sweet and immediate sleep and without any of the evil effects of the usual narcotics. I think two things would tend to make brain-workers sleep, 1, a little less work. 2, a little more Vegetine. This prescription has helped me. Yours, &c.,

J. S. DICKERSON.

Valuable Evidence.

The following unsolicited testimonial from Rev. O. T. Walker, D. D., formerly pastor of Bowdoin Square church, and at present settled in Providence, R. I., must be esteemed as reliable evidence. No one should fail to observe that this testimonial is the result of two years' experience with Vegetine in Rev. Mr. Walker's family, who now pronounces it invaluable.

PROVIDENCE, R. I., 164 Transit St.

H. R STEVENS, Esq:

I feel bound to express with my signature the high value I place upon your Vegetine. My family have used it for the last two years. In nervous deolitre it is invaluable, and I recommend it to all who may need an invigorating, renovating tonic.

O. T. WALKER,
Formerly pastor of Bowdoin Sq. Church, Boston.

The Best Evidence.

The following letter from Rev. E. S. Best, pastor of the M. E. Church, Natick, Mass., will be read with interest by many physicians. No person can doubt this testimony, and there is no doubt of the curative powers of Vegetine.

NATICK, MASS., Jan. 1, 1874.

H. R. STEVENS:

Dear sir—we have good reason for regarding your Vegetine a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered from necrosis of the leg, caused by scrofulous affection, and was so far reduced that nearly all who saw him thought his recovery impossible. A council of able physicians could give us but the faintest hope of his ever rallying, two of the number declaring that he was beyond the reach of human remedies, that even amputation could not save him. Just then we commenced giving him Vegetine, and from that time to the present he has been continuously improving. He has lately resumed his studies, thrown away crutches and cane, and walks about cheerfully and strong.

Though there is still some discharge where the limb was lanced, we have the fullest confidence that in a little time he will be perfectly cured

He has taken about three dozen bottles of Vegetine, but lately uses but little, as he declares that he is too well to be taking medicine.

Respectfully yours,
E. S. BEST,
MRS. L. C. F. BEST.

Reliable Evidence.

H. R. STEVENS, Esq:

Dear sir—From personal benefit received by its use as well as from personal knowledge of those whose cures thereby have seemed almost miraculous, I can most heartily and sincerely recommend Vegetine for the complaints which it is claimed to cure.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most effiencious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
