We appeal to you, old men! is there in your recollection, memory of a time so trying, of money so scarce, of work so unprofitable? GOV. TILDEN'S LETTER.

We desire to call the attention of our readers to the letter written by Gov. Tilden to Abram S. Hewitt, Esq. on the subject of "Southern claims," printed on the first page of this issue. This bugaboo of the Republican party is effectually disposed of York. and the last falsehood of the campaign refuted. Nothing can be more clear and may have fancied that these claims might obtain recognition, in spite of the Constitutional prohibition, in event of Mr. Tilden's election can now rest their souls in peace. In company with the rest of the political falsehoods of Mr. Tilden's enemies, this one has melted away and

The bankers, bishops and leading clergymen of Charleston, S C., have united in an a ldress to the people of the United States, denying the statements made by Governor Chamberlain, and asserting that there is no defiance of law and order by the white people. A number of the members of the Philadelphia bar have joined in a protest against the President's South Carolina proclamation. Subsequently sixty Northern merchants resident and doing business in Charleston, met and adopted an address to the people of the United States declaring Governor Chamberlain's proclamation unwarranted by the real condition of South Carolina, and fully endorsing the statement of the clergy and bankers.

The Republicans are terribly afraid the rebel claims will not be paid. These claims are mainly held by Republicaus jobbers who have bought them at a nominal price, and they know they will not be paid if Tilden is elected ! How nervous they are about these

This gentleman, who is an excellent lawyer, but a detestable politician, was a member of the Democratic State Convention at Erie in 1875, and by his efforts in behalf of a soft money plank in the platform probably contributed more than any other man party. He is a monomaniac on the "soft" money question and, like many others, has had declared his intention of supporting Mr. Tilden and he was warmly commended for his determination. The report was a "the slander" that he had "agreed to supsoon trust Hayes with the protection of the ballot as Tilden." A model Democrat, truly,

A PROCLAMATION.

Notwithstanding the present depression of isiness, and the accompanying distress, the people of this country continue to enjoy nanifold blessings, and the more especially in the preservation of their institutions and liberties, through the vicissitudes of a century, and in the steadfast faith that the light of God's favor is only temporarily dimmed by the clouds that darken the country.

Now, therefore, I, John F. A cotemporary accuses us of opposing Ma decisive than the language used by Gov. Collins' election This is untrue. His name is among the list of candidates in the Co-LUMBIAN, and no tickets have been printed at this office which did not contain his name Of course we were not enthusiastic over his alleged nomination, for we considered that the written pledge given by him and his conferees two years ago when Columbia county nominated him, should have been

carried out. It was as follows . WILKES-BARRE, Pa., Oct. 13, 1874. We, the undersigned, agree that F. D Collins shall be a candidate for but on term, and that we will use all honorable means to nominate C. B. Brockway as the next candidate for Congress.

F. D. COLLINS, F. A. BEAMISH, D. P. BARTON, S. W. TRIMMER.

We have refrained from giving the insidhistory of the Conference, because it would have done no good, and might have done some harm. Mr. Waller is not entitled t the support of the Democratic party of this District, nor will be receive any considerab'e number of votes from it.

It is amusing to read the indignant out bursts of the Republican papers, over the alleged discovery of fraudulent tax receipts in Philadelphia, in the hands of Democrats. as an illegal tax receipt had never before been heard of in the Pilgrim city. Why, blanks for years and the assumed indignation called Democrats who had these receipts in his possession is not a Democrat and was denied recognition at the last Democratic THREE TICKETS TO BE VOTED NEXT State Convention. We believe the whole affair to be a Republican trick.

An investigation of accounts for county and city officers with the Commonwealth, reveals the fact that Peter A. B. Widener, Republican city Treas., Phila, is behind in truly for an officer to owe the Commonwealth. It remains now to be seen whether the State will get the amount due. The Republican government of Philadelphis has fixed upon that city a debt of some seventy millions and Mr. Widener has only done his share in running up an individual bill of indebtedness.

BEWARE OF ROORBACKS. It is the invariable custom of our opponent

the election, well knowing that they cannot be exposed in time. It is an old dodge of theirs, and we therefore warn our readers not to heed any of these late slanders. If true, saved the country THIRTY MILLIONS they would have been trotted out long ago, especially as they would have effected Ohio squandered and stoles? If you do, vote for and Indiana.

The farmers as owners of the soil canno escape taxation like the bondholders and bankers. If any one tarm is unprofitable or unproductive, the burden really falls upon the neighboring land. We have a great farm in the Southern country; will the farmers of the North vote to double their own burdens by destroying the interests of the South. The New York Journal of Commerce (independent) says: The assumption that the Democratic party cannot be trusted to keep faith with the Government creditors is a very grave impertinence in the face of historical facts that cannot be controverted. The Cheapest Soap that can be used for the following Reasons:

1st.—One bar will go as far as two of any other,
2d.—Only half the usual rubbing being required,
there is a saving or more than the entire cost of the
Saap in laber alone,
3d.—The Cothes are made SWEET, CLEAN, and
WHITE without BOILING OF SCALDING, thus all
righty to them is avoided. There is a saving in fuel
and hard work, and the washing is done in about
half the usual time.

It is also guaranteed under a penalty of fifty dolires hot to liplure the clothes or hands, and as one
trial will enable any person to ascertain the truth of
these statements, it would never pay the proprietor
to engage in an extensive system of advertising and
claim such decided merit for his soap unless he
knew from positive experience that it would prove
to be in every respect what is claimed for it.

This is also a superior Soap for Shavine and Toll-
