TO SUBSCRIBERS.

We are obliged to make another appeal to our patrons. We have large expenses to meet and although we have large amounts standing on our books it is almost impossible to get enough money to pay running expenses, owing to the tardiness of subscribers and other debtors in meeting their obligations. In order to clean our books up we have appointed collectors in several townships in the county, shall appoint others as fast as possible. Wil-Ham Bryson, Esq., is authorized to receive a nounts due on subscription in Centrolia and, Ashland; John McAnall, Esq., in Berwick; William App'eman in Benton ; L. K. Mowrer, Esq., in Danville ; Samuel Snyder, in Mifflin N. P. Moore, in Madison and Hemlock; W T. Shuman, in Mainville.

This will make it convenient for those who do not often get to town, and we hope that all will cheerfully and promptly pay when requested to do so by our collectors.

We call attention to the advertisement of Rollins & Holmes in another column

Some people are never satisfied. Here the are clamoring for Spring, with good sleighing for the first time in two years.

The striking apparatus of the town clock is on the rampage again and now announces t time just four hours later than the hands indicate.

Credulous persons, who have faith in the weather wisdom of the ground hog, should prepare their note books to.day as the 2d of February is here.

Judge Clifford, who is chosen by the com-promise plan to sit in judgment upon the dis-puted returns for the Presidency, is the identi-cal Clifford who made the decision assaulting cal Collord who made the decision assaching the challing of a rebel court against Gen. adustrial and material interests than any other in the Union. Our Representative, however, ROUTH has been conspicions not only for his neglect o his constituents, but for his votes against their interests. He did not vote on the "Peace Bill" we term the recent compromise on th, Presidential question. If he could not there, he should explain the reason. If I

dodged the question, it was cowardly. Eva-sion is cowardice. Mr. Collins is not yet sworn n as a member of the next Congress !

TOWNSHIP ELECTIONS --- It is now more than er important that the best citizens should be tested to fill the several offices to be voted for at our coming election. Many good men decline to accept a Towhship office because it volves labor without proper compensation nd, as a result, incompetent men become Jus ices of the Peace, Constable, &c. One half o the litigation of the country comes through inompetent officials; and the people should se et for local offices the best and most efficient en, regardless of their politics, and hold them o a strict accountability as to the performance o their duties.

Won't Mr. Postmaster Beckley instruct th

receiving the morning's mail by the 7.38 train. mil the down train at 7.52 arrives? By so oing he compels the people to wait haif an ur for the receipt of the mail at the post office and as much longer for its distribution. There is no particular reason, that we see, why the entire ommunity should be annoyed to suit the conience of a mail carrier. If there is, perhaps Mr. Beckley will be kind enough to state it fo the satisfaction of the people.

The little daughter of A. S. Phillips of Ber wick, six ears of age, went to the railroad sta

on last Tuesony and noticing certain people getting on the down train, stepped on board serself and was carried off. The conductor found that the child knew no one at any o, the tations except at Bloomsburg, and accordingly

kept her in charge until that place was reached. Here, fortunately, a friend saw and recognized her and in a short time the little girl was safe in the house of relatives. Quite an xcursion for a six-year-older.

A correspondent in Danville writes us as fol ws: Wilson M. Gearbart was ruised considerably but Himes, his companon, was cut about the head and hurt badly

Robbery was the object of the scoundrels. Two rough looking stran ers had been hanging out the Court House and were in the office of earhart in the afternoon and saw some money

team across the river, at Catawissa, the icbroke and both horses were drow...ed. The sleigh was also carried under the ice and lost. Mr. Hess narrowly escaped with his life by leaping on the backs of the horses and from thence to the solid ice. The recent warm weather ha ro ted the ice on the river, into the composition

of which snow largely enters, and has rendered very unsafe. Those who reside on the ath side of the river, and who have business which requires them to cross, would be wise if they exercise the greatest watchfulness and care in using the ice for a bridge.

As Judge Rupert was turning the corner at Main and Iron Streets, one day last week, the sleigh upset, throwing out the Judge and ladies of his family who were with him. Beyond a few scratches received by one of the ladies no one was injured. The sleigh box was turned upside down imprisoning the Judge beneath it, bot he held on manfully to the reins and succeeded in stopping the horses, thus preventing a runsway.

Not quite so fortunate was the driver o Moyer Bros,' express team at the same place a few minutes later. The sleigh upset and the horses taking fright ran away. They were

stopped before they had injured themselves or the sleigh. The intersection of Main and Iron street have been for some time a sheet of ice, dangerous alike to teams and their drivers, and it

was this condition of the street that caused the above accidents.
