Wilkes-Barre in the fall of 1867; a Body
Master only has control over the members of
his own division; the rule of the society is
that we shall obey our Body Masters; I was
bound to assist a brother, no mater where I
was and that I did not below to the division.

There will be no little curiosity to ascertion how so valuable a publication can be sent a year for nothing. Full
particulars and New Year's number, beautifully illustrated, will be sent or receipt of
stamp. Address, at once Milten T Rich
was and that I did not below to the division.

Louisiana was reached, two sets of certifitelso-2w was and that I did not belong to his division; in the meetings of the divisions I have heard them talk about beating men, and make their arrangements to have the beating done; at Big Mine Run it was once arranged to beat a man; five of us went to beat him; would be reported to the society; if I beoff to some other place and kill a man, why when I came back and entered a meeting even if I knew all about it, they would not expel me, as I was a good fellow for doing I never was at a meeting of the order with

Hester, McHugh or Tully; everybody about Locust Gap knew that Hester was the Body Master of the division there; Hester told me that he (Hester) was the Body Master; Danahue was made a member by Hester in Donohuz's stable; I never knew of a high crime being agreed upon in one of the meetings of the order; if a man who was one of the members was arrested we could get plenty of witnesses to go and swear him out; was expelled from the order at Mount Laffee; the only reason I knew was that I would n t let some of the members kill a man; when Hester talked with me about the murder of Rea, I told him I did not know about it; I said I would go if the rest of the men would go; he said there was a lot of money in it; Tully was present, and he was a member: if I backed out I was in danger of losing my big nose or something else; Hester told me if I refused to commit the crimes as arranged by the order that I Wilkes Barre, also told me so; the society in Northumberland county was well con good outside; Patrick Loff rey and Barney members who did not conduct themselves properly; they with Tully robbed an office at Boston Run; them members of the order all club together; if the members in one county want some belp, they send to the divisions in the adjoining counties; the different divisions would give money to effect the release of those who were arrested; when Hester was at Bloomsburg before, money was raised to pay the expenses of his trial I gave a dollar myseli; I went around for some time with the man who collected the money for Hester; Hester once called on Dolan at Big Mine Run to send men to Locust Gap and cut Tommy Tobin's ear off, and he did; I was not hired to cut the ear off, and I was in Big Mine Run when it was done; the question of the murder of Rea often held between times.

direct examination. Q. Were the rules of the order in the year 1872 the same as they were in 1868?

Mr. Ryan objected to Kelly's answering

I was often called on by Body Masters of a member of the division at Locust Gap; was Patrick Moran; I used to do the fight ing for some of the Body Masters ; Mr. Ryhouse with some Englishmen; Dolan ordered where they were and beat them according to his orders ; went to Mill Creek once and of the society.

Thomas Donohue ordered us to beat Sam uel McGee, the Chief Burgess of Ashland ; Hester was present at the time; Hester never kicked me out of his house; I knew too much about him and he knew too much about me for him to try it.

Kelly then withdrew from the stand. J. F. Anspach, Michael Gillespie, Mrs. Gillespie and Mrs. Regan were called, but their testimony was of an unimportant character, and after hearing it, the court ad-

WHOOPING COUGH,

Middletown, Pa., April 24,

Messrs. S. W. Fowle & Co.

About seven months since I was severely afficied with whooping cough, and had almost given up the hope of recovery. It was a most violent attack of this destructive and dangerous disease. I had tried every remedy which I had heard recommended, but they all failed entirely until a trial of Dr. Wistar's Balsam of Wild Cherry was commenced, the use of which gave immediate relief. Under similar circumstances, rather than be without Balsam. I would pay fifty dollars for a bottle of it, believing that it is the only certain antidate for the disease. I most cheerfully recommend this invaluable remedy to the public.

We were exposed last week to a pitiless storm that wet our feet and stockings, and indeed our person all over. In fact we took a cracking cold, which brought sore throat and severe symptoms of fever. The good wife amerted her authority, plunged our feet in hot water wrapped us in hot blankets, and sent our faithful son for a bottle of Aver's Cherry Pectoral. It is a splendid medicine-pleasant to take, and did the job. We slept soundly through the night and awoke well the next morning We know we owe our quick recovery to the Pectoral, and shall not besitate to recommend it to all who need such a medicine. - Tehuacane (Texas) Presbyterian.
