

THE COLUMBIAN.

BLOOMSBURG, FRIDAY, FEB. 25, 1917

Rail Road Time Table.

Table with 2 columns: Direction, Time. Rows for Lackawanna & Bloomsburg, and Bloomsburg & Lackawanna.

CATAWISSA RAIL ROAD.

Table with 2 columns: Direction, Time. Rows for Bloomsburg to Catawissa, and Catawissa to Bloomsburg.

Tuesday was election day. And yet the old heads we heard so much about last fall, were not cut off. How is this?

William Buldy Eby, of Duvalville was recently admitted to practice law in the several courts of Columbia county.

A majority of the members of the last Town Council, were re-elected on Tuesday—but the price of beef remains the same.

How about that majority of votes who are in favor of allowing the cows to run at large? They failed to put in an appearance on Tuesday.

A bill has been reported favorably in the Legislature repealing the charter of the organization known as the "Ancient Order of Hibernians."

Potatoes are no scarce and so high in price that they have ceased to be necessities and have become luxuries. Those rascally potato bugs have again taken to the air.

John Hawland, landman candidate for Mayor of Wilkes-Barre, was instantly killed on the 14th inst., by falling 100 feet down the shaft of the Diamond mines near that city.

Too bad! Your cow cannot indulge in the luxury of feasting on your neighbor's cabbage and parading on his sodden lawn, next summer. This is an outrage on the cow.

Quite a fall of snow on Sunday night and Monday morning, but it came too late to do good. The sun's rays have become too warm for snow to remain long upon the ground. Slush is all we can hope for now.

Eight spans, about fourteen hundred feet in length, of the Sunbury and Lewistown railroad bridge, at Selingsgrove were destroyed by fire on Saturday night. Loss \$30,000. The reduction of the flames against the sky was plainly visible in Bloomsburg.

The Bloomsburg COLUMBIAN, with commendable enterprise, publishes a verbatim report of the proceedings in the trial of the Mollie Maguire at that place, charged with the murder of Mr. Rea, some eight years ago—Gazette & Bulletin.

PATENTS AND INVENTIONS—All persons desiring to take out a patent, or who have business of any kind to be transacted at the Patent Office are advised to place it in the hands of E. D. C. This firm is strongly recommended and rank high in their profession. Their fees are very moderate. See their advertisement in another column.

MESSES. O. P. Ent and William Kreamer were re-elected, on Tuesday, Directors of the Poor for Bloom District. This is a just tribute to the energy and efficiency of these gentlemen and a well deserved compliment. The affairs of the District have been well and promptly attended to during their past term of office and the people evidently understood it.

It would be a comfort to the community if the ten cent and twenty five cent paper currency could be withdrawn from circulation and replaced by silver coins of the same denominations. The wretched condition of a large proportion of this small paper currency is argument enough for its abolition. There are plenty of small coins which should be kept in circulation.

A pastoral letter from Bishop O'Hara, exhorting the members of the "Ancient Order of Hibernians," was read in all the Catholic churches of the diocese of Scranton, on Sunday, the 11th inst. The Order has a large membership in that diocese, where for three years past it has been supposed to be rather in favor with the clergy than otherwise, and the Bishop's action has caused a profound sensation.

During the counting of the vote in the joint convention of the Senate and House on Tuesday, the House took a recess until ten o'clock the next day. Beckley says that this "ouch count" should be sufficient to damn any party to eternal infamy. That's right, Beckley, if you hope to get the post office for the next four years you are swinging your hat and dan the Democracy like the rest of the Presidential thieves.

Mr. David Lowenberg was re-elected President of the Town Council on Tuesday. This is a deserved compliment to an efficient officer. Lowenberg on account of his progressive spirit he was elected by a majority of 14. The main objects of the opposition were to secure a majority of the council that would repeal the ordinance forbidding cattle to run at large, and also to put an end to the illumination of the streets by gas. This conspiracy, to turn the public highways into pasture for cattle, and to leave the town in the darkness of the middle ages, was defeated, and the party of progress and civilization triumphed.

The editor of the Wyoming Democrat has either the liveliest possible imagination or the worst kind of a Bloomsburg correspondent. Having paved the way by stating that Patrick Heister, Peter McHugh, Patrick Tully and Manus Cull were arraigned for the murder of Alex. Rea, he goes on to say that "there is a great excitement in the town as an attempt to liberate them is being made." He further remarks that Frank B. Gowen is conducting the case for the prosecution and winds up by asserting that it is feared an attempt will be made to break jail and lynch Manus Cull. Pretty little story—but defective in that, there is no truth in it. Nothing has been heard of a plan to free the prisoners or to lynch Cull, or any of the better known, nor is Mr. Gowen engaged in the trial.

The Town election on Tuesday, resulted in the success of the following candidates: For President of the Town Council, David Lowenberg, who beat his opponent, William Peszek, fourteen votes. For members of Council, Messrs. E. R. Drinker, W. O. Holmes, Peter George, E. F. Fiedler, For Constable, M. C. Candelario and James Thomas. For School Directors, W. R. Jones and Eli Jones. For Justices of Election, East district, Peter Bittany; West district, Stephen Knorr. For Inspectors, East district, N. U. Funk and Charles Thomas; West district, Frank Dentler and a tie between T. J. Barton and J. K. Eitzen, each having received 40 votes. O. P. Ent and Meses Kreamer were re-elected for next four years. A very large vote was cast for the new currency, less than

Cold, piercing winds and driving rains led to bring on a cough, cold or hoarseness in this season, and Dr. Bull's Cough Syrup should be kept in every home. For sale by all druggists.

From a well-known Dunkard Preacher, Hartleton, Union Co. Pa., Dec. 24, 1874.

Messrs. Seth W. Fowle & Sons, Boston. Gentlemen—Having received your valued remittance from the use of Peruvian Syrup for Dyspepsia and General Debility of the system, I can recommend it heartily in all cases as being a very effective and pleasant preparation. It gives almost universal relief. Respectfully yours, Sold by all druggists. ADAM BRAVER.

THE GREATEST IMPROVEMENT OF THE AGE.

—Farmers are invited to call at Huber's Foundry, Danville, Pa., or on the agents and examine the improvement in Plows over the old style of farming the shares with bolts. In the old style the bolts would become loose, the shares would work and as the entire bearing of the share would be on the mould board, the Plow would always be loose, the bolts would rust fast, rendering it quite difficult to screw the bolts up. In the improvement all this is over, come, having a lug on the back part of the share which fits into a slot of the mould board and the last side is covered into the center part of the share. A lock on the land side fitting into the beam, and two bolts through the land side all that is required to make it the most complete and perfect for fastening on the share ever yet discovered. The strength of the share is greater because of its bearing being more divided, the Plow is stronger and the share cannot work loose. Farmers who have seen this Plow into a slot of the mould board have ever known. To be convinced of this, call and judge for yourself.

AGENTS:

D. A. Cressy, Bloom, Geo. Reber, Nesqueh, Layton, Erie, Co. Bloom, Henry W. Hagelbach, Light Street.

Whitmore & Egan, Whitmore's, S. Huber & Sons, Manufacturers, Danville, Pa. Feb. 23, 24

We were exposed last week to a pitiless storm that wet our feet and stockings, and indeed our person all over. In fact we took a cracking cold, which brought sore throat and severe symptoms of fever. The good wife asserted her authority, plunged our feet in hot water wrapped us in hot blankets, and sent our faithful son for a bottle of Ayer's Cherry Pectoral. It is a splendid medicine—pleasant to take, and did the job. We slept soundly through the night and awoke well the next morning. We know we owe our quick recovery to the Pectoral, and shall not hesitate to recommend it to all who need such a medicine.—Tehuana (Tenn.) Freylander. Feb. 1.

One Year Free.

NO ONE SHOULD KEEP HOUSE WITHOUT IT.

The Housekeeper's Companion is an elegant illustrated eight-page monthly, printed on fine tinted paper, and devoted to everything that pertains to the household and its economical management, including scientific and household cooking, home decorations, fancy work, the cultivation of flowers, etc. It teaches economy in living, better methods of cooking, and the use of more wholesome materials. Many ladies have said that since its number was more than the year's subscription price. Will save a hundred times its cost annually. Every one is delighted with its content. It is a most valuable monthly. The publisher announces that the Companion will be sent one year free to every reader of the COLUMBIAN who sends in a copy of the paper, and a large amount of valuable information monthly. The publisher announces that the Companion will be sent one year free to every reader of the COLUMBIAN who sends in a copy of the paper, and a large amount of valuable information monthly.

Very obstinate and troublesome are old sores and ulcers. Yet how easily may they be healed. All that is necessary is to use freely the famous "Glowing" ointment in water as a lotion. Depot, Critten's, No. 7, 6th Avenue, New York.

Hill's Hair and Whisker Dye, black or brown, 50 cents.

The World's Choice.

A Centennial Decision.

Competent judges representing the civilized people of the world appointed for the knowledge of particular art or sciences, convened at Philadelphia for six months to decide upon the comparative merits of the various inventions of the century, awarded to the manufacturer of Benson's Capsule Plaster, after a careful test and comparison of this remarkable remedy with ordinary plasters and other kinds of plasters, the highest and most honorable award in the American competition, on the ground of its great superiority over other plasters, and its wonderful pain relieving strengthening and restorative properties. Remember that this decision was made by four practical and skilled physicians.

Remember that no nostrum was allowed to be exhibited at the Centennial. Remember when you are suffering from any ache or pain that Benson's Capsule Plaster is the best remedy ever devised for all external difficulties.
