

THE COLUMBIAN.

BLOOMSBURG, FRIDAY, MAY 11, 1877.

Table with 2 columns: Train Name and Time. Includes Rail Road Time Table and CATAWISSA RAIL ROAD.

By a law approved March 23d, arbitrators are to receive two dollars per day and five cents per mile for travel, provided that in cases where no distance is made and in cases in which the arbitrator shall be engaged less than five hours, their fee shall remain as heretofore.

In the Fall of 1875 a Sheriff Millard buried some hogs in his garden and they remained undisturbed until last week, when they were dug up and found to be in good condition and fit for cooking. They were eaten and were quite palatable.

The many friends of E. D. Hughes, for many years a conductor on the L. & H. R. R., will be sorry to hear that he has been discharged. He was as popular a man as there was on the road and was a thoroughly efficient officer. No reason for this action on the part of the company has been assigned so far as we have heard.

Some of the new Spring hats worn by the ladies are ridiculous—we grieve to say it, but such is the fact. They are huge, ill shaped and resemble an overgrown bouquet. The truth is, that milliners who invent such monstrosities should be locked up in some quiet place like a lunatic asylum, until the genuine good taste of the ladies exacts a reform.

And now William Barre, undismayed by the separation of Providence from the city of Scranton, desires to incorporate Ashley and Kingston and thereby give a higher rank to the city of the State. Scranton has heretofore stood third on the list but Reading will now take that place.

The Catwissa people are much excited over the Reading railroad trouble and sympathize heartily with the engineers. It is said that the women and children based an engine, the "chick," who had taken the place of a brother-in-law, whilst running his train through town.

BARBERS.—F. Stockman, 25 Bond Street, N. Y., is selling a bankrupt stock of jewelry and other goods at an early sale, as he is about to depart for Europe. His advertisements in our columns, The Boston Globe, N. Y. Day Book, and other first-class papers, recommended him highly, as strictly honorable and goods first class.

The Supreme Court of the United States decided last week, that the paper of a bank which is drawn on and not cashed, is not a part of the bank. Until acceptance there is no privity of contract between the payer and the bank.

A safety envelope to prevent tampering has been devised. On the flap the words "tamper to open" are printed with a double set of chemical lines, the first impression containing nothing and the second green vitriol. If the flap be opened or moistened in any way the magic printing will appear.

In view of the multiplicity of inventions, and the many complications arising under the patent laws, persons desiring to obtain valid patents, the first impression containing nothing and the second green vitriol. If the flap be opened or moistened in any way the magic printing will appear.

The Attorney General has given the State Treasurer an opinion in which he claims there is due the State from counties, under act of 1842 which requires, in case they do not pay an amount of State tax equal to the appropriation made for the common schools annually, enough to make up the deficit. The Attorney General also shows that the indebtedness of the counties to the State for the past three years is about \$1,300,000.

A cow belonging to Eli Robbins, of Fishing Creek township, recently gave birth to a singular monstrosity. On one side of the head the mouth extended to the ear, and on the other side a single eye, the jaw was seven inches long, the lower, three inches. The head somewhat resembled that of a dog. From the hind part the back bone, grew two tails, which were without bone and grew together at the ends. The monstrosity was born alive but was subsequently killed.

Some postmaster has returned to this office the COLUMBIAN addressed to "Thomas Jones," stating no such name and giving no address. This is no notice at all as required by law. If this postmaster does not give the address of Jones we shall send it usual and collect the amount from the postmaster. If he doesn't understand his business, it is time he learned and we will help his education.

The first days of "a murrise month of May" were not remarkably humorous, on the contrary the temperature was very like that of the February just passed. There was a general and lively demand for heavy overcoats and those whose parlor stoves had been removed for the season sat in the kitchen at night and ejaculated dolefully at intervals "Goodness gracious, what weather!" And they were right!

The Hazleton Sentinel says a tramp recently stopped at the house of Philip Harris, in Catwissa, and was given something to eat. Noticing that John Harris, aged 18, was blind in one eye, he said he could cure him. He told the afflicted man to take a sour apple, cut it in two, and rub the cut edges on the eye. The young man did as he was told and regained sight. He had not been able to see out of the eye for seven years.

An act was passed April last session of the State Legislature, has been signed by the Governor and became a law, requiring Justices of the Peace and Aldermen to render judgment within ten days after all evidence shall have been heard. Heretofore the law required judgment to be rendered in twenty days, and this change is one that should be remembered by all having suits pending, or who expect to have business of this kind to attend to.

Dr. Richardson, of England, who is now recognized as a high authority on matters of domestic hygiene, says that 62° Fahrenheit is the proper degree of temperature for health, and that not possibly be too careful on this point. If their labor be prolonged or severe the temperature may be allowed to run up to 65°, or 70°. The same rule applies to all sedentary persons and children studying. Our rooms here are apt to be at least ten degrees too high for healthy persons.

Bloomsburg is a musical town and has on all occasions evinced its warm appreciation of expense, printing dispatches from England "to the noble to the Evening Chronicle." Extravagant but commendable.

We hereby give notice that we have a local and a-tant editor, a foreman, and a full force of journeymen and apprentices. We have received so many applications this spring that we cannot insert this notice for all. No communications will be answered unless stamped and addressed to the publishers.

H. H. Conklin and J. O. Parker Esqs. of Williamsport were in town on Wednesday last Judge Howell to hold court in that city, on Saturday, to hear an important suit relative to bonds in which the city is interested. The Judge adjourned to his report.

White, smooth and soft any lady's hands or neck may become, who uses Gileon's Sulphur Soap. Pommes or other configurations of a complexional nature, are surely obliterated by this beautiful promoter of beauty. Depot, Gileon's No. 7 Sixth Avenue, New York. H. H. Hair & Whisker Dye, black or brown, 50c.

There will be a meeting of the Joint Committee of the Legislature on the Fish Department, at Harrisburg, on Tuesday May 8th. Hon. E. J. McHenry, of this county, is one of the Committee. After the closing of an engine and clock, the Committee will inspect the fish ways at Columbia Dam. There seems to be no doubt that, if proper steps were taken, had come up the river, as they have made their way through a break and been caught above the Dam. We hope the Committee will do something to ensure the passage of these fish up the river.

The truth of the matter is, that unless the Town clock be so regulated as to indicate enough like the correct time, it has better be stopped. Divers persons who have placed dependence on it have been lost at the railway station going disconcertedly after departing trains, and the community is rapidly degenerating into a mingled condition of bewilderment and profanity painful to contemplate. The Court House clock a week, a day or two ago, and told solemnly all day, no one stopped. Divers persons who have placed dependence on it have been lost at the railway station going disconcertedly after departing trains, and the community is rapidly degenerating into a mingled condition of bewilderment and profanity painful to contemplate.

The Colonial Bronze Statue of Victory which stands in the Park at Lowell, in Vermont, is the first soldier that fell in the revolution, is a lasting and beautiful tribute of art. It is one of the first objects, sought by strangers visiting our sister city, which need a more vivid purpose to see this elegant object of high art. It was obtained from the King of Bavaria by Dr. J. C. Ayer, to whom his majesty was especially indebted in acknowledging his services as he is reported to have done for the suffering sick. It was donated by the Doctor to the City of Lowell as a permanent and speaking emblem of the virtues both of Science and Arms.—Hesperian (Me.) Press.

On Sunday morning last a number of Sir Knights belonging to Crusade Commandery of this place took a special train to the D. H. & W. R. R. at Catwissa for Sunbury to attend the funeral of John Caldwell, late a member of Calvary Commandery (D. H. H.). At Riverside a large number of Sir Knights, headed by Stedman Bond entered the train. The funeral was held at 2 o'clock P. M. and the procession was one of the largest we have ever seen. The Knights Temples took the lead, followed by the Blue Lodge Masons, freemasons and citizens. The streets were literally crowded with people.

At the grave the solemn and beautiful funeral ceremony was performed, aided by a choir of voices. We regret to state that the return from the cemetery a small boy was run over, and seriously, if not fatally injured, by a reckless driver.

At about half past seven o'clock on Saturday night a wind that broke the stillness of the air, at the corner of Second and Center Streets. A crowd speedily gathered and it was ascertained that George Briggs had been shot by James Green. Both are colored men and both were intoxicated. The cause of the trouble is not known. Just before the shot was fired Briggs struck at Green who instantly drew a pistol from his pocket and discharged it full at the breast of Briggs. The ball struck the breast bone and glanced around the ribs. Probing failed to disclose where it lodged. Briggs was taken to Moyer Bros' Drug Store, where he received prompt medical attendance and Green was locked up. The wounded man is doing well and his injuries though severe are not likely to prove fatal.

This is another of the many strong arguments against the pernicious habit of carrying deadly weapons. The law on the subject should be rigidly enforced.

How TO BURN COAL.—A very common mistake is to burn coal in a furnace and not to replenish coal fire both in furnaces and grates. They should be filled with a little coal at a time, and often; but servants, with little time and trouble, put on a great deal on the first, being that almost all the heat is absorbed by the newly-piled coal, which does not give out heat until it has become red hot. Hence for a while the room is cold, but when this coals are fully ignited the heat is insufferable. The time to replenish a coal fire is as soon as the coals begin to show ash on their surface, then put on merely enough to show a layer of black coal covering the red. This will soon kindle, and as there is not much of it, an excess of heat will not be given out. Many also put out the fire by stirring the grate so as to fresh coal in position, thus leaving a hole in the grate, and the time to stir the fire is just when the new coal laid in is pretty well kindled. This method of managing a coal fire is troublesome, but it saves fuel, gives a uniform heat and prevents the discomforts of alternation of heat and cold above referred to.

The Public Schools except Room Number One of the Third Street school, closed on last Monday afternoon. Prof. Schooner and wife, who have charge of Room Number One, Third Street, were obliged to leave one week during the term, and the school will not close until Monday. At the Fifth Street school the exercises were very interesting, and a large number of visitors were in attendance. In Room Number One, under Prof. Willard and Miss M. Edgar, speeches, dialogues, songs, and gymnastics were the order of the day. When the performance was at all half completed three came a part that was not on the bill. Prof. Willard was requested to appear on the stage, when he was met by Master Paesack, who in the name of the students presented him with an elegant family Bible. The professor was taken completely by surprise, and occupied several moments in attempting to check his emotions. When he had sufficiently recovered the power of speech, he delivered a few remarks, thanking the pupils for their love and respect. Miss Edgar was then subjected to the same ordeal, her present being a beautiful pearl card case. Then the performance went on. A part of the programme was the presentation of a Dictionary to the student who had made the most progress in drawing during the term. A committee consisting of A. C. Smith, J. C. Brown, and Geo. E. Elwell reported unanimously in favor of Number one, who proved to be Miss Lulu Potter. The dictionary, given by Charles E. Scott of Williamsport, was presented by Mr. Brown in an appropriate speech. In the other rooms of this school, and the Third Street school, the exercises were creditable to both teachers and pupils, but space will not permit us to go into details.

We have just cause to be proud of our public schools. They were never in better condition than they have been during the past winter. We have but one suggestion to make, and that is, that hereafter at the closing exercises the Opera House be used, instead of the school rooms which are entirely too small for such a large assembly. It is to be hoped that the school district, and afford much greater satisfaction to teachers, scholars and visitors.

Our stock of Dress Goods is complete, comprising Cashmeres and other black goods, with a great variety of plain and ornate styles and shades. Call and see. Will not be undersold. Clark & Wolf.

Window Shades cheap at Clark's Book Store.

Rubber Coats, Rubber Pants, Rubber Caps, Cheap and New at Bloomsburg's.

CONSERVATION OF A CHURCH. St. Gabriel's Protestant Episcopal Church in Sugar Loaf Township was consecrated on Tuesday May 1st, by M. A. DeWolfe Howe, D. D. Bishop of Central Pennsylvania, assisted by the following clergymen: Revs. T. F. Caskey of Willamstown, J. Peck, Danville, L. Zahner, Bloomsburg, J. Hewitt, Hazleton, and J. McA. Harding, the minister in charge. A large congregation witnessed the impressive ceremony, about five persons from Bloomsburg being in attendance. It is needless to enter into a history of the struggles of this church for an existence, or to describe the building, both of which have been recently given in the COLUMBIAN. Suffice it to say that through the earnest efforts of the members of the Parish and the Pastor, the work has been most satisfactorily completed.

The services began at half past ten with the consecration ceremony, then followed Morning Prayer, the Pastor and Lessons being read by Rev. L. Zahner, the prayers by Rev. J. Peck, Epistle and Gospel by Rev. J. Hewitt, and the sermon by Rev. T. F. Caskey. The sermon was an excellent discourse appropriate for the occasion. The music was furnished by special request of the vestry, by Misses Freese, Brower, and Elwell, and Messrs. Hunt and Townsend, accompanied by Geo. E. Elwell, organist. It is unnecessary to speak of the quality of the singing. Several years since ladies and gentlemen, when members of St. Paul's choir, Bloomsburg, enjoyed the reputation of being one of the best choirs in the diocese, and their singing on Tuesday was fully up to the old standard, eliciting complimentary remarks from the Bi-shop and clergy, and many of the congregation. After service the clergymen retired to the residence of John Swartwout Esq. where they were handsomely entertained, and the choir were in charge by Dr. J. P. Maguire, Rev. J. Peck, and at whose house a beautiful and delicious dinner was served, to which all present did full justice. In the evening the Bishop performed the rite of confirmation when several persons were taken into the church. One of the most interesting incidents of the day was the presence of Joshua Brink Sr. who was a member of the vestry of old St. Gabriel's in 1812, and who though very aged and feeble is again on the vestry of the church, which has his reminiscences reported to have done for the suffering sick. It was donated by the Doctor to the City of Lowell as a permanent and speaking emblem of the virtues both of Science and Arms.—Hesperian (Me.) Press.

MURDER WILL OUT. A few years ago "Angus Finner" was discovered by a certain cure for Dyspepsia and Liver complaint, a few thin dyspepsia medicines known to their friends how easily and quickly they had been cured by its use. The great remedy of Angus Finner became known by a trial through the country by one sufferer to another, until, without advertising, its sale has become immense. Druggists in EVERY TOWN and village are selling it. No person suffering with sour stomach, sick headache, costiveness, palpitation of the heart, indigestion, low spirits, etc., can take Angus Finner without relief. Go to Moyer Bros., and get a bottle for 75 cents and try it. Sample bottles 10c. April 20, '77.

McKelvey's Store, at our office, or sent through the mails will receive prompt attention. Your patronage is respectfully solicited. C. W. NEAL & BRO. May 1, 1877.

The World's Choice. A Centennial Selection. Competent judges representing the civilized people of the world appointed for the purpose of particular art or science, convened at Philadelphia six months to decide upon the comparative merits of the various inventions of mankind, awarded to the manufacturers of Benjamin's Patent Plaster, after a careful test and comparison on its remarkable strength and utility, and the highest and only medal, both foreign and American, ever conferred upon it. Its superiority over other plasters, and its wonderful power in relieving rheumatism and curing all kinds of sprains, dislocations, and other injuries, was made by four practical and skilled physicians.

Remember that no nostrum was allowed to be exhibited at the Centennial. Remember when you are suffering from any ache or pain that Benjamin's Patent Plaster is the best remedy ever devised for all external diseases. SEABURY & JOHNSON, PHARMACEUTICAL CHEMISTS, N. Y. May 10, 1877.

BENSON'S CAPTIVE PORCELAIN PLASTER. A great improvement on ordinary paper's plasters. RELIEVES PAIN AT ONCE. THE BEST. Strengthening Plaster Known. CURES QUICKLY. Rheum, Sprains, Lacerations, Burns, Scalds, Lumbago, Neuralgia, Headache, Stiffness of Joints, and other ailments, all cured and of a permanent nature. Wholesale and Retail Dealers in every city. May 10, 1877. SEABURY & JOHNSON, PHARMACEUTICAL CHEMISTS, N. Y.

REGISTER'S NOTICE. Notice is hereby given that the following names have been filed in the office of the Register of Deeds for the County of Columbia, Pennsylvania, for the purpose of recording the same: 1. First and final account of Oliver Watts, Administrator of Robert Watts, late of Centre Township, deceased. 2. First and final account of Conrad Kramer, Administrator of Morris Puffer, late of Madison Township, deceased. 3. First and final account of Joseph P. Conner and second and final account of William H.
