TO OUR DESTORS.

It is not at all pleasant to be constantly cal ling on those who owe us, to pay up, but it is an absolute necessity. You have received notics after notice to which you have paid no attention whatever, and it therefore becomes our duty to inform you that on the 1st of October many of you will owe us for two years subscription, at our advertised rates \$2.50 a year when not paid during the year, or \$5.00. To all those who pay up before October 1st we will make a deection of the extra half hollar, making it \$2.00 a year, but all that are not paid by that time will be charged in full \$2.50 a year. You can save a dollar by paying now. To all those who are in debt to us for advertising and job work we my your bills must be settled. Many of you have waited six months and some a full year without paying a cent, and we can wait no longer. After October 1st interest will be charged on all accounts over ninety days old,in full after that time. There are a number of accounts that will be placed in a justice's hands for collection if not settled at once,

Our reason for this is that we have a large pay ment to make on the COLUMBIAN office on the 1st of October and must therefore collect some of the thousands of dollars standing on our books. If we do not meet our obligations when they come due, we will be put to costs and trouble, and this we are not willing to do, when we have on our books several times the amoun needed to pay all our debts. TWO THOUSAND DOLLARS

must be raised by the time mentioned, and it this appeal does not bring it, we must try some thing else for WE MUST HAVE MONEY.

So last night when he and his friend got out of th cars at Fourth street, he acted as guide for his iend to show him the way "over to town, ot supposing for a moment that there was more than one depot here, so picking up their atchels they walked down the plank walk to inued their course to Dock street, and thence that delightfully dusty road until they got posite South Easton, when the guide came to the moon which had then risen, made a survey. There, directly opposite, was a town, of urse, it must be Easton, but where was the bridge? It couldn't be found, and neither of them recollected having read of a freshet carrying away the structure. After cogitating som time they concluded to retrace their steps, and they did so, walking all the way back to the depot to make a fresh start. Elegant Hair is woman's crowning beauty when it fades, she fades as well. While it is kept when it fades, she fade as well. While it is kept bright her personal attractions are still maintained. By preserving the hair feesh and vigorous a youthful appearance is continued through many years. Those who grieve over their fading hair turning gray too early should know that Ayer's Hair Vigor prevents it, and restores gray or fided hair to its natural color. It is a clear and healthful preparation, containing neither oil, dye, nor anything deleterious, and imparts to the scalp what is most needed—a scase of pleasant and delightful freedom from scurf or dandruff.—New Berne (N. C.) Times.
