## TO CLUB AGENTS.

We want a good active agent in every neighborhood in the county to secure new subscribers for the COLUMBIAN for 1878. Name as so competent to do this work as the present readers, who know what the paper is, and can recommend it to others. Any one willing to undertake this work can get all the necessary information by calling at this office. For each call payments by new subscribers secured by agents, we will allow a cash percentage, which is better than a premium picture or a cheap sewing machine.

## POSITIVELY.

All subscriptions on which nothing has been paid since Oct. 1st 1877, will be stopped on the 1st of January, and the bills collected by law, at our advertised rate, viz \$2.00 a year, when not paid during the year. Parties owing for more than two years will have an opportunity to settle at \$2.00 a year, up to that time.

## NOTES.

Held by us for subscription are all over due, and unless paid by January 1st, they will be sold, and costs must be paid by the parties. We have already paid a collector's commission on these notes, and can stand no further loss of time and money. They must be paid. Parties will please remember that the notes have expiration and day of execution. If we make errors do not get angry. You have had ample notice.

## Court in Danville this week.

Christmas next Tuesday.

Turkeys that survived Thanksgiving Day, are wondering if their end approacheth.

We are informed that only one of the five colts at Centralia is in operation.

G. A. Clark has a splendid lot of Holiday goods on hand.

Be particular never to submit indoor plants to a draught from doors or windows.

We have had but one case of diphtheria in this place this season, which proved fatal.

Reverend Independent.

The *Evening Union* says that Harry Taux the walker, has joined the regulars. He ought to be good on a march.

Mr. B. Frank Healey formerly of this place died on Tuesday evening last after a long and painful illness, aged about 40 years.—*Evening Independent.*

A merchant down town sells more of Dr. Bull's Cough Syrup than all other medicines together. It surely must be the best remedy for a cough.

Josh Billings says: "There is no man who needs so much watching as the one who is always watching some one else. This is a truth that will apply to a good many busy bodies in this town."

A prominent speaker had an engagement to lecture in one of our large cities recently, but caught a severe cold while traveling, yet by the timely use of Dr. Hux's Expecto-rant, of which he was secretary, was concluded on Friday, the jury rendering a verdict of guilty.

Another lot of bills are sent this week enclosed in the papers. We send them as a matter of form, but because the money is due and we need them. Those who receive bills will please settle them at once.

A slight fire occurred in Scott Town Wednesday night. A building belonging to John S. Meyer was found to be on fire in two places. It was extinguished without much damage. An incendiary probably had something to do with it.

The trial of Bernard D. Koons, a former member of the legislature, on the charge of embezzlement, in that he diverted the money of an Old Fellow's lodge at Shickspine, of which he was secretary, was concluded on Friday, the jury rendering a verdict of guilty.

Sportmen should remember that it is unlawful to kill or capture rabbits and partridges prior to the 15th of this month. The open season has been favorable to their increase, and if preserved there will be an abundance of game next season. Our Game Association will see that the law is enforced.

An editor is described as a man who is liable to errors of grammar, orthography, typographical errors, and lapses of memory, and has twenty-five thousand people watching to catch him tripping—a man of sorrow and acquainted with grief, poorly paid, poorly estimated, and yet envied by some of the great men he has made.

Baltimore papers tell of "A Bird that caused a divorce." It was a duck of a household—probably a New York *Canoe*! A goose—a husband—more likely—*Narrative Herald*. A swallow—a wife—perhaps—*Wholesale Press*. A hawk—a lover—or a raven—old mother-in-law—maybe—*Baltimore Whisker*. Perhaps there is a little *fly*—along the cause, or a case of poison.

We had intended to have no paper next week. Since the COLUMBIAN has been under its present management we have asked for no holiday, and feeling that we were entitled to a little relaxation, the above conclusion was reached. But so many legal advertisements have since come in that it has become necessary to issue a paper to accommodate them. We shall therefore publish a half sheet on the 22nd.

## THE LAW OF ESTATES.

Many people are unfamiliar with the law in regard to estates, and for the benefit of such we give the following information:

The first day of any taking up an estate is to place a description of it on the books of the township clerk, and to advertise the same in a newspaper within ten days thereafter. A failure to do this will cause the person liable for damages, it is a foolish as well as a dangerous thing to take up property of this kind and hold it, awaiting an offer of a large reward.

The first term of the Normal School under its new management has just closed. It has been one of the most satisfactory sessions the school has ever had. The Principal, Rev. D. J. Waller, Jr., has shown himself a thorough disciplinarian, and the professors and teachers have all worked in harmony for the interests of the institution. Yesterday afternoon the closing exercises of the school took place under the direction of Miss Cole. Toward a literary and musical entertainment will be given in Normal Hall by the entire school. Admission 15 cents, children under twelve 10 cents. There is now no better institution of the kind in the State, and the only thing needed is a more liberal patronage. The next term begins on Monday, January 20, 1878.

## Books not on hand ordered on Saturday will be telegraphed for, and received in time for Christmas at G. A. Clark's.

No one can develop the grace of meekness by listening to a crying baby. Stop its fretting by giving the baby Dr. Bull's Baby Syrup. Price 25 cents.

Our thanks are due the Speaker Randall for a copy of the Attorney General's Report for 1876. Notwithstanding his onerous duties he finds time to send documents to constituents which are neglected because of the over-work of our own members.

Too many pistols, duels, billys, slingshots and brass knuckles are carried by young men and boys of the present day for their own safety or that of the community. A little enforcement of the law prohibiting the carrying of concealed deadly weapons would effectively break up the practice.

The County Commissioners will be at their office, on Monday, December 31st, to close up accounts for the year. All persons having bills or claims against the county will please present them to the clerk by the 1st of January. Collectors still in arrears included in the above.

Ans.—Wm. Krickbaum, Clerk.

December 15, 1877.

## SANS FORMALITY.—Last Monday evening

Justice of the Peace Broadway of Beach Haven held his way to this place was stopped at the house of—Sampson, where he was required to perform the marriage ceremony between Ellen K. Taylor, daughter of Mr. Sampson, and Carpenter Blackwell, both of Salem. Another couple are thus made happy, and a feature of the affair was the absence of all form and the matter of fact way taken to get married.—*Independent.*

Last Sunday was not by any means a December day. The sun shone warm and bright, and the streets were quite thronged with promenaders, brought out by its genial rays. One would suspect from the temperature that the approaching holiday was Fourth of July instead of Christmas. The weather for several days of last week was not at all suggestive of the season. There has been but one fall of snow, and the boys are still running in the canal. It has this far been a remarkable season.

Sub CONTRACT.—Malam rumor has it that our hospitable host of the Replier House, Mr. Charles F. King, has secured for himself a sub-contract under the Messrs. Collins in Brazil. Mr. King is an experienced railroad contractor. He has been always successful and his success has been materially beneficial to himself and the companies which employed him.—*Adjoining Advertiser.*

Charlie always was lucky in getting contracts and things.

We would call the attention of those interested to the following Act of Assembly, passed in 1876.

That number of judges of the order of Odd Fellows, Knights of Pythias and other organizations having periodical or funeral benefits, shall not be individually liable for the payment of periodical or funeral benefits or other liabilities of the lodge or other organization, but the same shall be payable only out of the treasury of such lodge or organization.

The provisions of this act shall only apply to unincorporated associations. And provided, That this act shall not apply to any liabilities heretofore incurred.

THE TRAMP.—This individual is now engaging the attention of the Courts, Legislature and the Country.

Judge McCallister, of the Court of Appeals of Illinois, has decided that the summary conviction of a tramp, by a justice of the peace, under the vagrant laws of that State, is unconstitutional and declare that the vagrant act in its mode of conviction is at variance with the bill of rights. The legal definition of a tramp is attended with difficulties, and just now these difficulties are enhanced by the large number of men who honestly seek employment by going from place to place.

E. K. Krickbaum, administrator of Margaret Koons deceased will sell real estate in Benton township on Sunday January 12th 1878 at ten o'clock a. m.

Also real estate of Elisha Shultz deceased, in Benton township on Wednesday January 16th 1878 at ten o'clock a. m.

See advertisements in another column.

At the annual election held last week by the Y. M. C. A., of Bloomsburg, the following persons were elected to serve as officers for the ensuing year.

President, Harvey E. Smith.  
Vice President, Henry Kestey.  
Treasurer, Jacob Reiser.  
Librarian, J. H. Verrey.

Board of managers, Horace Hartman, Presbyter, Henry Kestey, Lutheran, Lloyd White, Methodist, A. E. Phillips, Baptist, and Frank Kneer, Reformed.

Rev. J. G. Herr of New York, who will lecture before the Teachers Institute on Thursday, is highly spoken of as a speaker. The Bedford Teachers' Convention.

Rev. J. D. Herr of New York, held the Teachers' Convention held last week over one hour, by a lecture on "The Double Track." This lecture was the crowning feature of the Convention.

Robert Curry, Deputy State Superintendent of Common Schools, was here.

Having heard Rev. J. D. Herr deliver two popular lectures during the last winter, I take pleasure in saying testimony to his great ability and success as a public speaker.

TAKING CARE OF THE TEETH.—Parents should be impressed with the importance of teaching children to take care of their teeth. They are equally neglectful who are either ignorant or careless on this matter. With care teeth will last a lifetime. Children do not lose all their first teeth. They only lose ten on the lower jaw and ten on the upper. At about six years of age four handsome double teeth appear, two on the back end of each jaw. These are not changed. Further on in the teens four more equally beautiful molars appear, called the wisdom teeth. The distress and irritation of the whole system, caused by the cutting of these four teeth, leads thoughtful people to have a good deal of sympathy for the poor, crying babies who are going through the teeth-cutting process.

The State Normal School of the Sixth District will begin its winter session on January 20, 1878. This district is composed of the counties of Dauphin, Perry, Juniata, Millin, Snyder, Union, Northumberland, Montour and Columbia. This school is located at Bloomsburg, a beautiful and healthy location. The session which is about to close has been one of the most successful in the history of the institution. The school certainly commends itself to the patronage of the district under its present management. Rev. D. J. Waller, Jr., the principal, is a fine scholar and an accomplished gentleman, and he is aided by a corps of teachers who enjoy a State reputation. We earnestly commend the Bloomsburg State Normal School of the Sixth District to our readers as a first class literary institution and worthy of the patronage of our citizens.—*Lebensburg Journal.*

## BUCKHORN, Dec. 17, 1877.

### EDITORS COLUMBIAN.

An entertainment will be held in the M. E. Church on Monday evening December 24th, 1877, in connection with the "Christmas Tree." Entertainment to consist of Vocal and Instrumental Music, Declarations, and Address by M. C. Brittain.

Proceeds for the benefit of the Sunday School. A full house is solicited. Admission 5 and 10 cents.

### COMMITTEE.

There were four newspapers published in this town at one time and all seemed to enjoy a liberal share of patronage. We have a copy of the "American American," published by David E. Owen, the founder of the place, in 1823, showing at that early day how the citizens appreciated advertising. Two thirds of the paper is filled with advertisements and the charges were then nearly fifty per cent more than the present rates, yet the patronage given to the only paper published in the place was after all the income in circulation and hence, it is evident that at that given to papers published upwards of fifty years ago.—*Independent.*

### THE ANNUAL SESSION OF THE COLUMBIA COUNTY TEACHERS' INSTITUTE.

The annual session of the Columbia county Teachers' Institute will be held in the Normal School Building at this place commencing Wednesday 26th, inst., and closing on Saturday.

Every teacher in the county is surely expected to be present.

Directors and friends of education are cordially invited to attend.

Rev. G. D. Garley of this place will lecture on Wednesday evening.

Rev. J. D. Herr, L. D. of New York, on Thursday.

H. D. H. Deputy State Superintendent on Friday evening.

Admission of 25 cents will be charged on Thursday evening.

Mr. Herr comes very highly recommended.

A general raid by a gang of burglars was made last Wednesday night. The residence of Peter Baily, Jr., was entered, the lace curtains were taken, Mr. Baily awoke, and the thieves left in a hurry before they could gather up more goods. Mr. T. O. Van Alen woke up one of the burglars leaving his bed room with his pants; but the thief escaped.

The pants were found on the Academy grounds, but \$20 had been taken from the pockets. The store of Mrs. Jones, on Mill street, was entered the same night and robbed of some \$60 worth of goods. Mr. M. C. Grier's residence was also entered, but the thieves were scared and left in a hurry before they had secured any goods.

Mr. F. Lammers little candy shop was also burglarized the same night. These bold villains will have but a short career, and the next morning will be standing before the court for sentence.—*Danville Record.*

FLOUR.—Can you tell good flour from bad? If you speak with millers and dealers in the article you will find few who will assert their ability to always tell the one from the other. Some time ago a dealer shipped a car load of flour to the coal regions. After it was there, the discovery was made that a number of sacks of poor flour had by mistake been mixed with the sacks of good. The dealer to the miller known to be a good judge of the article: "I will give you \$50 and pay your expenses if you will go down and select the sacks of good flour from the bad." But the miller answered that he could not do it, nor could any other man. Millers and dealers have several ways of "trying" flour, but they are never sure that it is good, until they see it in bread. Among others, a dealer will say he tells good flour by throwing a little against a smooth perpendicular place. If it adheres there it is good; if not, bad. Another takes a portion in his hand. If it makes a good, smooth impression, it is good. Another will toss it within 60 feet of paper, and if it is smooth it will pronounce it good. And yet it is a favorable sign. But they will all say, that there are many cases where these tests hold good and yet the flour will not bake well. The dealers have their theories, too, in regard to wheat; but often the prettiest flour will not make a good loaf of bread. There is a great room for study for the miller and the dealer; so that when we complain of poor bread we should remember that the dealer or may himself have been deceived. A grain plot also is in knowing how to bake it.—*Lebensburg Journal.*

A thing of beauty is a joy forever, and it is forever joyful the way Dr. Cox's Wild Cherry and Seneca settles the coughs, croup and croup among children. Price 25 and 50 cents.

### Priceless Discovery.

A Sure Cure for Piles. A sure cure for the most distressing and painful disease, hemorrhoids, called Dr. Williams' Indian Remedy. It is a simple, safe, and effective remedy, and has cured thousands of cases. It is sold by all druggists and dealers in medicine.

On motion of Geo. E. Ellwail, A. N. Brice was admitted to practice in the several Courts of the county.

S. Hill et al. against Penna. Canal Co. Jury called. Verdict for plaintiff for \$27.50.

Sarah Faux et al. against S. P. Fox et al. Jury called. Judgment by consent for plaintiff for \$250.00.

Bloomsburg Lumber Co. against M. M. Appelman. Jury called, and verdict for plaintiff for \$120.25.

Peter Wilson's administrator against J. A. Lowe. Jury called, and verdict for plaintiff for \$202.14.

Bloomsburg Lumber Co. against C. W. Stern. Jury called, and verdict for plaintiff for \$296.21.

Court ordered an adjourned Court for Argument List, &c, for January 4, 1878, at 10 o'clock a. m.

Now, December 15, 1877, in compliance with the unanimous request of the members of the bar by writing filed, it is ordered that the first week of each term of the Courts of Oyer and Terminer, Quarter Sessions of the Peace, and Orphans Court, be given to the argument list and to petitions, motions and general business in the several courts. No venire to be issued in the Common Pleas for jurors in that court for the first week of the term.

It is further ordered as a rule of the Court that when an adjourned court shall be held for the trial of civil cases to come upon the list shall be continued, except it be by leave of Court or upon cause shown. Any case otherwise continued shall not be again placed upon the list without leave of the Court.

Ordered that the adjourned court ordered for the second Monday of March shall continue two weeks, and that a venire for 30 jurors be issued for the week beginning the 31st Monday of that month.

The civil list left over from February Term as well as cause put at issue at that term, shall be equally divided and set down for trial at the adjourned court in March, and that cause left over at the adjourned court shall be set down as the list for May term.

By the Court.  
Commonwealth against Elias Young. Recognizance of defendant and Geo. P. Young, defendant in open court to be replied on appearance of defendant at next session.  
Court adjourned until 9 o'clock a. m. on January 4, 1878.

## NORMAL SCHOOL. ENTERTAINMENT.

The full term will close on Friday of this week, with a Literary and Musical Entertainment in Normal Hall. Exercises will commence at half past seven p. m. Admission 15 cents, children under twelve 10 cents.

The next term will open on Wednesday January 24, 1878.

## A GENTLE HINT.

In our style of climate, with its sudden changes of temperature, rain, wind and sun often intermingled in a single day, it is to be wondered that our children, friends and relatives are so frequently taken from us by neglected colds, half the doctors residing directly from this cause. A bottle of Dr. Hux's German Syrup kept about your home for immediate use will prevent serious illness, a large doctor's bill and perhaps death, by the use of three or four doses. For curing Croup, Whooping Cough, Hoarseness, Sore Throat or Lung, its success is simply wonderful, for your druggist will tell you. German Syrup is sold in every town and village on this continent. Sample bottles for trial, 10c; regular size, 75c.
