We have in our sapetum a lump of coal tais now going on. If it should be discovered in paying quantities it will create a new industry or that portion of the county. The specimen shown us has a dall appearance, and looks more like slate than coal, but as we do not know a great deal about coal except the price per ton, we cannot say but that this is just the cind of a lump that indicates a large deposit. A thorough investigation should be held, and if it proves that this valuable mineral exists in Madison township it will be of great benefit to the whole county.

The Lycoming county Democratic senstorial onferees are convinced that for tenacity, general bull-headedness of purpo e, and ' pure cusagers are the worst they ever encountered When the conferees of this county went over there hoping to win by fairness, honesty and purity of purpose, they soon discovered that the old Fishingereekers were not inclined to be actuated by any such motives, and uniting with little Sullivan, they soon taught our guileles pilgrims that they could take the eight spot with the seven every time. Governor Reigh ard was dumbfounded. District Attorney Hart looked as solemn as if he had just returned from the funeral of a dear friend, and Colone Rankin acted as if he would rather be selling coal than mingling with such bold politica baccaneers. Finding that the Columbians were not only defiant, but resolved not to yield, the Lycoming delegation, after skirmishing two days, gracefully retired, and uniting with Mor tour elected Mr. Hart senatorial delegate. Co-lumbia and Sullivan checkmated them by choosing Mr. Lowenberg, and now in all proba bility we shall see a double-barreled delegation from this district moving on Pittsburg, unless Colonel Tate succeeds, with his little "cider cordial" bottle, in restoring peace and harm-

ken from the Witts farm near Jerseytown. It is said that a deposit has been discovered which gradually widens ending in a vein four or five ing and Montour conferees openly and boldly secoded from the conference, set up a little con federacy of their own, and declared Mr. Har elected. It now remains to be seen whether the Fishingcreek confederacy will proceed to Democrats out of them.
