CATAWISSA, PA., July 15, 1878. EDS, COLUMBIAN.-Perhaps it will be interesting to some of your many readers to hear something of the excursion given by Hon. F. B. Gowen to his employees. I am not a railroader, but through the kindness of a railroader "cousin" I had the pleasure of enjoying the excursion from Catawissa to Philadelphia.

We started from Catawissa about two o'clock Thursday morning, and about seven o'clock we reached Reading and were provided with lunch, which was very acceptable, arrived at the city about 10 a. m., visited the Zoological Garden until half past eleven, then came back to the cars and were taken to the Centennial depot where a wholesome dinner was prepared for us. After doing ample justice to our dinner, we next visited the Centennial Grounds and the Main Building. Every thing was grand. Of course you that have been there need not be told anything about it. We left Philadelphia about 4 o'clock p. m., arrived at Catawissa about 10 o'clock, thus ended a very pleasant seemed to begrudge the laboring men the pleas ure they enjoyed. I for one believe that Hon. his men that he can under the circumstances. There seems to be a better feeling prevailing between the employers and the employees than there has been I sincerely think there is a day not far distant when employers and employees will have perfect confidence in each other, and when the men will receive their dues in regular monthly installments thereby enabling then to meet all their liabilities promptly.
