When the Chinese ports were first opend, the foreign trade went into English and it; it passes along the ages in majestic si-American hands, but in a few years the Ger- lence. Impassive amidst all this tumult of ne came in and took a large share of it. They could live and work cheaper than their might be likened to some great ship floating stitors, and for a considerable while flourished. But when the Chinese e to the front, all others suffered alike, as the new competitor could test each and every one of them in the ability to get along with small profits. A Chinese official said one day to a friend of mine, "Englishman in all the terror of war-paint, and their artifand Melican man come here makee big pigeon; bimeby long come German man eatee up Englishman and Melican man; Chinaman come now, ire makee eat up German man; sometime you makee see Chinaman cates every ting." There is every reason to believe that his prediction will be fulfilled ter its course or to fire a shot; perhaps here in the main; that the "eatee up" is going on pretty rapidly a great many persons can glance from the lofty bulwarks, and won-

In Hong Kong the Chinese houses are percessing annually, while the English and The Practical and Sentimental Sides of Farm other foreign ones are decreasing. Rows of stores formerly occupied by English merchants bave been given up to Chinese, and the number grews and grows with each re- er's life in strains so enchanting that one curring season. Nineteen-twentieths of the might wonder why all the world has not forthere is not a branch of business into which they have not entered. They have shipping and commercial houses, steam-ship, bank-plodding in the clayey furrow at the plow, stores, and almost invariably at lower price. at his life from a different point of view.

The complete free trade established at To him this life appears as full of toil and

So much for John on his own soil. Let us see what he has been doing in carrying the war into the enemy's country.

We are pretty well aware of what he has done in California, and so I will not take up that branch of the subject. In all the open ports of Japan the Chinese are thickly established. Their competition is more with Europeans than with the Japanese, and they have succeeded in making a very large inroad into the profits of the foreigner, though less so than at Hong-Kong, Shanghai, or the other Chinese ports. Going west from Rong-Kong, we come to Cochin China, the his beauty in his enemies, the meadows fall of daisles, with which he is forever fighting, or by which he has been ignominiously conquered; the encroaching ranks of golden roots along the borders of his fields, and the horizone. Amonina thinman on fora veryle's limit party in the encroaching ranks of golden roots along the borders of his fields, and the has been agnominiously conquered; the encroaching ranks of golden roots along the borders of his fields, and the has been agnominiously conquered; she accurately there were useless; was obliged to use a catherous and peasures with the farmer to see any beauty in his enemies, the meadows fall of daisles, with which he is forever fighting, or by which he has been ignominiously conquered; the encroaching ranks of golden roots along the borders of his fields, and the has been aground the pure are foundation. The Bible and its Foes.

Henry Rogers, author of "The Eclipse of

Origin of the Bible," says : Srmed to be, for the most part, the work of town with the same good result." could be needful to write a thousandth part ing.

"But the volume itself survives both friends and focs. Without being able to speak one word in its behalf, but what it has already said; without any power of explanation or rejoinder, in deprecation of the attacks made upon it, or to assist those who defend controversy, in which it takes no part, it down a mighty river like the Amazon or Or inoco, the shores of which are inhabited by savage tribes. From every little creek of inlet, from every petty port or bay, sally flotillas of canoes, some seemingly friendly, and some seemingly hostile, filled with warriors lery of bows and arrows. They are hostile tribes; and soon turning their weapons against one another, assail each other with great fury and loss. Meanwhile the noble vessel silently moves on through the scene of confusion, without designing to aland there a seaman casts a compassionate ders at the bardihood of those who come to assail his leviathan."

Poets have sung the delights of the farm population of Hong-Kong are Chinese, and saken every other pursuit and betaken iting, and insurance companies, as I have al-ready mentioned, and you can buy in their boot, or bending, with aching back, between shops nearly every article of foreign manu- the corn-rows, or breasting the winter storm facture that you can buy in the English in the performance of imperative duties, looks Hong-Kong has been good for the English care and evil chances as that of any other manufacturer, but not so for the English | toiler. And true it is, the life of the ordinaserchant who established himself in the ry farmer is bard, with too little to soften it -too much of work, too little of play. But So much for John on his own soil. Let as true is what the poet sang so long ago :

the other Chinese ports. Going west from quered; the encroaching ranks of golden Rong-Kong, we come to Cochin China, the rods along the borders of his fields, and the French possession, of which Sai-gon is the capital. There the Chinese have been stead-ders, the thistles. How few farmers, or oth-Idly cutting into the trade, until they have er people for that matter, see in the climbing by far the best of it, and have driven some blushes of the dawning day, or the gorgeous breign houses out of business. During painting of its close, or in the perfect day it-1876 the Chinese shipped nine tenths of the self, anything but the foretelling of fair or rice crep, amounting to nearly 6,000,000 foul weather; or notice the ways of any unpiculs (133 pounds to the picul). All oth- tamed bird or beast, except that the crows articles of export were shipped by them, come to pull the corn, the hawks to catch the ith a very few exceptions, and they have chickens, and foxes to steal the lambs and least five-sixths of the import trade. turkeys ! However, the farmer generally Much of the shipment is to Hong-Kong, does feel a thrill of pleasure when, in the and a great portion of it is in Chinese ves-tage, while many of the English ships find he hears the caw of the first carrion-seeking tt expedient to employ Chinese agents. The hungry crow. 'The heart of winter is broke' Hoag-Kong agency of the only line of In April when the fields begin to show a susners running to Bang kok, Siam, is picion of coming green and give forth an coe, and when I purchased my ticket odor of spring, and the dingy snow-banks by one of the company's ships, I was oblig- along the fences are daily dwindling, he ed to apply to the head of the Yuen Fat welcomes the carol of the first blue bird, and Hong, and make my negotiations with him. is glad to hear the robin otter his restless The captain told me that all the rice carried ; note from the boughs of the old apple tree ; by him or his companion vessels was on and the clear voice of the new-come mead-Chinese account, and I found on reaching ow lark strikes him as not altogether unmu-Bang-tok a Chinese line of steamers run-sical; and when he hears the plaintive cry ming to Singapore.
