

THE COLUMBIAN.

BLOOMSBURG, FRIDAY, SEPT. 15, 1878. Rail Road Time Table. LACKAWANNA & BLOOMSBURG RAIL ROAD.

Accommodation Train... 6:24 A. M. 8:08 A. M. Express Train... 1:30 P. M. 4:40 P. M.

Mr. P. Yannotta is our authorized collector and solicitor. He is visiting neighboring villages now, and calling on subscribers who are in arrears for a year or more.

The Fairbank's manufacture over 50,000 sets a year. Where do they all go? John Rantz of Jackson has a horse with a man's face half an inch long.

Geo. D. Jackson of Dushore was in town on Wednesday. A large delegation from this town attended Barnum's show at Danville last week.

Trade dollars, though taken at the banks for 90 cents, are worth a dollar, and will be taken at the COLUMBIAN office for that.

Only fifty cents are required to pay your poll tax, and the time when that duty can be performed expires on Saturday, October 5.

Mr. Wolf of the firm of Clark & Wolf is in New York purchasing a fine stock of Fall goods which will arrive in a few days.

Hon. A. H. Dill, our next governor, addressed a large and enthusiastic meeting at Muncy, last Monday evening.

As we go to press we learn that George Long was found dead in Barton's fields on Thursday morning. The cause of his death is not known but supposed to be from age and exhaustion.

All that have once used it pronounce Dr. Bull's Baby Syrup the best medicine known for the complaint of early childhood. 25 cents a bottle.

As the County Fair will begin in a few weeks it is to the interest of every business man to advertise in the COLUMBIAN. The people will then know where and what to purchase.

The Senior Class of the Normal School already numbers twenty-five; the largest we believe, in the history of the school, at this season of the year.

Yesterday I had such a bad cold that I could not speak. I used Dr. Bull's Cough Syrup, and today I am as well as ever. It cost 25 cents.

Gov. Hartranft has commissioned Thomas Beaver, Esq., of Danville, a member of the Board of Public Charities, to fill the vacancy caused by the death of Hon. G. Dawson Colquhoun.

Persons who have dying to do, will do well to send their goods to William A. Davis, Lewisburg, Pa. Miss M. Derricks is his agent for this place. Read his advertisement in another column.

J. H. James Esq., of Ashland appeared in the play of Rip Van Winkle as "Old Rip" in a performance given at that place on the 24th inst., for the benefit of the yellow fever sufferers.

The Hartford Courant remarks: "They are quoting Scripture in Massachusetts now and this is the favorite passage: 'He that entereth not by the door into the kingdom of heaven shall be cast out.'"

The Moravian Female Seminary, at Bethlehem, is in its 129th year of successful operation. It has been under the charge of this Society the entire time, and is the most venerable institution of learning in this country.

The Rose of Shaz. Do not wait until the hectic flush indicates advanced consumption, appears on the cheek. Check the hard cough and heat the irritated lungs with Hale's Honey of Wildcherry and Tur, before the crisis comes. Be in time. Sold by all Druggists.

Pike's Toothache Drops cure in 1 minute. Bills for subscription will be found in papers for different offices as fast as we can make them out from now until October 1st. Do not mistake them for receipts. They mean that the person to whom addressed owes us that amount, and the bill is sent because we want the money.

The March Chunk Democrat prints the name of Robert M. Kloz as candidate for Congress in Carbon county, and then fills up a large amount of space to show how much he is for the office. According to the Democrat Kloz's nomination is by no means desired by the Democracy of Carbon.

A horse belonging to J. A. Funston Esq., died suddenly on Friday last. Mr. Funston was out riding with his mother and when the harness of Wm. Neal & Sons, the horse staggered. Mr. F. had time to get out of the carriage and take the horse by the head when it fell on him pinning his leg under it. No injury was done. The horse died instantly.

Mahlon Chance Esq., who addressed a Republican meeting in the Opera House on Friday last, was announced in the hills as a resident of New York. He placed his residence on the register at the Exchange Hotel as being Fremont, Ohio. Persons present say that much of his address was in substance the same as the speech of R. B. Hayes published in last Friday's Philadelphia Times.

The following is found floating around among our exchanges: "When a man's license as a liquor dealer ceases he must take down his sign if he had one up. A dealer in March Chunk, who went out of business eighteen years ago, failed to do this, and has only recently been arrested for the offense. The penalty both fine and imprisonment."

A MONASTERY IN PENNSYLVANIA. LONDON, Sept. 17.—A despatch to the Times from Paris says: "The Superior of the Order of Trappists at Sept-Fons, in the Department of Allier, has purchased lands in Pennsylvania for 200 monks from Sept-Fons, Mt. Mary, Ireland, and Maristain. The monks will erect the monastery and other buildings themselves.

The Columbia county Fair will be October 9, 10, 11 and 12. The managers have made the most complete arrangements and have provided a very liberal premium list. They have numerous assurances that this will be the most successful fair ever held in this county. The Keystone Tournament of Danville will give one of their matches exhibitions on Thursday and the programme for Friday and Saturday can not fail to please.

M. W. Neas, Secretary.

ANY KIND OF FRESH produce taken on subscription at highest market prices.

MAPLEWOOD TRAINING FARM. Jefferson, O., Dec. 17, 1877. Dr. WILLIAM GILES.

DEAR SIR—Please send me two quart bottles of your Liniment Iodide Ammonia (for horses).

During the past two years I have used it in my stable to the relief of all other liniments. It is the best thing I have ever seen for either man or beast. I could not do without it. Enclosed, find draft for \$5.

Very truly yours, H. P. WADE. The library of the Young Men's Christian Association has been rendered much more valuable and interesting by contributions from Miss H. Sharpless, Mrs. Wm. Neal and Stuart Mitchell, D. D., who will please accept the thanks of the Association.

The monthly meeting of the Gospel Temperance Union of Bloomsburg, will be held on next Tuesday evening October 16, in the Lutheran Church. Atten B. Tate editor of the "Star of Hope," Williamsport, will address the meeting.

We have received a copy of the Sunday Edition of the Times. The publishers state that they intend to furnish a First-Class Sunday Newspaper, complete in all the departments of News, Literature, Politics, Original Correspondence, and Criticism on all subjects of popular interest, and it will rigorously exclude from all their reading and advertising columns anything that could offend the family circle, and we have no doubt they will carry out their purpose. We wish them abundant success.

NOT A BEVERAGE. "They are not a beverage, but a medicine, containing the properties of the highest degree, containing no poisonous drugs. They do not render down an already debilitated system, but build it up. One barrel contains more hops than is, more real hop strength, than a barrel of ordinary beer. Every Druggist in Rochester sell them, and the physicians prescribe them."

"Only Prayers" was what a sexton said standing at the door of a fashionable church in response to a passing lady, who asked what was going on inside. It was one of the churches where a daily service is held, without sermon, and the sexton's answer, together with his manner of giving it, showed the limited esteem in which the service was held by people generally.

Phantom Footsteps is the name of the latest successful Song and Chorus by Henry C. Work, author of "Grandfather's Clock," and other popular songs. We consider "Phantom Footsteps," the best song Work has written, and do not wonder at its immense popularity. It has a beautiful melody and the chorus is unusually effective. If you want the prettiest song published in years send for the music dealer for "Phantom Footsteps," or on receipt of 25 cents it will be mailed post-paid to any address, by the publishers, S. BRAINARD'S SONS, Cleveland, O.

Mr. H. R. Russell, who dwells near Ironton, Mo., ploughed up an unexplored persimmon shell, and wishing to preserve it as a memento of the place, he was desirous to have it remain as long as possible. On Thursday he tried to take out its contents, using for that purpose a hammer and a coldchisel. He held the shell between his knees, and after some strokes it exploded, scattering its fragments far and wide, and some of them being heard whizzing through the air half a mile distant. Mr. Russell was wounded. The missile was fired from one of Price's guns in September, 1864.

The stay law, which has had a useless existence on the statute books since the 23d of March, 1877, expired on the 23d of the present month. The main object of this law was to prevent the sale of real or personal property on execution, unless brought two thirds of the appraised value, provided interest was paid and other requirements were carried out. Like the generality of tinkering laws passed to meet special or exceptional cases, this one afforded no benefit to debtors. The very few who took advantage of its provisions found that the relief it gave them was more imaginary than real, and the unusual costs attending it were a direct loss to an honest creditor.

THE REPUBLICAN MASS MEETING.—On last Friday evening the Republicans had a "grand rally" at the Opera House. There was a fair audience, and the speaker—Hon. Mahlon Chance—was listened to attentively. He is a graceful speaker, his arguments were stated which he did not seem cognizant. The late war, it should be remembered, ended fourteen years ago, and other living and vital issues are at stake. In other words in this campaign the "bloody shirt" went worse worth a cent. The speaker was pleasant in manner, and was as fair as a Radical Republican can be.

A VALUABLE BOOK. We have before us a small volume, an Abridged Digest of the Election Laws of Pennsylvania, published by Messrs. Jones & M'Curry, at Harrisburg, being an extract from the "Pennsylvania State Book," now in course of publication, which embraces a concise digest of all the laws relative to the duties of officers of elections and the requirements of voters, and the various laws of every election held in the country. It also contains the recent game law, a very valuable matter just now, and altogether such a work as should be found in the hands of every person interested in the proper conduct of our elections, and especially those of election officers, and we would suggest to our county commissioners the wisdom and propriety of placing at least one copy of the volume in the hands of every election board in the county. It can be procured by mail, by sending 25 cents to the publishers, Harrisburg, Pa.

Another fire-brand has made his appearance in Washington. One Colver, for some time past a tramp, has been holding and addressing crowds of men of the lowest class, adopting Kearney's style of language. On Tuesday the man had the boldness and impudence to collect a force of 300 men, and, after parading the streets in a noisy and hoarse manner, intruded himself upon the office of Governor, Chairman of the Democratic County Committee. Backtown, Tuesday evening October 1, speakers, E. R. Ickler and C. B. Brockway. Rupert, Monday evening September 30th, speakers, Freese and Brockway.

Mc Pleasant, Wednesday evening October 2, speakers, Freese and Vandenberg. Eyes Grove, Thursday evening October 3, speakers, Ickler and Little. Mainville, Friday evening October 4, speakers, Brockway and Erickbaum. Light Street, Saturday October 5, speakers, W. J. Buckeler and Freese.

PUBLICATION OF TOWNSHIP ACCOUNTS.

A good deal of discussion is going on in regard to the publication of the accounts of the boroughs and townships. We have heretofore published the several laws in relation to this question, but therefore deem it unnecessary to do so again. The law provides for the Auditor to publish a statement of their accounts, respectively at the close of each fiscal year, which previous to 1870 was in June. We so stated in previous years, but there were persons, and lawyers too, who had not given the subject a minutes attention, who argued that the law did not require any publication other than a written statement, posted up in the borough or township. A case was tried in Northumberland county, involving a neglect of Auditors to publish in the papers, and after a thorough examination, the Court decided against the Auditors and fined them \$20 each. In Allegheny county a like case was tried, and with a like result. It was all along the law that publication in the papers was necessary. The reason why people object to publication by written or printed statement put up in the borough or township was a sufficient compliance with the law, was because the act of 1874 so stated, but the proviso to the act says as follows:

Nothing in this act shall be construed to interfere with the present law, which requires annual statements of the receipts and expenditures of the Borough Councils, Road Commissioners, Supervisors, Overseers of the Poor and School Directors to be advertised in the weekly papers of the county.

From this it is clear that the written or printed statement to put up in the borough or township is a publication in addition to the publication in the weekly papers, for were it not so the act itself would be practically of no effect. Several laws have been passed bearing upon this subject since 1874, and the whole of them sum up thus:

First—The Auditors are required in each borough and township to settle accounts thereof, and publish the same not only in newspapers, but also in the written or printed statements put up in the most public places in the boroughs and townships, as soon after the close of the fiscal year, which is on the first Monday in April, as possible.

Second—If the borough or township is in debt, has a funded or floating debt, must be included in the statement, together with the valuation of property, &c., and published in at least two newspapers, and also in the written or printed statement also.

It is necessary that the auditors of the respective boroughs and townships should go to work at once and settle the accounts as they are in duty bound to do, and have them published as the law directs. When the borough or township has no indebtedness, neglect to publish incurs a fine of twenty dollars, but if the borough or township is in debt, the neglect incurs a fine of one thousand dollars. We would advise those who read this article to cut it out and preserve it, so that it may be had for reference.—Suzanneanna Republican.

KILL THE FISH YOU CATCH. Charles Hallock, editor of the Forest and Stream, has a very humane and thoughtful article on this subject. Not only because it is humane, but because it improves the quality and flavor of the fish, he urges upon all anglers the duty of killing their fish as they catch them. Mr. Hallock is in this habitually, but all do not. We subjoin an extract from Mr. Hallock's article:

"As boys, we were taught that fish had no feeling, and we believed that what might be cruel to a dog was harmless pastime as respects fish. But autopsy and science have proved our belief an error, and we discover that contortions and gaspings are evidence of pain and distress. We think it will give strength to the 'new party' inasmuch as many are unwilling to train under Butler or any other leader yet named. It is to be hoped, for the Senators sake, that he will not, at the coming interview with Butler, give countenance to that crafty politician, unless Butler will give bonds for future good behavior. We know how much Butler needs the support of men of character like Davis, but disinterested people cannot see what Butler can do to pay for such support."

WASHINGTON LETTER. Washington, D. C., Sept. 24, 1878. The fact that many non-partizan people are looking to Senator David Davis as a future leader, is an indication of good sense on their part. It cannot be said that there is a "movement" in his favor, but in this city the better class of non-party men, fearing the selection of some more objectionable man by the disaffected with the two old parties, are doing what they can to induce the Senator to define his position. They think it will give strength to the 'new party' inasmuch as many are unwilling to train under Butler or any other leader yet named. It is to be hoped, for the Senators sake, that he will not, at the coming interview with Butler, give countenance to that crafty politician, unless Butler will give bonds for future good behavior. We know how much Butler needs the support of men of character like Davis, but disinterested people cannot see what Butler can do to pay for such support.

THE RIGHT WOOD GRAD LOG, I. O. O. F. of the United States, began its annual session in Baltimore on Monday morning. The annual report of the Grand Secretary shows that there are now under the jurisdiction of the Grand Lodge of the United States 48 Grand, 6,877 subordinates and 690 Rebekah Degree Lodges, and 1,835 Encampments. The initiations during the year numbered 30,687, making the total membership 47,186, and the Encampment membership number 84,727. The revenue of the Lodges and Encampments during the year amounted to \$4,293,472, while the relief grant do to members during the same period reached the sum of \$1,699,774. Since 1870, 1,059,862 members have been initiated, 816,155 members and 100,903 widowed families have been relieved, to whom \$25,701,885 have been granted.

During the year warrants have been issued for new lodges in Australia, Denmark, Netherlands, the Providence of Quebec, Canada, the Indian Territory, and various other points in the United States. The intercourse with the Order in foreign countries continues to be entirely harmonious and friendly.

Excavations at Pompeii prove the city to have been one of the most fashionable and beautiful in Roman summer resorts, and but for the eruption it might have remained so to this day. As with Pompeii, so with thousands of people who have beauty of form and features. They might always be admired but for the eruption, that makes the face ugly, and betrays the presence of scrofula, violent blood poisons, or general debility. There is but one remedy for this debility, and that is the medicine which is known as Dr. Pierce's Golden Medical Discovery. It is the best known tonic, alterative, and restorative. It speedily cures pimples, blotches, liver spots, and all diseases arising from impoverished or impure blood. It also cures dyspepsia, and regulates the liver and bowels. Sold by all druggists.

DEMOCRATIC MEETINGS. The following announcements of democratic meetings and speakers are made by David Lowenberg, Chairman of the Democratic County Committee. Backtown, Tuesday evening October 1, speakers, E. R. Ickler and C. B. Brockway. Rupert, Monday evening September 30th, speakers, Freese and Brockway. Mc Pleasant, Wednesday evening October 2, speakers, Freese and Vandenberg. Eyes Grove, Thursday evening October 3, speakers, Ickler and Little. Mainville, Friday evening October 4, speakers, Brockway and Erickbaum. Light Street, Saturday October 5, speakers, W. J. Buckeler and Freese.

REPORTED INTERVIEW.

The reporter of the Pain Dealer has interviewed Major Hancock, Edwin Shortz, Dr. Trimmer, and Harry Laycock, on the political situation. Hancock is a "Hot man from stem to stern, because he represents the honest business of a sound government the best principle. He says the Democratic party has not been honest for the last fifteen years. We don't want inflation and a return to those days of business depression. He don't take any stock in Col. Wright. Trimmer will not vote for him for anything.

Shortz thinks Trimmer will receive the nomination for Congress in the Eleventh District; says the Labor party in White Haven is not very strong; believes that in certain contingencies, a combination with the Greenback Labor party advisable; believes the endorsement of Col. Wright would be a display of wisdom on the part of the Democracy; is in favor of maintaining distinctive county organization, and not abandon it because we happen to be temporarily in the minority.

Trimmer thinks he has as good show for Congress as any of 'em; Kloz is always a candidate; he has a fight on his hands at home, and may not secure his own reelection. (Doctor's proposition is to have Kloz elected to represent his county.) Orris is a chronic office seeker and is not a strong man. Trimmer has decided soft money views. Believes it easier to pay a debt without interest, than to pay it with interest. (He ought to get out a patent on that.)

The Democracy are for hard money, and we don't think that greenback is irredeemable. The rank and file of the Democracy are in favor of adopting Keary for Register. He is a young man of fair ability and strong Democratic antecedents. The probabilities are that straight nominations will be made for the balance of the ticket. The party should endorse Col. Wright also. The prospect of Dill's election is very fair. The Maine election has given Dill a black eye. He will poll over the average of his vote in this county; more of many republicans who will not vote for him on personal grounds.

Harry Laycock, of Wilkes-Barre, was interviewed. He says the Republicans are going to elect Griffiths for Treasurer and Darte for Commissioner. The other fellows—meaning the Democrats and Labor-Reformers—can have the rest. That's the Willer-Barre for you. We merely note it as a nut for the lower and to crack.

ANOTHER GRAND VICTORY. The White Sewing Machine was awarded the diploma for the best sewing machine at the Binghamton fair September 20, 1878, over the Singer and Wood. Call and examine the White before purchasing. J. Salsler, general agent; office of J. K. Eyer's store, Main street Bloomsburg, Pa.

According to law the tenant's personal property is liable for the taxes of the premises upon which he may reside. His only remedy is to pay the tax and deduct the amount from his rent, or sue the landlord and recover it as in ordinary debts.—Exchange.

WASHINGTON LETTER. Washington, D. C., Sept. 24, 1878. The fact that many non-partizan people are looking to Senator David Davis as a future leader, is an indication of good sense on their part. It cannot be said that there is a "movement" in his favor, but in this city the better class of non-party men, fearing the selection of some more objectionable man by the disaffected with the two old parties, are doing what they can to induce the Senator to define his position. Mainville, Friday evening October 4, speakers, Brockway and Erickbaum. Light Street, Saturday October 5, speakers, W. J. Buckeler and Freese.

AN ASTONISHING FACT.

A large proportion of the American people are to die by dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant exercise of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a simple bottle for ten cents to try. Three doses will relieve the worst case. Postively sold by all druggists on the Western Continent. No. 30, 78-79.

ANY OTHER CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long labor, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, prove them the best and most effective of all cathartics. To the mind and body being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other cathartic is so healthy as the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure. They are the only cathartics that do not injure the system for weakened constitutions, where a mild, but effectual cathartic is required.

They are the only cathartics that do not injure the system for weakened constitutions, where a mild, but effectual cathartic is required.

ANY OTHER CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long labor, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, prove them the best and most effective of all cathartics. To the mind and body being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other cathartic is so healthy as the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure. They are the only cathartics that do not injure the system for weakened constitutions, where a mild, but effectual cathartic is required.
