THE COLUMBIAN AND DEMOCRAT, BLOOMSBURG, COLUMBIA COL NTY, PA.

The smoke of the late political contest has passed away. The dead have been bured after the usual panegyrics on the deceased, and the wounded are convalescent, An amnesty has been proclaimed to deserters who return to their flag, and we are willing to exchange prisoners. A summary of the result of the November elections as' to the Governors elected, with their politics, States, and majorities is as follows :

Delaware, John W. Hall, Demoocrat, 1,280; Nevada, Lewis R. Bradley, Democrat, 500 ; South Carolina, Wade Hampton, Democrat, 100,000 ; Tennessee, Albert S. Marks, Democrat, 40,000 ; Texas, Orao M. Roberts, Democrat 40,000 ; Kansas, John P. St. John, Republican, 25,000 ; Massachuseets, Thomas Talbot, Republican, 40.000; Michigan, Charles M. Croswell, Republican, 30,000 ; Nebraska, Albinus Nauce, Republican, 1,200 ; New Hampshire, Natt Head, Republican ; Pennsylvania, Henry M. Hoyt, Republican, 22,787.

This leaves us with power in the majority of the States, and with an assured Democratic Senate, and House of Representatives. In other words, for the balance of Hayes term we hold him and the Republican party in complete check. There is therefore no reason why Democrats should abandon their organization, give up their principles, or relax their preparations for future contests. So long as this is a free country there will be a Democratic party. It has existed from the foundation of the Government, and has always been the consarvator of law and peace, -the advocate of economy and honesty.

New organizations have sprung up in the past, such as the Know Nothings, Labor Reformers, Greenbackers, &c., but they have been temporary and futile ; and the only effect they have had, has been to injure themselves in the long run, and eventually die out.

REORGANIZE THE PARTY NOW !

We all know how effete and decayed politicians have dictated our policy and candidates in the past. Fossils and dead beats have been brought to the fore, and young men in the ranks have been ruthlessly stricken down, whenever they have exhibited honorable aspirations for position. Let us consolidate now in every election dis-

trict and hold them. We suggest as a basis of reorganization,

the following FIRST. No forced Resumption of specie

payments. SECOND. No demonstization of silver as a currency, and the admission of a trade dollar to a limited amount as a legal tender ; believing that 420 grains of silver is better than 4124.

Mr. Orvis does not convince us that a statement of facts is a "miserable mode of

warfare." It is pretty generally admitted that in many places greenback organs were supported during the late campaign with an entrance by forcing their way through funds furnished by republicans, and that certain greenback candidates were acting in then opened the back and front doors. Nearthe interest of Cameron. The slander referred to against the senior editor of this paper is not a parallel case ; but even if it were that charge was utterly groundless, and has been unanimously denied. In the other case the result shows for itself. We do not

allege that the Greenback party were all working directly for Hoyt, and have no doubt that Mr. Orvis and many others were 'honestly working for the success of their own clearly defined principles." The result however, was the election of Hoyt. Atleast two thirds of the greenback vote came from Democrats, Republican-Greenbackers at the

last moment went back on the new party and voted the old party ticket. If the Democratic greenback vote had been given for Dill he would have been elected by at least five thousand majority.

If Mr. Orvis will read the Democratic platform he will find that that party is not the champion of the money power, and that it has adopted and its record shows that it has maintained a monetary system that is in the interest of the industrial masses. The great

A SERIOUS OUESTION.

The Hazleton Sentinel has suggested a point that should be well considered at this time. It seems that at the late Congressional Conferences for this District, the one body adjourned to meet at Danville and the other at Bloomsburg. Unless there is a compromise, two years hence we, will have the same difficulty that we have had recently. The method of that compromise it may not be wise to discuss now, but we suggest as we Meyer turns out to be the son of General did before that the expiring bodies can in

wanna is entitled to separate representation is eminently sound, if proportional representation is to be abandoned. Lackawanua is as much a county as any other in the State. and the portion of it in our District is as much entitled to separate representation, as the portion of it in the X11th District is entitled to be, or as the fractions of Luzerne, Bucks, and Montgomery have been. But if, as the Sentinel suggests, the Lackawanna

portion of our District should have separate representation in 1880, as well as the Luzerne portion, certainly the rule should have held good this fall.

Then the vote for nominees would have stood as we claimed, viz : Out of 21 conforces Brockway had Montour, 3 ; Pike, 8 ; Lackawanna, 3 ; Columbia, 1,-10; Giving Klotz Carbon and Mouroe uncontested, and Luzerne contested, he had but 9. If Brockway had power of substitution for Lowen berg and Swisher who left the conference at Hazleton with him, then he had 12 to Klotz's 9.

That question, however, is now all over, and we only call attention to it now to save future complications.

The Marquis of Lorne, the recently ap pointed Governor-General of Canada, has sailed for the Dominion, and a serious of semiroyal festivities and ceremonies may soon be expected. In his new position, the marquis, for the first time since his marriage with the Princess Louise, will be relieved of the unpleasant thought that, though the husband of a Princess, he was not born a Prince.
