TO SUBSCRIBERS.

The date on the printed slip pasted on ypaper shows to what time the paper is paid for. These names and dates are printed on long sheets, and cut off and pasted on with a mailing machine, each week. As each subscribe pays, the date is changed on the slip in pencil and the corrections made monthly. It some-times happens therefore that the change does not appear on the paper for two or three weeks after payment, and we are often notified by sub scribers who think the omission to change at so that all may understand why the change doe not appear immediately. It is a good deal of trouble to make the changes and much more they occur.

The Ladies' Aid Society has relieved the im sdiate wants of many families during the winter. The supplies are now exhausted and ar appeal is made for contributions. There are still many poor people who need and deserve help, and calls are made on the society which they are unable to supply because they have nothing to do it with. Last year a large number of ladies were interested in this good work, Now, the number has diwindled down to about six who are active in the matter. More inter est should be manifested in the suffering o the sick and needy. Contributions of food and clothing can be sent to Mrs. I. W. Hartman's,
