ONE DAY LAST WEEK

Mrs. and Mr. G. L. Kostenbauer returned home last Saturday evening from their visit to friends in York State. George and his father-in-law, Mr. Stanley, in one day caught 40 pounds of bass in Soda Bay. It was a poor day for fishing, too, else George says they might have caught 100 pounds as readily as what they did.—E.M.

REUNAWAY—ON LAST FRIDAY EVENING

Mr. Caldwell's wife was delivering bread at Senator Buckle's residence, the dogs rushed out and frightened the horse that he ran away. Fortunately the harness gave way, and the only damage done was a broken shaft and the dragging of the boy over the dash-board. The horse came tearing through town, but did no damage.

DR. J. SCHUYLER HAS AN INGENUOUSLY CONTRIVED

water elevator in his well. It consists of a water wheel of heavy iron, mounted on a shaft at the top of the well, and on this shaft, at intervals of two feet, are the buckets, holding a quart each. As the crank is turned the buckets are carried down under the water and filled, and come up on the other side, dumping the water into the spout as they pass over the roller. It works easily and cannot get out of order except by the ruttling of the canvas, which can be replaced without difficulty.

FATAL ACCIDENT

Reuben Hensley of Beaver Valley, one of the hands employed by the P. & C. Company in repairing the high trestle bridges on the Catawissa Railroad, on Tuesday morning, June 17, was thrown from Fisher's bridge, (near Mainville), a distance of one hundred and eight feet, by a falling piece of timber, and was instantly killed. William Messenger a companion of Hensley narrowly escaped a similar fate. This sad accident threw a cloud of gloom over the merry sports of the seventeen men who hourly risk their lives in repairing these trestles. E. B.

SOME MEN APPEAR TO MISUNDERSTAND

the proposed erection of water works, and claim that the water supply is sufficient for all purposes. It is impossible for the town. If a tax should be imposed it would be so small that no one would feel it much, while the advantages to those who object to the expense would be greater than to any one else. It would bring a large amount of capital here which would be used in paying laborers to be employed in the town. It would reduce the amount of money that would be sent out of town to pay for the water supply. It would give the poor man who can not afford to pay for the water supply the right to have his property from which he might otherwise sweep away all he owns. In any aspect water works will prove a blessing.

FRANK P. BILLYMER

Secretary

Our representative in Congress, Maj. Robert Klotz, in writing the respect of both personal and political respect of both to business and the interests of his constituents in his effort to secure a permanent law, that he is most always successful. The soldiers will have to be thankful to him for the money in which he has been looking after their interests.—George Zimmerman

WE HAVE RECEIVED A NEAT LITTLE PAMPHLET

contains an article from the Sanitarium. It contains the advantages to be found at Bloomsburg for the seeker after health, are glowingly described, though not exaggerated. The writer says "we find a hospitality and intelligence at Bloomsburg which makes it a good place for a long as well as a short stay." There is no doubt that our town can be made a proper resort, a popular resort, not only for invalids who desire a pure air and lovely scenery and skillful treatment, but for people of wealth and leisure who are looking for a pleasant place to spend the summer.

THE "POSTAGE DUE" STAMP

The "Postage Due" stamp is the next innovation in our postal system. A recent act of Congress has authorized the use of postage stamps on mail matter that has reached its destination without full payment of postage an amount of stamps equal to the postage due. Hereafter the amount has been marked upon the letter or package with stencil or pen. This regulation will go into effect on the 1st of July next and the new stamps for this purpose are being prepared, and issued. The denominations of these stamps are one cent, five cents, ten cents, and twenty cents. They are of a uniform reddish-brown color. The upper border of the "Postage Due" stamp is printed in white letters, and on the lower border appears the denomination in letters of the same. By this system the department will save a great deal of money now lost in small postage stamps on mail matter.

TAX COLLECTORS

The Commissioners of Columbia county have appointed collectors in the different townships, which we give below:

Benton Township—Frank Smith, Treasurer; John S. Smith, Collector.
Bloomsville Township—John S. Smith, Treasurer; John S. Smith, Collector.

TO THE EDITORS OF THE COLUMBIAN

At eight o'clock on the evening of June 12th, a reception was tendered the students by Rev. Charles K. Canfield, Principal of the Orangeville Academy. The rooms were well filled, there being over one hundred persons present. The Orangeville band was in attendance and provided us with excellent music. The evening was very pleasantly spent. Numerous games were played, in which our genial host and hostesses assisted. About 9:30 p. m. all were invited to supper. The refreshments provided for them. A slight shower caused the band to leave; sooner than was otherwise intended. The students remained until 11 o'clock, when they departed very well satisfied with the pleasure of the evening.

WE, THE STUDENTS OF THE ORANGEVILLE

Academy, wish to thank you for the kind and generous hospitality extended to us by you and your family. We are sure that you will find this letter a true expression of our appreciation of the pleasure we have had in your company. We are sure that you will find this letter a true expression of our appreciation of the pleasure we have had in your company.

IT HAS BEEN UNUSUALLY RAIN

in Benton, for the past week, in regard to business, etc. Our merchants and mechanics are not kept very busy now, as it is about the dullist time of the year for them.

DO NOT FAIL TO ATTEND THE UNION

Sunday School Celebration during the day, and a Festival in the evening, held in Master's Grove, near Benton, on the Fourth of July.

THE OLD CAMPAIN HAS REVIVED

in this place, and is in full blast at present. Quilt pitching has resumed in Benton again. For the past two or three years there has not been much of it done here; but of late you can hear them conversing: "My one is 'taint; his one; your one, etc.," at any time through the town, when inside the limits of a quarter of a mile from the pitching ground, more or less.

DR. T. C. McHENRY, OF THIS PLACE

met with an accident, one day last week. He was going down the creek, and just as he got through the lower bridge, his horse became frightened and jumped to one side of the road, down the embankment of the bridge, and all went overboard. In the horse's desperate efforts to get out of that unpleasant position, the harness gave way and the animal got loose from the vehicle, and started for Benton at a rapid gait, but in passing several times got somewhat checked and was caught. The buggy did not warp a little, that was the only injury done.

AN APPLAUSIBLE CASE OCCURRED

one day last week, in Frank McHenry's trying to plough a small garden patch with a horse. When he would get to the end and go "turn round" the animal appeared to be rather light behind; so he secured a good sized boy to ride the horse. But that did not better it at all, and whenever he would go to turn, you could see a couple of ears showing pretty well up above the ground, for about two minutes, and during that ceremony there were about four inches of daylight visible, as near as I could judge, between the boy and horse's back. It raised quite an applause among the eye-witnesses to the affair.

MR. JACOB DILLINE, WHO RESIDES

about two miles from this place, while at Light Street, while in the house, his horse became frightened and started for Benton at a rapid gait, but in passing several times got somewhat checked and was caught. The buggy did not warp a little, that was the only injury done.

OPERA HOUSE, MONDAY EVENING

June 16th. Meeting of the citizens. Meeting organized by the appointment of Hon. Wm. Elwell as President and Frank P. Billymer as Secretary. The President stated that the object of the meeting was for the purpose of discussing and giving expression to the view of the Citizens in reference to obtaining a supply of fresh water for our town for domestic use and fire purposes. On motion of David Lowenberg, the meeting authorized the President to appoint a committee, not less than seven, to interview the citizens to consult with the members of the Town Council and ascertain how many fire plugs would be necessary and how many should be provided for, by the town. Whereupon the President appointed as members of the Citizens Committee, David Lowenberg, L. N. Moyer, C. W. Miller, Wm. Neal, T. J. Vandervies, E. K. Rollins, Stephen Kiefer, and E. H. Jones. Upon motion of E. H. Jones, the following was unanimously passed: Resolved, That in our opinion it is advisable to provide our supply of water from the Springs beyond Mainville, and that it is preferable to have the work done by any corporation or individual, that will perform the work satisfactorily without expense to the town as a Corporation, except as to fire-plugs. On motion of Dr. W. M. Heber it was further resolved, that we request the Town Council to make such terms concerning fire-plugs, with the Company now proposing to build water works as to induce them to complete the works. On motion the Secretary was directed to furnish the Town Council with the proceedings of this meeting. On motion of Geo. E. Howell it was resolved, that when this meeting adjourns it adjourn to meet in the Opera House on Monday evening, next the 23rd inst. at 7:30 p. m. to hear the report of the Citizens Committee. On motion adjourned.

FAUX THE WALKER.—The "Biorobor" correspondent of the Reading Eagle writes to that paper, under date of June 16, as follows: "Harry Faux and Miss Nellie Ross gave a public exhibition of their pedestrian powers on Saturday evening in front of the Biorobor house. After walking for nearly an hour they passed around the hat, but did not receive any liberal patronage. Faux departed early on Sunday morning, leaving a board bill and a note for Miss Ross, stating that he had gone, never to see her more."

SCHOOL ACCOUNTS

The laws regulating the publication of borough and township accounts of school boards, are not publishing the same, seem to be little understood. The act of 24th of April, A. D. 1874, Pamphlet laws of that year, page 112, covers the whole ground. But in 1876 an act was passed, found on page 91 of the Pamphlet laws of that year, which relates wholly to school accounts, and reads as follows:

An act to regulate the publication of the accounts of school boards of school boards. SECTION 1. Be it enacted, That it shall be the duty of each board of school directors, in the several school districts of this Commonwealth, annually, to prepare and publish a true and correct statement of the receipts and disbursements for the past year, including the assets and liabilities of the district of all kinds, with all books, papers and vouchers relating to the same;
