W. J. Bucklew was chosen Senatorial delegate to the State convention. G. A. Clark was substituted as representative in place of Melton Hamlin, who could not attend.

Mr. John K. Gorton, of this place, returned home last week from Savannah, Ashland and other places, where he was visiting his son, Charles M. Gorton, who is formerly of this place, but went west some two years ago.

Last week we alluded to the manner of disposing of the grass in the Fair Grounds. The Secretary now informs us that only one half was sold, the Society reserving the other half for the benefit of the association at the Fair.

It is reported that Frank Stookley, the fifteen-year-old rope walker of Williamsport, met with a sad fate while walking the rope at Niagara Falls. He fell from the rope and was swept over the falls. He was the youngest man who walked the incline rope by torch light from Clark & Wolf's store to the City Hotel, not long ago.

It was rumored that Thomas Trump, a young man from this town, who accompanied the Y. M. C. A. excursion to Shicklesville, a short time ago, was dead. It is said this young man while at the falls, was taken sick and after his return had died. This is incorrect, "Tom Trump" has since turned up, and is still in the land of the living.

On Thursday last week the Sheriff sold the following property of Wm. Lamont. The G. H. Fowler tract in Centre, containing 104 acres to M. E. Jackson, Esq. for \$7,775. The Knitts place to W. J. Bucklew for \$4,700.

We have no desire to "throw cold water on the Fish and Game organization." On the contrary we hope to see such societies all through the county. We understand a meeting will be held at the Exchange Hotel this Friday evening for the purpose of organizing a club in Bloomsburg.

Gov. Hoyt on Tuesday morning honored the requisition of Gov. Robinson of New York, asking for a warrant for the arrest of Peter Knicker, the above is not intended for any one but those who have received notice.

Col. Hicketts has been elected president of the Hancock's Creek and Muncy Railroad. To EXCHANGE.—A good buggy either for lumber or a horse. Inquire at this office.

Mr. Richard Stiles, of this town is improving his residence on Iron street, by building an addition to his house. There will be a festival held in the Grove at the St. James church, fishing creek trap, on the 26th inst. All invited.

Our numerous dogs should all be taxed. The result will be either fewer dogs, or else more revenue. On Friday evening last there was quite an exciting debate at the Exchange Hotel on the greenback question.

Silas F. Karnes died in Benton twp. July 5th of consumption aged 45 years and 10 months. Edward Hughes of Cambria, Luzerne county died July 10th from palsy, aged about 60 years.

The Lutheran congregation of Epy will hold an ice cream festival in the church yard on Saturday afternoon and evening. The brothers and sisters of Rev. D. J. Waller, and their families are visiting him. They are enjoying a family reunion.

The thermometer has been playing pranks for several days past. On Tuesday it went to 100 in the shade, and Wednesday was not much better. Judge Eiwald returned home last week from a visit to Towanda, much improved in health. His bronchitis checks are due to successful black-hack fishing.

William Neal spent some days in Towanda last week. We have not yet learned how many bass he caught, but no doubt he was successful. D. A. Beckley has been elected chairman of the committee appointed by Gov. Hoyt to select a location for the new hospital for injured miners of the anthracite coal region.

The drying house of Jackson & Woodin at Berwick was destroyed by fire on Saturday night. Loss about \$2000. A large amount of lumber lying near the building was saved. Dr. Kendall's celebrated treatise on the horse, for sale at G. A. Clark's book store and at the COLUMBIAN office for 25 cents. This book should be in the hands of every man who owns a horse.

Walter Mason, a young man of this place, who is employed in one of the iron ore shafts, was badly injured on Monday by receiving a blow on the forehead with a sledge in the hands of another man. It was an accident. There is a girl in our neighborhood who is constantly singing, "I need thee every hour." What for? We don't want wash dishes, and ain't worth a cent at cooking, besides, the washer is awful hot, and stern duty bids us keep our post.

By all means read Senator Voorhees' speech, published on our outside this week. It should forever silence the clamor of our opponents about "Southern Brigadiers." Read and be wise. On Friday the Catawissa Masonic Hall was again sold to Wm. Mathers for \$2000. There are now two claimants on two separate sales. We opine that there will be considerable litigation before the matter is settled.

Early on last Monday morning the roof in the rear of W. L. Eyerly's house in Catawissa was discovered to be on fire. By tearing up the roof it was soon extinguished. It is supposed to have caught from a stove pipe which ran through the roof. There will be a Sunday School celebration held in Thomas McHenry's grove near Westley Bowman's mill in Orange township. Celebration on Saturday the 2nd of August and a Festival in the evening of the same day.

The local of last week in reference to the persons who went to Catawissa to witness the practice shooting was incorrect, as the parties were not refused permission to shoot in Catawissa but went to Rupert of their own accord, the regular meeting of the club being held there according to appointment. We owe an apology to our readers for the appearance of the paper last week. Our paper maker disappointed us in not filling an order in time, and we were obliged to print on other paper as we could get nearer home on short notice. It was neither our size or quality, but we had to use it for one. We have not yet received our regular paper, but it is an improvement on last week.

THE DOCTORS IN COUNCIL. On Saturday last there was a large gathering of physicians at the Exchange Hotel. It was generally supposed that it was the regular meeting of the Columbia County Medical Association for the transaction of ordinary business. We were requested to be present and listen to the proceedings with a view of publication, but learning that the session would be a private one and especially as one of our contemporaries had been excluded, and that, too, by the votes of some of the very men who asked that reporters should be present, declined to ask for admission. The real object of the meeting was then learned to take action upon certain charges preferred against Dr. A. L. Turner, a member of the Association. After some quibbling Messrs Little and Barker were permitted to appear as counsel for Dr. Turner. As to others, the door was closed, and the windows left open. The following are the charges against Dr. Turner, and the proceedings are reported to us as follows: Bloomsburg June 15th 1878.

PARKVILLE, ST. JO. CO. MICH. JULY 14, 1879. MESSRS. EDG. COLUMBIAN.—Dear Sirs:—Finding myself unoccupied this morning, and with thoughts of "Old Keystone State" filling the mind I will endeavor to comply with your request and report from "The Lake State."

During the past week and a part of the week preceding, our villages have been temporarily deserted, and all hands have been fully occupied in gathering the heavy which, by-the-way, in this section, is very promising of an abundant yield. The grain stands thickly on the ground, the heads are long and well filled with a superior quality of berry or seed, and on different occasions we have heard these remarks "We have years a better wheat crop than we've had for years."

The best quality of wheat we ever gathered, and one fact has been remarked by many that there is no complaining heard from any of the farmers, either of the crops, or of the weather. The wages range from \$2.00 to \$2.50 per day. The siffler is very extensively in use and renders complete satisfaction everywhere. The time has come—in Michigan at least—when the dread of harvest has given place to bright anticipation of large profits from little exertion. The varieties of wheat grown by the farmers here, are the Closson or Early May, White and Red Amber, Goldmedal, whilst some few have the Felts and Old Lancaster Wheat. I have named them in order as to their popularity. In course of a couple of weeks thrashing will have been commenced, when I shall give account of yield and market prices.

Michigan is far ahead of our "Mother State" in agriculture and implements. Frequently do I hear the remark by some ex-Pennsylvanian whom I meet that whilst Pennsylvania is a good state and superior in many respects, they would ever think of resuming the residence therein. The crop of cherries, now almost entirely gathered, was very plentiful, however of an inferior quality, the fairest appearing of the fruit securing the majority of the vermin. Berries in abundance of all varieties. Last Sabbath we attended the funeral of a "Pioneer" who came from that part of Old Northumberland county now known as Columbia, John Lomison by name, Esq. Representative of this District in the State Legislature. Some of the other persons who accompanied him, he came from about Brantford or Berwick. The largest funeral procession witnessed for years, consisting of upwards of 150 conveyances. The general health of the people is very good. Peace and prosperity reign supreme.

Yours, &c., SANE
