SPECIAL NOTICE.

Notwithstanding the change in this office a anounced last week, the dates on the papers showing up to what time each one has paid, will remain as before, and all payments or subscription will be applied to back accounts the same as though no change had occurred, unless otherwise specially directed by the person making payment. In this way there will be no confusion and everybody will know from the slips on their paper each week, for what time they are indebted. We sincerely hope, and earnestly request, that all who have not paid up to October 1st 1879, will do so soon, as Brockway & Elwell desire their accounts to be euled at as early a day as possible. From the numerous chaoges that have taken place in the COLUMBIAN in the past eight years we are aware that many people think that whenever a change occurs, they are going to be sued by somebody. We desire to dispel this impression and assure our subscribers that they need fear nothing of the kind, as no suits will be brought except in a few cases of those who are several years in arrears, and show no disposition to ray. In such cases the names will be stricken from the lists and accounts collected unless naid within a reasonable time.
