bodies were hoisted to the surface amidst the lamentations of the friends and relatives of the unfortunate miners. The remains of Rupp, Forcey and M'Kinney were the first being brought out and afterwards those of Thomas and Jenkins. As the five men who first entered the mine were all killed it cannot be definitely ascertained how the catastrophe occurred. It is thought, how ever, that the flame from one of the miner's lamps came in contact with some gas and caused the explosion. Everything was in good condition when Mine Boss Cook visited the mine this morning. Three of the men leave large families; one of them a

Berwick, Pa., Nov. 3, '79. THE SUNKEN ARK BELOW TUNKHANNOCK.

The accidental discovery of a sunken ark in the Susquehanna river below Tunkhannock. serves to awaken the remembrances of the few

survivors of those who were connected with the circumstances attending its destruction. About the year 1843, the use of gray limestone more easily obtained than the blue lime-ton

previously used ; and sometime during the spring of 1844 Mr. Thomas Morley, who carried on a foundry and plow works at Skinner's Eddy, Wyoming county, filled two arks with

What the country wants now is workmen -intelligent. industrious, thrifty workmen; men who can do skillfully the work that a number of years almost been a burden, is waits for the doing-who can invent new means and better processes for developing the crude resources of the land, and for convertin brute matter into life-sustaining and enriching wealth. Mere clerks and

record keepers are at a discount. There are oo many of them. And the professions, so called, are almost equally crowded with men who have nothing to do. There never was a time when ability to do something real and practical was worth so much as now. Yet our young men swarm after clerkships,

### WHY LOTS ARE CIVEN AWAY.

WHY LOTS ARE GIVEN AWAY. As the tide of immigration is now in this direction, it is the Company's interest to have people locate in Deriver and on their property. To encourage entirgistion here, the Company will give to any one sending their hame and address a warrantse deed, in fee simple, for one or more lots in North Deriver, situated in Weid County, Riste of Colorado, in Immediate view of this beautiful eity, the only charge being one dollar to pay the Yosary Public fee for acknowledging idead and conveyance. The Company does not give swary for away, but each alternate one, and does not expect that every person who gets a lot is North Derive will come here, but a great many will, and they will induce their friends to follow. The in-creased population will soon make this property very valuable, and this Company retain each alternate lot, which they hold at prices varying from ED to MU, according to location. For this reason the above proposition is made. The deeds are unconditional, net requiring to sany one person taking advantage of this force is the velocs. This property is not have for all montain, or swamp, but is level, fertile, and has divantage for bailt identifications to mention.
