You might, I should have thought, have reached — by the diligence you have just left, without quitting it, and stopping here only to set out again to merrow meaning. You are inquisitive, Mr. Landlerd, said the travelet, or rather you are timple, for it is a vestige of fear and suspicion that new haunts you. Let it suffice, then, for you to know, and to quit your fears, that my family remain in a small neighboring town, and that by continuing my fearney in the diligence I should have arrived at home in the middle of the night, which I desired to avoid, while by stopping at your house, I can, by means of the diligence which starts at b to nerrow, arrive in the morning. Does that appear sufficiently satisfactory to you? There was a silence of some minutes, during which the eyes of mer and the young man and other. Some stranging through the young girl's heart, for her law, by organizing to a some of some stranging through the young girl's heart, for her law, a not often. Some stranging through the young girl's heart, for her law, ordinarily so pale, had become sufficient was endowned and more than and tranging when he young girl's heart, for her law, ordinarily so pale, had become sufficient was endowned, a scarce ly presention of her whole being. She was, however, atomaed from this firsh reverts by the rough you of the young super sufficient years of her whole set when her her her her her her her her her her	dowed, as he had bouble locked the door, and it must have been very difficult to open it, when, chancing involutarily to east his eyes down, he perceived by the hight of the moon, which shone brightly through the window pains, a hand gliding into the the space between the floor and the room door and striving to lift the latter off its hinges. He raised his wea- pon above his head, and, letting it fall with all his strength, brought it down up- on the hand just as it was about to dis- oppear. A stilled ery was heard, then a tearful blasphemy, halt-articulated, and, losily, a light sound, as of some one re- tiring, and which gradually melted in the silence of the night. Two bleeding lingers remained on the threshold. The young man ran to the fireplace, where a few ambers yet burned ; his can- dle lighted, he could not contemplate the bidoous troophy of his vietor. After the litest moment of suprise, he picked up the two fingers, washed them carefully and standed the blood with his handker- chied. At must be confessed, said he to him- self, that I was hacky to have thought of inv sound. Then, attentively examining the fingers, he added. Bather a white band for a thief—and the nails tolerable close. So saying, he wrapped the two fingers up in a handkerchief, and returned to the bed with the utmost coolness, as if noth- bard sum hour and he was sleeping soundy. It was not yet daylight when the land- letel came to waken the young man, who was set forth at 6 o clock. When the but for heat of o clock. When the latter having first glanced at Ebrard's	dock ; the trial was going to commence After the reading of the accusation, the judge proceeded to the hearing of the witnesses. Jean Antoine Ebrard was called ; but he died the baginning of the month. Then a young girl came forward dressed in black, and carefully concealing her features beneath the folds of a large silk montilla. It was Marie. She raised her hand trembingly, and when asked if she recognized the person of the accused, she answered no. She shrank not from falsehood but for the sake of the father of Fredrick. The depositions of the other witness- ies were overwhelming, but the most im- portant of all, that of the indiceper, which would alone have sufficed for the condem- nation of the accused, was wanting. After the Attorney General, the con- sel for the prisoner speke. He endeavor- ed to prove an alidi. By his account it was impossible to prove that the accused had slept at the inn on the night of the event, since the only person who could have seen him declared she did not know him. N'o,' said he, in conclusion the ac- cused has been a victim and is not guilty; it is by the kuife of ascassining that he has been thus multated, and not by the sword of his son. And as a proof, cried a hollow voice from the midst of the crowd of auditors, 9-chold the relies that I have kept ever since if At the same moment two fingers rolled on the desk of the presiding judge, and were passed to lawyer, advocates and jurors, and all were able to convince them aches the accused has been a they be only in the left hand when the same of her here the further	Many erroneous impressions provail about the pulse as indicative of health or disease, a common notion being that its beatings are much more uniform than they really are. Frequency varies with age. In a new-born infant the beat- ings are from 130 to 140 per minute; in the second year, from 100 to 151; from the second year, from 100 to 151; from the second year, from 100 to 151; from the second year, from seventy-five to eighty-five; from the fourteenth to the twenty-first year, from seventy-five to eighty-five; from the twenty-first to the sixticth year, from seventy to seventy- five. After that period the pulse is gen- erally thought to decline, but medical anthorities differ radically on this point, having expressed the most contradictory

Save Old Paper.

1

Never throw away the old paper. If on have no wish to sell it, use it in the house. Some housekeepers prefer it to cloth for cleaning many articles of furniure. For instance, a volume, written by lady, who prided herself on her experience and tact, says : After a stove has been blackened, it can be kept looking well for a long time by rubbing with paper every morning. Rubbing with aper every morning. uper is a much nicer way of keeping a other climate. Hop Bitters is the only thing that will give perfectly healthy natural acttea kettle, coffee pot and tea pot bright and clean than the old way of washing them in suds. Rubbing with paper is also the best way of polishing knives, tinware and spoons, they shine like new silver. For polishing mirrors, windows,

Travelers affirm that the people of n foreign country do as much of out door labor during the heat of the day as the inamp chimneys, etc., paper is better than dry cloth. Preserves and pickles keep habitants of the United States. In all th such better if brown paper instead of doth is tied over the jar. Canned fruit ountries about the Mediterratean sea : s not half so apt to mould if a piece of long session of rest for man and beast oc writing paper, cut to fit the can, is laid directly upon the fruit. Paper is much curs during the middle of the day. In northern Europe a shorter time is given better to put under the carpet than straw It is warmer, thinner and makes less s lower and the rays of the sunlight fall

noise when one walks over it.

----RELIABLE -It is useless to deny the great curative effects of Simmons' Liver Regula-With us there is no tor. Its virtues are attested by thousands who have used the medicine, and it is now iargely in demand. It commends itself to the public by its component parts being en-tirely vegtable, no injurious effects from its use, being pleasant to the taste, and its op-eration upon the Liver being perfect, at the same time so imperceptible that it interferes with neither business nor pleasure.

Good Company Number Eleven.

Good Company, Number Eleven, opens with Notes of Travel by Charles Dudley Warner, at the end of which he throws the charm of his style about an account of the immense Chicago stock yards in a way to delight the new Porkopolis.

An idea of the prevailing Southern diet and the obstacles to introducing improved methods in cooking is given in an account of personal experience by Mrs. Helen Camp-

Those familiar with the attractive grace The workers have a never of E. S. Gilbert's nature-studies will not need to be told that his "Midsummer" is pat to the season and entertaining. Season-The males and females form a class apart, and able, too, is Dora Read Gooddale's vividiy have wings, in order that they may move descriptive poem "A Summer Night Storm," about and disseminate their kind. The and another gracefully descriptive bit of soldiers and workers are wanting in wings verse, "Sunshine." Mrs. Cleste M. A. Winslow's verses, "Border-lands," have decided merit.

Octave Thanet has the "Romance of a Medicine Bottle," and there is a full allowance of stories by Ellen W. Olney, L. K. Black, Mabel S. Emery, and David Ker; also contributions from B. F. DeCosts, Mrs Edward Ashley Walker and J. B. T. Marsh; and several shorter sketches.
