Few of the thousands of people who travel daily on the cars have any idea what an ordinary passenger car costs, and the wildest guesses are often heard, ranging from \$500 to an indefinite number of thousands. The average price of a passenger car is about \$4,500. Pullman cars average from \$6,000 to \$10,000; a locomotive costs \$11,000 to \$12,000, while an ordinary freight or box car costs about \$625.

One can scarcely help wondering why it necessary to have a Chief Engineer and assistants of the fire department, if the duties of those officers are to be performed by marshals whenever a parade takes place. Who ever heard of a marshal to direct the marching of a regiment when the colonel and his staff were in command? The ordinary way of conducting such matters would have avoided considerable confusion on the Foorth.

THE FOURTH IN BLOOMSBURG.

The one hundred and fifth anniversary of the Nation's Birthday was ushered in on Monday morning with promises of a bright day At an early hour the streets became animate by the appearance of numbers of firemen i uniform, and at half past seven a large crowd had gathered at the depot to welcome th guests of the fire department. On the up train came the Friendship, Good Will and Wash ington companies from Danville, the former them, but when they went for it, it could not with their handsome steamer, and the others be found, and they were compelled to do the with hose carriages, all prettily trimmed. On the down train come the Fearless, of Berwick, and their hose carriage. The visitors were escorted up town, and taken to their quarters the Friendship company of this town entertain ing the Washington of Danville, the Rescue having the Good Will, and the Winonas the Friendship, of Danville, and the Fearless, of Berwick. Lunches were served in the halls of of hours the visitors were at liberty to do as they pleased. At ten p'clock, a game of base ball took place between the Hazleton and Bloom clubs, an account of which appears in another column. At noon the guests dired at the Exchange and Central Hotels, and shortly after one o'clock, the procession was formed on Main street, under the direction of William H Gilmore, chief marshal, assisted by J. C. Knittle and W. H. Jacoby, all mounted. The ine was formed in the following order:

Some unknown but clear-headed philosopher says that the most unfortunate day in the career of any man, is the day on which he fancies there is some better way to make money than to earn it. From that feeling spring the many extravagant and visionary plans which are indulged in for the purpose of gaining a livelihood without labor. When a man becomes thoroughly infected with this feeling, he is ready to adopt any means for the accomplishment o his object, and, if he is foiled in his efforts, upon the breast wave which he has already mounted, and in full view, is temptation to crime, to shield him from the disgrace which he thinks must inevitably follow in the wake of defeat. To those he yields, and the first he realizes he finds himself the violator of the law and a criminal in the eyes of the community and the inmate of a prison, waiting trial, all brought about for the want of a little manly firmness in the outset of life to prompt him to choose an avocation where the penny earned would bring with it its sure reward.

A DANGEROUS COUNTERFEIT, There is a dangerous counterfeit in circulation purporting to be "wainut Leaf Hair Restorer." The strongest evidence of the great value of "Walnut Leaf Hair Restorer" is the fact that parties knowing its efficacy try to impate it. Each bottle of the granule has a "fac simile" of the signature of "I). Becker"—the manufacturer—blown in the glass; and the "Restorer" is as clear and harmless as water, while it possesses all the component properties necessary to restore life, vigor, growth, and color tathe hair. Furchase only from responsible parties. Each totale warranted. C. N. Crittenton, New York city, Whohale Agent. Get. 27, 30-41

most durable fence made, is not not something you want. If so, call rffected by fire, wind or flood,does on us where you have the advanposts and stock cannot push it prices, down. Our wire is four pointed, 12 best galvanized steel wire twisted together just enough to allow for contraction and expansion in Summer and Winter, barbs are fastened every seven inches. The use of barbed wire is no longer an experiment, as last year over one hundred thousand miles were put up. We believe our wire to be

the best and cheapest now manufactured because it is made of the best steel wire and runs 15 feet to the pound having the greatest strength and visibility with the least weight of any made. Put up on spools of about 100 rods weighing about 100 pounds. Price per pound 11 cents by the spool, ess quantities 111 cents per
