John Wanamaker's,

Plenty of readymade dresses of such sorts as are most in demand now, viz., substantial and not costly.

Also plenty of white muslin dresses below value; and a fair variety of the more costly stuff dresses. 1301 and 1303 Chestnut

There is no danger of overstating the advantage in buying black grenadines now. There is a clear dollar a yard to be gained in most of the rich ones,

Dress-goods trade with us is now very largely upon goods below value. Checks, checkstripes, melanges, debeige, and others, are at half and twothirds. Not all we have: we don't mean that; some of all these and other sorts. And low prices are no reflection on the goods. Whatever we buy low we sell low. Of course we lose money on goods sometimes. We are not talking about that now. Second and third circles, southeast from center

Cream cashmere shawls of \$5 quality, with here and there a dark thread just visible a yard off, \$3.50. India chuddas that cost five or ten times as much have such little imperfections. Imitation chuddas are made with them purposely. But, as they don't belong to cashmeres, we sell as above.

It is wonderful how dressgoods have dropped here. Fine-wool and silk-and-wool things at two-thirds; some even at half; the best things in the store at that, Literally true! What in all dress goods is better than a fine debeige? We have one at 50 cents that is well worth a dollar. What has proved better this season than small-check effects? Why, we have thirty sorts at twothirds and below. What better than a fine melange? Twothirds; and fifty to choose from. There is no exhausting them.

Scotch ginghams of finecheck patterns, so fine as to look like plain colors, and even plain colors are in great favor. 25 and 30 cents. The handkerchief patterns so popular solved Animal Bones has been presented last year at 31 cents are now American ginghams that usu-

ally sell for 15 are now 10. Next outer circle, north from center Figured and dotted soft mulls very low: 50 and 75 cents instead of 75 to \$1.50. Everything in fine muslins

and Hamburg embroideries. Third and fourth circles, City-hall square Belgian pillow linen and sheeting, almost white; almost as white as Irish; and a dollar to the second sheeting to goes as far in them as a dollar-and-a-quarter in Irish. New have just come; and it is a good logour blower solomon in Bower time to emphasize the advantage we always give in such ways. Indeed we consult your interest more than any other

from another source, Outer circle, City-hall-square entrance. Honeycomb and dimity bedspreads, \$1.10 to \$1.45. Fine-

very best, except seersucker, are \$1; seersucker not much

more. One of the busiest corners in the store is that of muslin underwear. We are being rewarded for our patient pur suit of good quality in it.
