### The Campaign Columbian.

We will send the COLUMBIAN to any address in the county, from now until after the fall election for 30 cents. As this will be an unusually interesting campaign every Democratic voter should take a paper and keep himself posted. There is not a man in the county who cannot afford to take the COLUMBIAN at that price, and we hope to receive many orders. Postage stamps car be sent by mail.

As a general rule, whatever a tenremove at any time before the expiration things as cupboards, shelves, coal bins, and even a stairway has been held to be within the rule. All trade fixtures and temporary structures, whether frame or brick, and without regard to their size, landlord can legitimately demand is to have his property restored to his possession in as good condition as it was received by the tenant, ordinary wear and tear excepted. Whatever the tenant puts in of a movable nature he may take away, but his carpenter work must not injure or permanently alter the property. All these decisions concur that these removals of fixtures must be made within the term of the ease. All that is on the land after the lease has expired reverts to the landlord -Harrisburg Patriot.

Capture of a Horse Thief. Abram Whipple, of Northumberland ounty, notorious as a horse thief in this state, was arrested at Wilkes Barrel last Saturday night. When he discovered that officers were after him, he attempted to make his escape but was overtaken. He had in his possession a horse and three sets of harness, supposed to have been stolen between Wilkes Barre and Harrisburg. At a hearing Sunday morning he was committed to jail for a further examination. The prisoner was one of a gang of notorious thieves who were arrested near Sunbury in June last, among who was William Whipple. His brother, William, at the time resisted arrest, and was shot by an officer, receiving a wound from which he died. Abram was tried on that occasion but was released for lack of evidence. Alfred Irvin of Montour township recently lost a double set of harness, and so on Wednesday constable Woodward went to Wilker Barre and arrested Whipple after he had been discharged there, nobody being able to identify the goods, and brought him to Bloomsburg. Irvin found his harness and blanket, and Whipple was committed to jail to wait the action of the grand jury. He will be very apt to go to Philadelphia next fall to stay a few years.

> How to Treat Boys-The Secret of

It should not be expected, says a well known writer, that a boy will become a man, and be able to do a man's work well, without receiving instruction from those to whom he has a right to look for advice But a great many fathers who are very particular about their work, think a boy ought to know instinctively how work ought to be performed. They have forgotten that they had to learn how to do things. To plow a field as it ought to be plowed may seem a simple thing to a man who has done that kind of work for years, until he has become so familiar with it that he has to give it no special thought, but the novice finds many things to learn. He has seen it done, but when he comes to do it himself he finds that seeing a thing done is one thing, and doing it is another. The man who is wise will not find fault ecstatic girls, and listened delightedly to with a boy for a failure of this kind, but he will exercise patience, and explain to him wherein he failed. He will not treat the boy as if he were a man, or ought to know how to do such things as well as a mar who has had experience, but he will make monument." The way to make men of boys is to treat them as you would a man in many ways. Show them that you do not hold their opinions in contempt. Encourage them to act and think for themselves, and let them had he been as willing as his word .- Washfeel that you trust them. It gives a boy a very manly feeling to know that a grown up man considers his opinion worth something, and has faith in his ability to act onstrue the law as between tenants and without constant supervision. Put a re sponsibility on a boy's shoulders and h will be proud of it, and generally do him-

BAUGH & SONS,

## Invitation.

Successers are invited to visit our store, when in Philadelphia, to leave packages there, and to make a convenience of it generally. It is a handy place, right by the new City Hall, at the very center of the city. It answers our purpose to welcome you, and to provide for such of your wants at we can.

The store is about twice as large as it was two or three years ago; made so by digging under ground and building overhead, and by extension on Chestnut street. Parts of the store are about as comfortable as any place can be; and one of the most comfortable parts is now being got ready for the rest and refreshment of strangers.

One of the pleasant things about the store always has been the fact that you can walk all over it, either alone or with a guide, without ever being asked to buy a thing. We know very well that most of you come to us for a good share of your supplies; why should we spoil your visit by intruding goods upon your attention, when you come to see the place?

But perhaps you are not coming to Philadelphia just now. Very well; take a cooler time. It's cool enough in the store, when you get here. You can write for any goods that you may happen to want; and get them, probably, just as well as if you were on the spot. Any how, you know, you can return whatever you get that you don't like.

We sell more sorts of things than we can put into an advertisement. So, whatever you want, suppose you drop us a line. We'll help you if we can.
