The COLUMBIAN did not support Robert Klotz for Congress in 1878 because it believed him to be an irregular nominee. You were convicted upon the express testimony of one witness, which your evidence did not induce the jury to disbelieve. He had, so far as we can understand, no motive to misrepresent. He had an opportunity to see you. He did see you, and it is fortunate for you hat he did not take a better aim with his run than he did. We are satisfied of the precents of the verdict, but we are not atisfied that you have been heretofore victously inclined. While we might visit upon you a severe penalty of four or five years in the penitentiary, vet we are inclined to think that the unishment which we will inflict upon you will be all-sufficient for the purpose of vindicating the law and deterring you rom committing the like offence again. Speaking of the action of the Harrisburg ouncil towards the fire department of that city the Patriot says something that fits

Bloomsburg. It is this "A single fire may do the tax-payers more harm than the repairs of a dozen engines would cost. An inefficient fire degines would cost. An inefficient fire de-partment will inevitably increase the rates of insurance. An extensive fire would have the effect of increasing the tax-rate by lessening the value of the ground burn-ed over. For these reasons among many it is clear that the policy of councils is in direct antagonism to the interests or the peo-ple of the city. It is what might be styled a termy wise and proved foolish. a penny-wise and pound-foolish, save-at-the-spigot-and-spill-at-the-bung policy.
