

THE COLUMBIAN.

Published by J. E. Elwell, at the Columbia County Democrat, Bloomsburg, Pa. FRIDAY, NOVEMBER 3, 1882.

Democratic Ticket.

- STATE. For Governor, Robert E. Pattison. For Lieutenant Governor, Chancery F. Black. For Secretary of Internal Affairs, J. Simpson Africa. JUDICIARY. For Judge of the Supreme Court, Silas M. Clark. For President Judge, William Elwell. COUNTY. For Congress-at-Large, Mortimer F. Elliott. For Congress, John B. Storm. For State Senator, William W. Hart. For Representatives, T. J. Vanderville, William Bryson. For Sheriff, John Mourey. For Coroner, John P. Haanon. For Jury Commissioner, George W. Derr.

HOW TO VOTE.

There are three tickets to be voted next Tuesday. One is headed STATE, another JUDICIARY, the third COUNTY. Separate them, and fold them so that these words will appear on the outside. See that the name of Mortimer F. Elliott appears at the head of the county ticket for Congressman-at-large. Do not scratch a single name. In order to make our victory complete every name on the ticket should have a full vote.

TO THE DEMOCRATS OF COLUMBIA COUNTY.

At no time during the last twenty-two years has there been as bright a prospect for the election of the Democratic State ticket, as there is this fall. Our common foe are disheartened and as a last desperate effort, are endeavoring to divert Democratic votes from the regular Democratic ticket. Let every Democrat beware of the advance of the enemy and be sure to see that his ticket contains the names of all the Democratic nominees, from Governor down to Jury Commissioner. Every Democrat should constitute himself a committee of one to see that all the Democratic votes in his neighborhood are polled.

Forward! And victory will be ours. C. A. KLEIM, R. BUCKINGHAM, Secretary, Chairman.

Vote for John B. Storm for Congress.

For Sheriff, give your hearty support to John Mourey. There will be an effort to combine the Wolf and Kosterlander votes against him but he will be elected all the same, by a large majority.

Give one day more to your country. Let the SEVENTH of November be a day hallowed by the people of this false Republicanism, which curses the country. Take HART of the situation and STORM of the work of the enemy; and let the comet blaze in the morning to celebrate our victory.

The time to defeat the Republicans is not next year, it is this year; and next year they will be defeated to start with. One solid day's work now is worth two next fall. Now is the accepted time; don't let it go by without putting in a full day. Have your ticket ready, vote it and then see that your neighbor is at the polls and votes for Pattison.

Vote for T. J. Vanderville and William Bryson for Representatives. They are the only regular democrats in the field, and are working earnestly for the success of the state ticket. Do not be deceived by any side issues. While the candidates on other tickets may be sincere, their candidacy only tends to weaken the democratic vote, and they should therefore not be encouraged. Vote the whole ticket from Governor to Jury Commissioner.

The office holders at Washington are assessed in order to meet the demands of Mahone in Virginia. He threatens the Administration with defection if his demands are refused. The coalition with Mahone is so well carried out that Desendorf, the Republican candidate for congress in the Norfolk district, complained that the public patronage had been used against him. The Administration very frankly told him "that the bargains with Mahone must be kept. It looks evident that the coalition will be beaten even with Jay Hubbel's assessments. This is a year for reform in every section.

MAIMED SOLDIERS.

"He came back to us a maimed soldier, his brother and many others of his comrades sleep where glory guards with solemn rind, the bivouac of the dead" and to all we owe more of honor than the living can ever bestow. The above is a copy of a circular that the stalwarts are posting all over the state. With them we say all honor to the soldiers, one legged or two legged, who served his country faithfully. But it strikes us the soldier business as a political dodge played out. It does not seem to work both ways. McClellan was a brave soldier, but he was not elected President. Gen. Ent was a brave soldier, but he was defeated for a state office. Gen. Hancock was a brave soldier but he was defeated for the Presidency. The Independent ticket presents two one legged soldiers and the stalwarts are denouncing them, and yet they ask for support for Beaver because he lost a leg in the war. Let us apply the soldier matter at home and see how inconsistent and false are the pretenses of the Cameron party. Capt. H. J. Conner, a brave soldier, was a candidate for nomination for the legislature before the county Republican convention; he was defeated because he was not in sympathy with the bosses. Gen. W. H. Wears, who served faithfully and came back to us a maimed soldier with an armless sleeve, was a candidate at the same time for jury commissioner, but he too, was set aside, because he did not suit the machine leaders. John Graham, another brave soldier, lost a leg in the war, but no one ever heard the present incumbent of the post office proposing to give up his place so that a maimed soldier could be appointed. This soldier cry is a sham and a pretense on the part of the stalwarts to catch the votes of those who are weak enough to be caught by such chaff. They have turned it into a farce, and shown their own inconsistency, and if it recolls now upon their own heads it is the fault of no one else. The men who are crying the loudest for Beaver, the maimed soldier, are those who never smelled gunpowder in the late rebellion.

THE TICKETS.

The Democratic tickets have been printed and placed in the hands of the committeemen of the several districts, or left at the polling places. Those who do not get tickets before Tuesday should not stay away from the polls on that account. They can get them of the committeeman when they go to vote.

ANOTHER SOREME FRUSTRATED.

MALION HAMLIN NOT A CANDIDATE.

Greenback circulars have been sent out through the county, containing a ticket with the names of the candidates of that party. Among them is the name of Malion Hamlin, as candidate for representative. Mr. Hamlin authorizes us to say that his name was placed there without his consent, and that he is not a greenbacker, and never has been, and is not now a candidate for the office on that ticket. He wants it understood that he is a Democrat, and always has been, and will not permit the use of his name in any way intended to injure the Democratic party. Examine your tickets and see that the names of William Bryson and T. J. Vanderville are on them.

Boss Colporters Among Catholics.

Delany, although compelled to go to the rear after the exposure of his operations in The Times, is not idle. He has been reduced from a wholesale to a retail customer, and he is now working a number of Catholic colporters or pretended book agents in Northumberland, Moutour, Columbia, Lackawanna, Luzerne, Schuylkill and Carbon. Among them is an old Democratic politician from Philadelphia, who has been doing Montour. They pretend to sell Catholic books and they visit Catholic families, and they invariably tell the fabricated Pattison speech about the Macks and the O's wherever they go. That is really what they are employed for, and Delany has them now, under Boss pay, in all the Catholic settlements of this region.

Beaver Hats at a Discount.

THE MATTER TO THE COOPER'S COMMITTEE ANXIOUS TO UNLOAD.

PITTSBURG, October 25.

The boss campaign is in desperate straits is an open secret. The campaign assessment robbery has been practiced with unprecedented vigor in this city and elsewhere, and the collecting agents of Boss Cooper have been given every assistance in squeezing the victims to the last extremity. But notwithstanding this fact the canvass lags for want of means. C. L. Magee is now East looking after the colored vote with a very uncertain grip, and it is likely to slip from them at any moment. But now the Republican party appears in an entirely new role. It has suddenly become the friend of the Irishman, and is endeavoring to secure his vote by the blackest and most contemptible of lies. For years Republicans have been calling the Democratic party, a party of ignorance, superstition and fraud, and the reason why they have applied such epithets to us is because the Irish generally vote the Democratic ticket. For years they have insulted and slurred the Irishmen of this country, but now when they want their votes they suddenly discover that the Democratic party is not the friend of the Irishman. If the Irish vote is cast for Pattison his election is as certain as the sun rises. Regarding this fact, the corrupt and unscrupulous leaders are making a final effort to capture that vote. Weeks ago the Philadelphia Times exposed the plan. Delaney, a paid agent of Cameron, secured the names of 40,000 Irish Catholics in this state, and sent to them circulars containing a false speech alleged to have been made by Pattison in which he is charged with saying that the "O's and the Macks must go to the rear."

THE IRISH VOTE.

Mr. Pattison declares he never used the language, the respectable delusion that there was no such thing in it, and yet after all this the lie is stuck to, and by some means got into the New York Tablet a Catholic Republican paper. The Tablet has been sent, or will be, to 40,000 persons whose names Delaney has, and it is likely that every Irishman in this county will get a copy of it. The publisher of the Republican is taking care that every one in this town shall see the article, and it is really amusing to see his friendly approach to them but a few years ago he called "the son of the land," "copperhead" and other like appellations. Will a single Irish voter be caught by such chaff? For years the Republican party has denounced and deceived them, the Democratic party has befriended them, and now can it be possible that a fabricated lie will lead the Irish voter into the camp of their own worst enemy? No, and the vote of next Tuesday will show that the labor vote and the Irish vote has been cast almost solidly for Robert E. Pattison, the friend of the oppressed and the guardian of the tax payers' interest.

HON. JOHN B. STORM.

Between this and next Tuesday circulars will be sent out denouncing Mr. Storm as a free trader and the foe of the laboring man. It is to be issued so late in the campaign as to afford no opportunity for reply or explanation. This is a cowardly mode of political warfare, and no party will resort to it unless driven to desperation. The object of the circular is to injure Mr. Storm in the mining and manufacturing portions of the district and to affect the party generally. Mr. Storm has on every occasion when an opportunity was afforded, denounced the charges made against him. The very remark they are trying to prove him a free trader, was made in defense of a tariff for revenue, and in the interest of the laboring classes. His whole public life is proof of the falsity of these campaign yarns. If Mr. Storm were a free trader he could not have been elected by the people of this district, have to choose between an able lawyer, a man of public experience on one side, and a beardless youth on the other, to represent them in Congress. Mr. Storm will have the usual majority of about 8000.

Every Democrat in the state will rejoice that William A. Wallace has consented to return to the state Senate. Young, able, enthusiastic and eloquent, he is a natural leader. He knows the state, is a good lawyer, and public business will be attended to by him.

WHEN YOU COME TO BLOOMSBURG. We wish to call your attention to our large and complete stock of Hardware and House Furnishing Goods. Give us a call whether you wish to buy or not, and see the many interesting and useful articles we keep in stock.

STOVES, STOVES. Some of you may know we are going out of the stove business, but others may not. We never bought anything but the best and latest improved stoves, and our present stock which is not large we are closing out at very low figures, and the early callers will secure the bargains.

AT WANAMAKER'S. Visitors to Philadelphia are invited to visit the store, whether to see or to buy. Your parcels are checked; a waiting-room is provided, where you may rest with ladies and children; guides conduct you through the house, or you wander at will; there are many things of interest to see, and a welcome.

HOLMES & SCHUYLER. In addition to our stock of Hardware, Paints, Oils, &c., for builders, farmers, blacksmiths, and our variety of tools for mechanics, we have, owing to a growing demand of house wives made a specialty of collecting useful articles for household use. Plain, Porcelain and tin lined Hollow Ware, Galvanized and Marbled Iron Ware, Wooden Ware, Baskets, Retined Stamped Tinware and the largest line of Table Cutlery, and spoons in the county. To call, see and price our goods, places you under no obligations to buy.

C. B. ROBBINS, FINE WINES and LIQUORS, BLOOMSBURG, PA. We may say our dress-goods of all sorts are at about their highest now. Silks of all sorts have come; and never were silks more acceptable. And these words have a meaning here beyond any they could have elsewhere; because of the greater variety of wares that look to us for supply. We must have all accepted styles, and all the approved qualities of those styles; and, as to colors, can you think of one that we can do without? A store that has only one class of trade can get along with comparatively few silks. Which stock would you rather buy out of?

STOVES. Abition Cook Stoves. Radiant Home Heater. C. U. GALLAGHER, Bloomsburg, Pa. Happy Thought Range. High Art and Low Feed Stoves. STOVES. Two damask towels at 15 and 18 cents may serve to show what we gain by buying of the makers. The very same towels are in the wholesale trade in New York at about 21 and 22 cents, which means at least 25 cents at retail.

STOVES. What will the weather be to-morrow? O Pool's Signal Service Barometer. It will tell you the weather for the next 24 hours, and it will tell you the weather for the next 48 hours, and it will tell you the weather for the next 72 hours, and it will tell you the weather for the next 96 hours, and it will tell you the weather for the next 120 hours, and it will tell you the weather for the next 144 hours, and it will tell you the weather for the next 168 hours, and it will tell you the weather for the next 192 hours, and it will tell you the weather for the next 216 hours, and it will tell you the weather for the next 240 hours, and it will tell you the weather for the next 264 hours, and it will tell you the weather for the next 288 hours, and it will tell you the weather for the next 312 hours, and it will tell you the weather for the next 336 hours, and it will tell you the weather for the next 360 hours, and it will tell you the weather for the next 384 hours, and it will tell you the weather for the next 408 hours, and it will tell you the weather for the next 432 hours, and it will tell you the weather for the next 456 hours, and it will tell you the weather for the next 480 hours, and it will tell you the weather for the next 504 hours, and it will tell you the weather for the next 528 hours, and it will tell you the weather for the next 552 hours, and it will tell you the weather for the next 576 hours, and it will tell you the weather for the next 600 hours, and it will tell you the weather for the next 624 hours, and it will tell you the weather for the next 648 hours, and it will tell you the weather for the next 672 hours, and it will tell you the weather for the next 696 hours, and it will tell you the weather for the next 720 hours, and it will tell you the weather for the next 744 hours, and it will tell you the weather for the next 768 hours, and it will tell you the weather for the next 792 hours, and it will tell you the weather for the next 816 hours, and it will tell you the weather for the next 840 hours, and it will tell you the weather for the next 864 hours, and it will tell you the weather for the next 888 hours, and it will tell you the weather for the next 912 hours, and it will tell you the weather for the next 936 hours, and it will tell you the weather for the next 960 hours, and it will tell you the weather for the next 984 hours, and it will tell you the weather for the next 1008 hours, and it will tell you the weather for the next 1032 hours, and it will tell you the weather for the next 1056 hours, and it will tell you the weather for the next 1080 hours, and it will tell you the weather for the next 1104 hours, and it will tell you the weather for the next 1128 hours, and it will tell you the weather for the next 1152 hours, and it will tell you the weather for the next 1176 hours, and it will tell you the weather for the next 1200 hours, and it will tell you the weather for the next 1224 hours, and it will tell you the weather for the next 1248 hours, and it will tell you the weather for the next 1272 hours, and it will tell you the weather for the next 1296 hours, and it will tell you the weather for the next 1320 hours, and it will tell you the weather for the next 1344 hours, and it will tell you the weather for the next 1368 hours, and it will tell you the weather for the next 1392 hours, and it will tell you the weather for the next 1416 hours, and it will tell you the weather for the next 1440 hours, and it will tell you the weather for the next 1464 hours, and it will tell you the weather for the next 1488 hours, and it will tell you the weather for the next 1512 hours, and it will tell you the weather for the next 1536 hours, and it will tell you the weather for the next 1560 hours, and it will tell you the weather for the next 1584 hours, and it will tell you the weather for the next 1608 hours, and it will tell you the weather for the next 1632 hours, and it will tell you the weather for the next 1656 hours, and it will tell you the weather for the next 1680 hours, and it will tell you the weather for the next 1704 hours, and it will tell you the weather for the next 1728 hours, and it will tell you the weather for the next 1752 hours, and it will tell you the weather for the next 1776 hours, and it will tell you the weather for the next 1800 hours, and it will tell you the weather for the next 1824 hours, and it will tell you the weather for the next 1848 hours, and it will tell you the weather for the next 1872 hours, and it will tell you the weather for the next 1896 hours, and it will tell you the weather for the next 1920 hours, and it will tell you the weather for the next 1944 hours, and it will tell you the weather for the next 1968 hours, and it will tell you the weather for the next 1992 hours, and it will tell you the weather for the next 2016 hours, and it will tell you the weather for the next 2040 hours, and it will tell you the weather for the next 2064 hours, and it will tell you the weather for the next 2088 hours, and it will tell you the weather for the next 2112 hours, and it will tell you the weather for the next 2136 hours, and it will tell you the weather for the next 2160 hours, and it
