IT'S COME!! And WE HAVE GOT IT. AN Immense New Stock of CLOTHING. HATS, CAPS, SHIRTS, and A Grand Line OF Gents' Furnishing GOODS.

DARBY'S PROPHYLACTIC FLUID. A Household Article for Universal Family Protection. Eradicates MALARIA.

MISCELLANEOUS. A STRANGE PROPHECY. BY CARL RAYMOND. Is there a power by which any human being can foretell a special event?

It has injured their flowers and spoiled their blossoming for the season, and after trying a little put them in some moderate cool and dry place secure from the frost.

Hints for Farmers—Household and Garden. Our Receipt for Curing Meat. As the season has arrived when curing meat is in order, we reprint as of old, our famous receipt for curing beef, pork, mutton, hams, &c., as follows:

THE SUGAR-BEET. The department of agriculture at Washington appears to have ascertained that the prizes of money offered by the department to stimulate the production of the sugar-beet and Chinese sorghum in this country were made without authority from Congress and were therefore illegal.

A Chinese Garden. A correspondent of 'Vick's Magazine,' writing from China, says: I wish to tell you something of the beauties of this land. There are those who think there can be no beauty here, yet the people themselves call their country the Flower Kingdom.

Scarllet Fever Cured. The physician here used Darby's Fluid very successfully in the treatment of Scarllet Fever.

She looked at each hand, and it was extended toward the light, and turned deadly pale. "Well, what is the matter?" asked Jean, perceiving the marked change in her countenance.

LOOK TO THE IMPLEMENTS. We desire, at this season of the year, to say that it is a lamentable fact that many farmers lose so much from a want of proper care of implements and machinery.

PICKLED EGGS.—Boil a dozen eggs quite hard, remove the shells without breaking the eggs, and pack them in glass jars. While the eggs are being boiled put over the fire in a porcelain-lined kettle one quart of vinegar, one level teaspoonful each of whole cloves, allspice and pepper corns, and one tablespoonful of mustard.

Butter Toast.—Allow six table spoonful of butter for each slice of bread; melt the butter by very gentle heat; toast the bread to an even light brown color, lay it in a shallow dish, and in a thin china dish set in a larger dish containing hot water, and pour the melted butter over it.

The temptation to tight lacing is not so great as formerly, now that the corsets are fitted by measure, and then fastened in front by steel hooks. But almost every corset maker would find her waist expanding in size, should she leave off the corset and wear really loose clothing.
