The jury rendered a verdice of "guilty of forgery" in the case of Major Phipps, on Saturday last. A motion was made for a new trial.

Governor Pattison has intimated that if the Legislature does not pass the Apportionment bills, he will call an extra session for that purpose. He maintains, with considerable force, that the constitution ordains that an apportionment shall be made. It is the duty of the Legislature to make one, and he has taken an oath to see that the laws and the constitution are faithfully exe-

Every person leaving Russia for residence abroad is taxed \$5 for his passport, a part of which sum goes to the pension fund of the army. Quite a stir has been made among the upper classes of cities, like Moscow and St. Petersburg, by a proposition to add to this a further tax of \$5 a month, or \$60 a year, during absence, the payments to be made to the nearest Russian consul. Persons who fail to do this will be determined the torrents, swelling the streams considerably and in a number of places in the assumed right of the State to take the management out of the hands of these individual donors. They point to the Tewksbury investigation now in progress in Massachustruck Shanks Tunker church, situated about one mile and a half south of Greencastle, burning it to the ground. The building was a large brick one, and was one of the finest and largest owned by that denomination in this county. The lightning struck near the roof, they admit that the certificates of the proposed patients by physicians connected with the hospital is a questionable practice, but explains that it sometimes. Persons who fail to do this will be de tained on the frontier when they return, and there obliged to pay their arrears plus 10 per cent. compound interest. I is estimated that, on an average, about 100,000 persons cross the frontier on business or pleasure every year.

A RAILROAD MAN WHO KNEW HIS DUTY AND WAS PROMOTED FOR DOING IT.

Mr. Hayes was traveling, absorbed in the affairs of the State, when he was politely waited upon by the conductor of the train and his ticket rehe was, but the conductor said that his ofders were imperative. He was obliged to show something at the end of his route for every passenger who traveled with him, and it did not make any Judge Lawson's life at the risk of my difference who the man was, he must either have a ticket, a pass or the money. Suing Mason's Wife.

Mrs. Betty Mason has filed answer in the Equity Court at Washington to the suit of Benjamin F. Bigelow for counsel fees in defending her husband, Sergeant Mason. She states that Big-elow volunteered to assume the case and was not of her choice; that she never agreed to pay him for his servi-ces, but had of her own volition paid him \$370, for which she holds his receipt; that he connected himself with her husband's defense only for his own glorification and for the benefit of his eputation, and finally she denies the urisdiction of the court and holds that
