Johnathan Troup has recently purchased in Osborne reaper and binder, through Harman & Hassert, local agents. H. S arter, general agent, came with the mahine, and assisted in putting it in work ing order. Three horses can easily draw but on the trial four horses were at tached. The Osborne is considered among the best in the market. It is won derful to see it cut the grain, bundle it and ie it, thus saving the labor of several men, and making a great saving in time. One great advantage in purchasing this machine is that if anything gets out of order, the local agents, who are practical machilists, can easily repair it, as they keep on The Concernan office is prepared to hand all the pieces to supply in case of furnish all kinds of paper bags, plain or breakage. If you want a reaper and ainder examine the Osborne before pur-

> While driving over the mountain this side of Centralia last Friday, M. C. Woodward saw a rattlesnake coiled up in the niddle of the road, ready for a spring, added. It was only a short distance ahead of the torse, and as Mr. Woodward was alone, he had to hold the horse with one hand while he threw stones at the snake with the other. Fortunately a good sized rock, huried by the constable, nearly out the reptile in two, at the second throw, and the danger was over. As the road was narrow, and it was impossible to turn around, and impossible to drive ahead without having the horse bitten, and as Woodward was obliged to get out and hold his frightened horse by the head, it was rather an unpleasant situation for a little while. The snake was 3 feet 2 inches

long, and had ten rattles. The future of Bloomsburg depends upon the energy and enterprise of the citizens of o-day. That business is dull here is a proper quantity of pitch and coal tar is well known fact, and that it is largely owing The Greenwood M. E. Church will be to the depression in the iron trade is equala, m. The Rev. D. S. Monroe, D. D., of furnaces and car shops, hundreds of men Bloomsburg, will officiate. He will also are thrown out of employment, and this proper toughness. When thoroughy mixed preach at 3) o'clock, p. m. Let there be a affects all classes. Every time there is a with the melted pitch, the mass is plastic, fall in the price of iron it is felt by all our and can readily be moulded into any debusiness men. Bioomsburg needs two sired shape. It is then earried to the things, one being an establishment that press, where it is delivered between rolls don't forget your friends on your return, as will make a home market for the iron by manufacturing it into stoves, axes, nails, machinery, or something of the sort, and the other, a number of factories that are entirely independent of iron, so that when there is a full in that trade we may have something else to full back on. There is no denying that we are not progressing as a possibility that he may move away from we should, and the fact must be faced.

County Superintendent Grimes has sen out his bills announcing the time and places of examinations for teachers.

We have an assortment of thermon ters in stock which we will sell at reduced prices to close out. Every house should have one. Call and see them at the Cor. UMBIAN Store.

The ladies of the Lutheran church wil give a festival in Evans' Hall on Friday evening, and Saturday afternoon and evening, at which time will be served raspberries, ice cream, cakes, candies, bananas, &c.

The members of the Evangelical church at Lightstreet will hold a festival on Friday and Saturday evenings, July 27th and 28th. All the delicacies of the season will be served. Proceeds for the benefit of the church.

Some of the parties who are most active the Chairman of the County Committee contribute a cent toward the expenses of the Presidential campaign in 1880, when there was indebtedness of several hundred dollars. Talk is cheap.

The steps taken by the Town council owards disposing of the patch of ground known as the "Park" are commendable and it is to be hoped that the town can in some way get rid of this useless burden. Since its purchase in 1873 it has cost in in erest alone on the money invested, \$1200. Where woods and streams are within ten ninutes walk from any point in town, a park that is not a park is an expensive luxury at these figures.

Elegant Pongee silk coats and vestsight and cool-just received at D. Lowen

A petition signed by nearly every bus ess man in town has been presented to the Pennsylvania R. R. Company, asking ink or pen required. Call early and exa- for the establishment of a freight office for complied with, the office will be in town, and W. B. Poust will probably be appointed agent. This will be a great convenience to our business men, and will no doubt result in reduced freight rates.

James T. Smith died at Wellsville Ohio, on the 8th inst, aged 53 years. He was born in Bloomsburg June 17th 1830, where he lived until 1852 when he went west. He learned the trade of earriage making in the sidering the question of paving their Sloan shops, and engaged in business for himself at Wellsville, and was successful. Mr. Smith was a brother of Mrs. E. P. Lutz, and has many relatives here who will regret to learn of his death.

Charles Heywood Strattan, better known o the public as General Tom Thumb, died at his residence at Middleboro, Mass. on the morning of the 15th, of apoplexy. Cheapest Fashion Magazine in the world, 120 He had been slightly indisposed for a few days, but nothing serious was anticipated. The deceased was born in Bridgeport, Conn., January 4, 1838, and was conse quently forty-five years old. At the age of fourteen he entered the service of P. T. Barnum, and has been before the public ever since. He leaves a widow who has been on the stage with him since their marriage in 1863.

One of our western exchanges is glad to ote that out of over twenty thousand school teachers in this Commonwealth four hundred were able to save enough from their salaries to justify them in attending this convention. They are to be congratulated. But our sympathies go who were not there and who will probably never be able to attend a gathering of this buying droves of cattle and sheep. sort. Their average annual salary being considerably less than \$200 it could scarce. ly be expected that they would be able to indulge in vacation visits or embrace onportunities to learn something about their calling from the lips of leading educators. What a shame it is that the men and women to whom we entrust the education of our children are so poorly paid. - Williamsport Sun & Banner.

Important Notice to the Public.

A great reduction in all styles of Sum mer clothing has just been made in conse ruence of the cold and wet season. Cal and be convinced at the popular clothing

Teachers Wanted.

Wanted for the Public Schools of Centralia Borough for the ensuing term, one male and five female teachers. The examination will be held at Centralia August 7 1883, commencing at 9 A. M. By order of the Board of Directors.

Attest : C. G. MURPHY,

Council Proceedings. BLOOMSBURG, July 16th 1883. Council met pursuant to agreement at right o'clock, p. m. G. A. Herring, the

president, and Messrs. Hartman, Mover Rabb and Sterling, of the members, were present. On motion of Mr. Moyer, and seconded by Mr. Sterling, the following resolution

was unanimously passed, to wit: Resolved, That Charles Krug be requir ed to open the old water course immed-ately, and if he refuses so to do, that the prosecution now begun against him be proceeded with, and the Commissioner of Highways cause such work to be done as to prevent a nuisance, and keep a stric account of all expenditures therein, the amount of which shall be collected from aid Charles Krug, with 20 per centum

Artificial Fuel.

E. F. Louiseau's process for making artificial fuel from coal dust, which is i successful operation in Philadelphia, briefly described as follows in the Scien tific American : The coal dust is fed into hoppers, to

gether with about eight percent, of Bitu ninous slack, from which it passes through a series of four cylindrical revolving drums, in which it is thoroughly dried. From these it is carried to a receptach situated near the press. The dust, still at a temperature of about 140 degrees fabre: heit is then thrown into the mixing apparatus, in which it is thoroughly stirred by revolving shafts with blades, while the added from a reservoir in which it is main tained at a temperature of 180 degrees by steam heat. The pitch is mixed with a certain quantity of coal tar to give it the having moulds upon their surfaces, from which the egg-shaped lumps are discharg ed. When discharged from the press, the

umps are quite hot and have to be cooled sy jets of water. As thus prepared, the fuel is compacand very hard. Formerly clay was used as a comenting material, but now no in combustible or ash-producing material i required. The fuel is said to be even suParis Green on Potatoes. DOES IT HURT THE SOIL?

Burglars at Montoursville.

A dispatch from Williamsport says that he heaviest robbery ever committed in that section occurred in Montoursville, on Saturday morning. The victim was William Weaver, a merchant of that place, and his loss exceeds \$25,000. An entrance profit by those who are in circumstances to to his store was effected with tools pro- follow her advice; and be read with eavy cured from a furniture factory near by by all others. To all those who are nimble and the burglars went to work to blow the with the needle, and value their own work safe open with powder, which they suc. above the ready-made article, this number ceeded in doing without causing any alarm. They then appropriated the most these notions are: sofa cushion cover, valuable contents, which consisted of bonds of the Catawissa Railroad Company broidered linen, parasol covers, new Germounting to \$2,000, and about \$23,000 of Inited States registered bonds, money, notes, mortgages, checks and other securities. There were checks to the amount of \$800 that had been paid to Mr. Weaver toward the capital stock of the new furniture company, of which he was the treas-

One of these checks was from George W. entz, of Williamsport, for \$500. The ash taken amounted to about \$200, of which one-half belonged to William Moltz, his son-in-law, and the other half to the furniture company. Two men, one of large size and the other a small man wearng Burnside whiskers and presenting a stoop-shouldered appearance, were noticed the evening before, moving about in the cicinity of the store and acting in a susdcious manner. They were probably the Montoursville soon after three o'clock in be morning for Philadelphia, it is suposed that they boarded it with their plun

The following named gentlemen were elected delegates to the State convention :

> D. Lowenberg, of Bloomsburg. J. C. Yocum, of Catawissa. Mr. Waters introduced a resolution requiring the chairman and secretary to make a statement of the receipts and disbursements of the campaign of last fall. T. J. Vanderslice supported the resolution with a few remarks, whereupon the chairman took the floor and spoke at some length concerning the conduct of Vanderslice and some others in circulating the report that the funds placed in the hands of the chairman had been misappropriated, and asked that the resolution, which indicated that the accounts of the chairman required investigation, be laid on the floor, and at the same time asked any and all of the committeemen to call at his office gand examine his accounts, which show that the chairman was compelled to use considerable of his own means to meet expenses of the campaign. On motion the resolution was laid on the table,

John J. McHenry, of Benton,

S. P. Hanley, of Berwick.

manner in which he discharged his duties The chairman then appointed Dr. O. A. Weirman a committee to report an apportionment of delegates according to the vote for Governor in 1882. After a short recess the committee reported an apportionment, which was unanimously adopted by the committee, and which was placed in the hands of the chairman to be published in his call for the next county con-

and a vote of thanks was tendered Mr.

Buckingham for the able and satisfactory
