The proposed route has been advocated many years, and it is believed a strong syndicate is formed with a view to its construction immediately. Valuable fields, road exist at Berne in Sullivan county, the northern terminal of the line, which passes through the best timber land in this State.

It is the intention of the builders to have the road graded as far as Sonewick, this fall and the rest will be built next year. This will be good news to the people of Sullivan for this new outlet cannot but result in great benefits to all her interests.

WANTED.—Immediately one female to teach Fall term of school at Chestnut Grove School House in Jackson township. Apply to FRANK TILLOTSON.

Winona at Pittston. On Wednesday morning of last week the Winona Fire Company mustering 21 men, accompanied by the Bloomsburg Cricket Band with 20 members, went up to Pittston as the guests of the Eagle Hose Company of that place, to attend a picnic at Jones Lake.

At that point of perfection it should be used, not left to waste and decay. The smaller and immature timber will soon fill the open spaces. No doubt there is often an indiscriminate destruction which is reprehensible, but I am of opinion that mostly the owners will not kill the goose that lays the golden egg, and select and select, and thus have a continual growing crop of valuable forest product.

M. C. Woodward has been appointed by the Bloomsburg Water Company, Water Inspector for the coming year with authority to require in all cases compliance with the rules governing the supply and use of water. Consumers are therefore kindly requested to observe the rules of the company and whilst using liberally for the purposes under contract, not to waste the water but to avoid all excessive and unreasonable use.
