DEMOCRATIC STATE TICKET.

FOR AUDITOR GENERAL, ROBERT TAGGART. of Warren. FOR STATE TREASURER JOSEPH POWELL, of Bradford.

DEMOCRATIC COUNTY TICKET. FOR DISTRICT ATTORNEY.

R. BUCKINGHAM. OF BLOOMSBURG

FOR COUNTY SURVEYOR SAMUEL NEYHARD. OF BLOOMSBURG

The Delaware County Record, staunch Republican newspaper, publish-ed in Republican Chairman Cooper's own county, thus fixes the responsibility where it belongs: Governor Pattison used but a rightful prerogative and conments stitutional authority when he called the Legislature together to perform a negthe great-grandfather of Joseph Powell, of Towanda, Bradford County, Pa. lected duty : the Senate majority exceeded its rightful authority, unnec-essarily prolonged the extra session by its persistent and dogged refusal to confer and co-operate with the House upon the apportionment issue, and com-mittel the additional folly of issuing its "altimatum" that it would have it s own way or there should be no appor-tionment, as made and provided by laws and the constitution.

Get on Board.

The Democrats are harmonizing in New York and will elect their State ticket. The Democratic nomination for governor in Maryland insures harmony and success there. In Virginia the Mahoneites give it up. New Jer-sey has only had one Republican gover-nor since 1860, and will never have another ; Abbett will be elected. In Ohio Hoadley's election becomes more likely every day and some of the "visit-ing Republican statesmen" who went out there from Pennsylvania recently to spy the ground concede Hoadley's election. Pennsylvania Democrats should not wait for the returns from other States. Get on board.

Hon. Joseph Powell.

DEMOCRATIC CANDIDATE FOR THE OF-FICE OF STATE TREASURER OF PENN-SYLVANIA.

The first Moravian Brethren who emigrated to this country about the middle of the last century, crossed the ocean at different intervals of time, and in larger or smaller companies. Whenever they had obtained full control of as well as private affairs. Mr. Powell a transport ship by charter or other-wise, our forefathers never failed to inis no politician, and has never sought troduce among the passengers on board a complete social and religious organization, corresponding as nearly as might be with that establish ed in their congregations at home. Hence the term used in the reports of the day, die See Gemeinen, the "Sea

Congregations." Regular times were set apart in these floating congregations for their various religious meetings ; chaplains, teachers, exhorters and nurses were provided, and system was carried into the minutest details of life. Each member was assigned to a mess and hammock company, and his place and duty in every contingency were designated. They all felt that they formed a united band of followers of the same Lord, to serve whom in a new field of labor they had forsaken their homes and their native land.

joyment, and combined as it was with order and discipline, it had a powerful tendency to increase their bodily com-fort and well-being. The first "Sea Congregation" left London in March, and arrived in Philadelphia in June 1742. Count Zinzendorf himself had preceded them about six months before, and during twenty previous months small companies, partly direct from Europe and partly by way of Georgia, had been their forerunners. Some preliminary ar-rangements for their reception had been made, and their arrival was anxiously looked for by about twenty-five or thirty Brethren and Sisters resi-dent for the time being in Pennsylva-

How Watch Cases are Made.

The many great improvements introduced in the manufacture of the Jas. Boss Gold Watch Case, have led to similar im provements in the making of silver cases Under the old methods, each part of a silver case was made of several pieces of metal soldered together, requiring a great amount of cutting and soldering, which softened the metal and gave it the pliability of lead rather than the elasticity of silver. Under the improved methods, each part of the Keystone Silver Watch Case is made of one solid piece of metal hammered into shape. The advantages are readily appar-ent, for every one knows that hammering hardens the metal while soldering softens it. To test the superiority of the Keystone Silver Watch Case, take one of 3 oz. weight, press it squarely in the center when closed, and it will not give, while a case of same weight of any other make will give enough to break the crystal. The Keystone Silver

Watch Care is made only with silver cap and gold joints. foud i cant simmp to Kaye delphia, Fa., for handsome
