and short of the largest ever polled in the State. On this great vote the Democrats have beaten the Republicans by a majority of about 13,000.

Heretofore it has always been claimed that with a full vote Ohio was a surely Republican State Experience may be said to have justified that claim. But the last trial of strength has proved to be an exception to the common rule, and has inspired the De mocrats with confidence in their ability to repeat their triumph in 1884.

It is needless to talk any more about the different causes of Republican defeat as alleged by a rival or by disap-pointed leaders of the party. The supreme cause they will not recognize. The Republican party long ago fulfill-ed its mission. It would not be in power now but for flagrant fraud and scandalous corruption. The days of its remaining existence are numbered.

The people earnestly demand a change in the administration of public affairs. They intend to have glaring abuses reformed and to have economi cal government instead of extravagance and stealing. They will insist that the President and the Cabinet who hands, in ages ranging from 11 to 15 are to succeed the present incumbents All were injured and it is possible for shall earn their salaries honestly, by reonly three of them to recover. The maining at the seat of Government factory manufactured squibs for use in and giving proper attention to the peo-ple's business. The time has gone by when public servants can play the part mines of masters, and draw fall pay for continuous months of idleness and of ab sence from duty, while appropriating

public property to their personal use and pleasure. That is the political significance of

the recent election in Ohio. The Republican party is going, and it is going fast.-N. Y. Suc.
