The Opera House was packed to the loors last evening, on the occasion of the opening performance of the Topsy Venn Comedy Company, in "Furnished Rooms." The piece was played here last season, and, therefore, need not be specially gone into. The acting of Miss Venn, as Roxana Shouter, was full of life, and fully sustained her nit, and was given a hearty reception. Miss Venn has a fine voice, and gave a song in a manner that brought down the house. The Strohl Family gave one of their enertainments at the Opera House on Tueslay evening to a pleased audience. The father and seven children carried out the ong and varied programme to the entire mtisfaction of all present. The most remarkable feature of the evening was the piece played by W. E. Strohl on two cornets at the same time. The playing of the little girls on brass instruments, the pipe organ selection, the drummer boy, by little Esther, and the full brass band, by the whole family were among the best things on the programme. To say that these people are all accomplished and finished musicians, would not be truthful, but taken together they are a wonderfully musical famly, and the performance is more an exhibition of natural talent than of highly cultivated skill. No one who has the oppotunity should fail to hear them.

Had Never Seen Wilkes Barre. An old gentleman, named Thomas Ebert, 66 years of age, who is at present a resident of Pottsville, is now visiting friends in this section of the country. Mr. Ebert was born and lived most of his life in Briarcreek township, Columbia county, on the borders of Luzerne, and yet, strange as it may appear, he had never seen Wilkes Barre previous to his present visit. He was very much surprised, and at the same time delighted upon witnessing the material prosperity of our town, saying he had often heard it said that Wilkes-Barre was a smart place, but that he felt like the Queen of Sheba, who after her visit to King Solomon when she beheld the splendors of the Hebrew Court, said the half

The Governor's Visit. Governor Pattison passed through here last Saturday evening on the D. L. & W. road on his way to Berwick to visit Rev. W. W. Evans. His trip was a very quiet one, and but few knew that he would pass through here at that time. He was accompanied by Dr. Pitcairn, of Harrisburg ; Mr. Wm. Frysinger, of York, the father-in-law previous reputation. She scored a decided of Mr. Evans, and Mr. H. C. Dern, of Altoona. They reached Berwick at 7.20 and although up to half an hour before the arrival of the train it was not generally known that the Governor was to be there, this was long enough for the citizens of Berwick to mprovise a very creditable reception. Tar parrels, two brass bands and the only piece of ordnance in the place were brought in to requisition, and after the distinguished party had partaken of tea at the parsonage large and very enthusiastic body of citi-Sunday, and was confined to the house until Thursday, when he went to Danville on fire, music and reports of artillery adding much to the brilliancy and enthusiasm of

the occasion. After the band had played the Governor came out on the veranda and was introduc-ed to the people by Major S. P. He Commonwealth in population, wealth and importance and dwelt specially and with much interest to his hearers upon its mar velous growth in educational matters. The speech was free from political allusions and party feeling did not enter into the demonstration, which was of the most cor-

dial description. On Monday morning the Governor and his party, accompanied by Rov. Mr. Evans, tarted for William Cole's in Sugarloaf. They dined at Daniel McHenry's at Stillwater, where they were handsomely entertained, and then proceeded on their journey, Mr. McHenry, his son Orvis, and Rev. D. M. Kinter joining the party. We are informed when the game finished giving the Laporte boys nine innings and the picked nine eight innings the score stood 25 to 3 in favor of the picked nine.

We suggest that the supervisor give little of his attention to our streets in town. They are in a very bad condition. Our streets are worse in town than you can find in the county. How to Keep Grapes Fresh.

Grapes are plentiful and cheap and rholesome. Perhaps economical housewifes may be interested in knowing how to be able to furnish their table with the lus clous fruit months after it is out of season : Take good bunches, free from decayed or imperfect berries, and hang them by threads to sticks across the edge of a clean wooden box deep enough to hold the bunches without touching the bottom. Hang the bunches close together, but without touching each other. Then take fine poplar, oak, birch, or maple sawdust, clean, and free from moisture, but not over dried, and pour it into the boxes, working it with a small rod among the bunches until they are completely enveloped. When the box is filled seal the ends of all the exposed main stalks with a drop of rosin or sealing wax. Cover the box first with a sheet o newspaper and then with the cover, and store in a coot, dry cellar.

For tremulousness, wakefulness, dizzl ness and lack of energy, a most valuable remedy is Brown's Iron Bitters.

I have been a great sufferer from Rheumatism for sixteen years. A part of the time I could not leave the house, and many time I could not leave the house, and many weeks I was confined to my chair, being unable to leave it without help, and for three long years I was compelled to use crutches, and the pain I suffered, no one can realize—except those who have been similarly afflicted. I called different phy-sicians and tried many different kides of lightnesses, but distinct we relief. We limbe liniments, but obtained no relief. My limbs were day by day being drawn more and more out of shape, and I had become completely discouraged, and supposed that I was doomed to suffer on until death put an end to my pain, when I heard of your Rheumatic Syrup, and immediately com-menced its use, and in less than one week nenced its use, and in less than one week could see that it was belping me and after asing it two months I was completely cur d and to-day I am as well as ever. Rheu matic Syrup is truly a wonderful medicine for cleansing the blood and it is certainly a positive cure for rheumatism, and it can-not fall to meet with great success.

How Watch Cases are Made.

It is a fact not generally known that the James Boss' Gold Watch Cures really contain more pure gold than many "solid" gold cases The demand for these watch cases has led to the manufacture of a very poor grade of solid gold watch cases— low in quality, and deficient in quantity. These cases are made from 4¶ to 10 karats, and a 5 or 6 karat case is often sold for 12 or 14 karats. It is NOT economy to buy a watch case so poor in quality that it will soon lose its color, or one so soft that it will lose its shape and fail to shut tight, thus letting in dust and damaging the works, or one so thin that a slight blow will break the crystal, and perhaps the movement. It IS economy to buy a James Boss' Gold Watch Case, in which NONE of these things ever occur. This watch case is not an experi-ment—it has been made nearly thirty years. Hazleton, Pa., Oct. 24, 1882.

I sold two James Boss' Gold Watch Cases thirty years ago, when they first came out, and they are in good condition yet. One of them is carried by a carjenter, Mr. L. W. Drake, of Hazleton, and only

shows the wear in one or two pinose; the other by Mr. Bowman, of Cunningham, Ps.; and I can pro-duce one or both of these cases at any time. STLVENTER ENGLE, Jevelov.
