

THE COLUMBIAN

Published by G. E. Bittens, Editor. BLOOMSBURG, PA. FRIDAY, NOVEMBER 9, 1883.

TUESDAY'S ELECTION.

New York, New Jersey, Maryland, Virginia, Mississippi carried by the Democrats.

Pennsylvania, Massachusetts and Connecticut go Republican.

The Republican state ticket in Pennsylvania is elected by a majority of about 17,000.

Virginia sends Mahone to the rear by the election of a democratic legislature.

Connecticut elected a republican legislature.

Ben Butler got bounced in Massachusetts, and Robinson, republican, was elected by about 15,000 majority.

The defeat of Butler cannot be considered a republican victory. Many leading democrats opposed his reelection.

New York is claimed by the democrats by a majority of 20,000. Abbott, democrat, has a majority in New Jersey of 2,500.

We have no tears to shed over Ben Butler's defeat in Massachusetts. He is a demagogue of the first water, and has been a professed member of every party almost, in existence, in his efforts to hold position.

Official Vote of Presidential County, Nov. 6th, 1883.

Below we give the official vote of this county as compared with the vote for Governor in 1882.

In 1882 there was 102 Independent votes cast, 232 Greenback and 107 Prohibitionist.

Table with columns for Townships, Vote for President, and Vote for Governor.

For the Greenback candidates there were 47 votes cast against 107 last year.

The following complimentary votes were cast for County Surveyor, James C. Brown; J. P. Young; J. B. Kirtland; M. G. Higgins; J. S. Kirtland; A. P. Young; J. B. Kirtland; M. G. Higgins; J. S. Kirtland; A. P. Young.

The result of the election held on Tuesday last, notwithstanding the loss of Pennsylvania, is very favorable to the democratic party.

The whole democratic ticket is elected in this state, except Maryland who was opposed by the republicans to wrench Maryland from the democratic column.

A tremendous effort was also made by the republicans to wrench Maryland from the democratic column.

The Democrats of Luzerne county elected their ticket by a large majority.

The report of the Commissioners of Internal Revenue shows that the total receipts from all sources of internal revenue taxation for the fiscal year ending June 30, 1883, were \$144,553,314, as compared with \$141,523,273 for the year 1882 and \$135,229,912 for the year 1881.

The Dayton, (O.) Democrat says it is good a thing that the United States Supreme Court is Republican.

A Democratic Supreme Court had made the recent decisions in the civil rights bill cases the country would not soon have heard the last of "hydra head sessions," "State rights fossils," "Confederate treason," &c., &c.

Chairman Hensel has been sued by F. Wilmoth, a detective of Bradford, Pa. During the campaign last year hand bills were circulated throughout the state offering a reward of \$1000 for the arrest and conviction of any person violating the election laws.

As soon as Wilmoth got an issue to himself in the name of E. E. Johnson he arrested the tax collector, who was indicted and pleaded guilty, but has never been punished.

silver and its unlimited coinage as money and of the present abundant paper and increased gold currency in this country, the question again presents itself for the consideration of legislators whether the law directing the monthly coinage of not less than \$2,000,000 worth of silver bullion into standard dollars should not be modified or repealed.

At the beginning of the fiscal year the Mints had on hand \$5,895,672 standard dollars; the coinage amounted to \$28,111,119 and at the close of the year there were remaining in the Mints \$43,304,390.

The repeal of the act authorizing the coinage of the trade dollar is also recommended. A considerable number had probably gone into circulation prior to its demonetization in 1876 and probably from five millions to seven millions are now held in the country, mostly in the mining and manufacturing regions of the West.

While the United States has incurred no legal liability, nevertheless by the act of the government these coins were at first put into circulation and given compulsory currency, and many remain in the hands of those who can ill afford to suffer from the depreciation.

It is argued that the coins were sent to be only an act of justice to them to permit these coins to be sent to the mints and exchanged for other silver coins into which they could be profitably recoined.

The Director believes that no cause exists for the apprehension of a loss of \$237,000,000 of trade dollars would be returned to this country, for those sent to China have on account of their greater value as specie silver than as coin been melted or disappeared in the interior of that country.

The present report contains as usual the results of the Director's investigations during the year into the production of gold and silver, and its consumption in the arts and manufactures, as well as for the purpose of coinage.

The production of gold for the current calendar year will probably be \$50,000,000 less than 1882, and that of silver at least \$2,000,000 greater, which will make the production \$32,000,000 gold and nearly \$49,000,000 silver.

Director Burchard estimates that the total coin circulation of the United States on July 1, 1883, was \$755,000,000, of which \$237,000,000 was gold and \$228,000,000 silver.

An Old Soldier's EXPERIENCE.

"I wish to express my appreciation of the valuable qualities of Ayer's Cherry Pectoral."

"As a cough remedy. While with Churchill's army, just before the battle of Vicksburg, I contracted a dangerous cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL."

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases."

Thousands of testimonials certify to the prompt cure of all bronchitis and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.
