

THE COLUMBIAN.

BLOOMSBURG, PA. FRIDAY, MAY 2, 1884.

FOOD FOR THOUGHT.

A large number of Hungarians have withdrawn their earnings from the Savings Deposit Bank in Wilkes-Barre...

Thomas J. Thomas, who formerly resided in Pittston, Pa. is now living in Cardiff, Wales, writes to his friend, Isaac E. James...

One hundred men were discharged from Baldwin's locomotive works recently and one of the members of the firm said that unless other work came in the discharging would continue...

The miners at points along the Lackawanna and Wyoming valleys have issued an address, in which they say: "Our families are suffering for the necessities of life which we are unable to give them at the present time..."

A Chance for Sherman. At the republican primaries at Louisville, Kentucky, on Monday night, the fight between the Arthur and Blaine factions culminated in a terrible riot...

Here is another chance for John Sherman. Let him at once proceed to investigate this bloody republican riot. He may be able to discredit both Arthur and Blaine and thus give new freshness and vigor to his own presidential boom.

Such an investigation would not be attended with the difficulties that surrounded the Danville affair. It will require no Eliza Pinkston or Violet Keeling to perform herself in order to make a case for Mr. Sherman at Louisville.

Let Ohio's favorite son once unfurl the faded folds of the bloody shirt and "move on the enemy's works" at Louisville.—Tribune.

A new bankruptcy bill passed the Senate last week. It makes the United States District Courts bankruptcy courts and allows the creditors of Blaine to file their claims with the Circuit Courts to review decisions only when the Circuit Judges disagree.

Women and the Ballot. CONGRESSMEN EXPRESSING DIVERGENT VIEWS ON THE QUESTION OF SUFFRAGE. The House committee on the judiciary last week submitted four reports relative to extending the right of suffrage to women.

The House committee on the judiciary last week submitted four reports relative to extending the right of suffrage to women. The adverse majority report was prepared by Representative Maybury and says in part: "To permit the entire population of a contention into a home would be either useless or pernicious—unless if man and wife agree and pernicious if they differ."

Mr. Dorsheimer, while concurring with the majority in recommending that the matter be laid on the table, says: "I think it probable that the interest of society will soon require that the association be made a member of the franchise."

ence, sooner or later accomplish their own destruction, and when once deposited they sink into that insignificance and obscurity from which they never ought to have been boosted by unwise, though probably well-meaning friends.

There seems to be a mania for cheap, trashy newspapers—the more sensational and purile the contents, the more acceptable they appear to be.

The exploits of noted robbers, murderers and bank defaulters, the developments of frailty and depravity in human nature, the natural sensuality demonstrated by bad boys and prodigals, such as these seem to absorb and fascinate a large number of newspaper readers.

The publishers of the COLUMBIAN have always issued a clean sheet, and will never offer to its readers objectionable reading, and it intends in the future to extend its usefulness in the county by increased efforts in its local state and national budgets.
