Governor Pattison appointed I. H. Ruppert Justice of the Peace to fill the unexpired term caused by the death of T. J. Morris of this place.

From our exchanges we learn that Wilson S. Heller, a young merchant of Wapwallopen, has suddenly disappeared. Since his departure it has been learned that he forged the name of Samuel Heller, his father, to the extent of \$4,000. Heller's store is closed and he leaves an estimable young wife.

No using any further than Orangeville to buy your wall paper. Lilly & Sleppey can suit you in taste, quality and price.

Payne, Rev. D. M. Hensel, D. B. Jacob, and others, will be present. A cordial invitation is extended to all to be present.

This is the season of the year when the agent delivers his trees, shrubs and roses. The purchaser must wait until the plants blossom to know if their white roses are pink or scarlet. The best plan to pursue is to buy your roses, etc., at home, where you know what you are getting, besides you can get them at less than half price paid foreign nurserymen.

Largest stock of wall paper in the county, at G. A. Clark's. Lilly & Sleppey have over one hundred different styles of wall paper.

Rev. N. S. Buckingham, a former pastor in the M. E. church of this place, and attending conference at the Danville district, died at his late residence in Lewisburg, on Sunday last, of pneumonia, aged about sixty years. He attended the Methodist conference held at Williamsport in March, and was appointed to the Lewisburg charge. He was born in Montgomery county, Virginia.

E. E. Meyer and S. D. Boone, purchased the drug store in Mt. Carmel belonging to the late A. D. Allen, on Friday last and took immediate possession. E. E. Meyer has just graduated from the Maryland college of Pharmacy. He has had considerable experience with his uncle's large wholesale establishment in this place, and will undoubtedly make a success of it in Mt. Carmel, which is now a fast growing town.

Shenandoah has a few cases of small pox which are yet confined to three houses, and every effort is being made to prevent its spread. The Board of Health has secured the services of Dr. School and have arranged to have a house built for three months. A building has been erected about half a mile from the town where all patients will be conveyed should the disease spread. It is thought the disease will be held within the three families now afflicted.

At the late meeting of the Presbytery of Northumberland the Briar Creek church was added to the pastoral charge of Rev. C. K. Canfield of Orangeville. The installation service took place on the 27th ult., conducted by Rev. Messrs. D. J. Waller, N. Sprunt and Stuart Mitchell of Bloomsburg, and Rev. L. M. Kamler of Berwick. The large and attentive congregation seemed to indicate that this old mother church was renewing her youth, and would prolong and increase her usefulness.

Arrangements were completed on Friday last, April 27th, for the removal of the mail to the 6:37 evening train to Williamsburg, and from there becoming a distributing mail. Letters mailed at 6 p. m., will reach New York and Philadelphia, as early as mailed at 4 o'clock. Our New York and Philadelphia mails received at five p. m., may be answered at six. This morning a closed mail from Williamsburg to this place at 11:32; and also one from here to Harrisburg on the same train. An effort was made by Mr. Beekley about a year ago to have this additional mail, but it was not accomplished until this time.

Governor Pattison has recently made a number of changes in the Board of Trustees of the Mifflin Hospital at Ashland. Daniel Miller, a coal operator of Pine Grove, has been succeeded by Richard Flynn, a miner of Ashland. John Wagner, a merchant of the town of Ashland, has been appointed in the place of Daniel Miller, another retired coal operator. A. P. Blakeslee, of the Lehigh Valley Railroad, will act instead of Thomas J. Foster, of Shenandoah. Simon Cameron has also tendered his resignation and it is reported that another member of the old board will follow suit. The action of Governor Pattison in appointing workmen to the board has received the approval of all the citizens of the anthracite regions.

Go to G. A. Clark's for your wall paper, and you cannot fail to be suited. Lilly & Sleppey are our allies. Lilly & Sleppey don't want any, but other kind of products they will take.

A fire broke out at Sellegrove on Sunday evening just as people were returning from church. The fire was first discovered in the stable of T. J. Schoch, from thence to Schoch & Bro's. warehouse (of which firm our friends know the name) and from there to the barn. A strong wind blew the flames and all the buildings between Pine and Pleasant streets were consumed, in all about twenty. The entire loss is estimated from \$15,000 to \$25,000, partly insured. The fire was no doubt the work of an incendiary, as the bell rope leading to the fire alarm was cut, which delayed giving people notice. No robberies were committed during the fire.

Lilly & Sleppey at Orangeville, have the largest stock of gilt, mica, satin, white, black and colored paper ever offered for sale in Orangeville.

A new Illinois fire engine organ will be exchanged for a buggy. Inquire at this office.

Our complete stock of wall paper is proving a drawing card. Observers wondered what we were going to do with it when it was brought to us by wagon loads, but we have sold it so fast we were obliged to order again and have another invoice on the way. Call and we promise to please you.

The annual meeting of the members of the Columbia County Agricultural Society for the election of officers for the ensuing year, will be held in the opera house, at Bloomsburg, on Saturday, May 17, 1884, at two o'clock, p. m.

Go West via Pennsylvania railroad. All changes made in Union depots. No omnibus transfers. W. C. McKINNEY, Act.

In a paper read before the Edinburgh Health Society, Dr. Almond referred to the custom of having the head covered by doors and uncovered within doors as very injurious on account of its making people so sensitive to draughts of air as to cause them to take cold. He said, who were well habited out of doors could stand a greater amount of ventilation in school-rooms and sleeping rooms than those who wore head coverings.

Orange Judge, Editor of the American Agriculturist for some forty years, but unconnected with his business management, for a year or two past, has lately retired from his editorial department and located in the West. He desires to gather a complete "Postal-Card Album" of his old readers and friends, and requests them all to send him a Postal giving their present location and address, naming also, when convenient, the years in which they were his subscribers. Mr. Judt's address is Chicago, Illinois.

Lilly & Sleppey's low prices are playing smart. Low prices are doing it.

Rev. E. A. Sharrett has his house about completed. Mr. H. Bomboy is erecting a building on Second street, for the purpose of making harness.

The band turned out and serenaded the town on Tuesday evening for the first time this season. Spring is here at last, and the people are all busy making grass. CHARLES.

A charter has been granted a stock company in Ashland for the purpose of introducing electric light in that place. The citizens of Towanda held a meeting last week and appointed a committee to visit neighboring cities and examine the Edison light, preparatory to introducing it in that place.

There was some talk of organizing a similar company in this place about a year ago, but it ended in talk. Since that time the surrounding towns have introduced electric light with much satisfaction, and we remain content with the use of gas.

G. W. Mauger is doing well keeping hotel at Wapwallopen. Fred. Boyer occupies the old stand of G. W. Mauger here; he has renovated the house, with good prospects of success.

The Berwick Bridge Company have been at considerable expense in repairing, and have built a nice home for Mr. Stutz, the toll gate keeper, which is a fine apartment of efficient services. Mr. Savidge is winning good opinions as gate keeper. A more popular man has not been in this line of service in Berwick for years.

Our librarian, Kimberly, has left the library. We are sorry for his loss.

A sensational article appeared in the Philadelphia Press last week with a conspicuous heading of divorce and murder. It represented James Grubb and Miss Pannoy as having been married about four years ago and two years after leaving for Chicago, where a quarrel arose and on account of the loose divorce laws of Illinois they separated and his wife returned to Laporte. Grubb remained in Chicago until about a month ago when he returned and found his wife had been killed by a man named Silligan. This angered him and he took the life of Silligan with a revolver. Immediately after the shot a crowd of men and boys standing outside the room rushed for Grubb who immediately closed the door, and to save punishment from the crowd took his own life by plunging a pen-knife in the region of the heart. This has proven to be another hoax like the one given in the same paper about a month ago in reference to a murder at Coles Creek. The people about Laporte are indignant that they should be so misrepresented. If our daily papers must give space to such items, let them confine themselves to the truth.

The farmers have finished sowing their oats and are now preparing for corn. Miss Sadie M. Hagenbuch is teaching school at Lime Ridge, and reports a good attendance.

Miss Lizzie Cressy is visiting friends at Williamsburg. Mr. J. S. Hagenbuch has his barn finished. It adds greatly to the appearance of the former building.

Mr. Wm. Scott has begun the building of a barn. Messrs. Noah Stiner and Henry Remley are building a house. Mr. Tilman Keenly, or better known as "The Old Sadder," is back to Centre again.

Rev. Canfield was installed as pastor of the Presbyterian congregation at the Hillside church on Sunday last. We have not learned the name of the visitor at G. W. Remley's, therefore we report none.

The Sunday school at Fowlerville has not been organized yet. Rev. Bodine will hold his communion services at the Hillside church on Sunday next.

That Light Street "poor" or correspondent to the Republican, under the assumed name of "Mexican Joe," goes on to write about an item which they claim to be written verbatim to one in the Sunday News Dealer. Now, Mr. Correspondent, if you know what the word verbatim means, you will not be so sure to believe that you yourself to be wrong in what you say. You have so bothered your mind that you must call in two assistants to help you on in your ignorance. You were troubled with "brain fever" to quite an extent I would advise you to take a trip down the canal and return with as good health as you did once before, then I think you can "go it."

Mr. A. G. Kimberly is our authorized agent to solicit subscriptions, job work, and advertising. His receipt for money for this office will be valid as that of the proprietors. apr 25-47

During the absence of the gentlemanly operator of the Western Union Telegraph, Mr. J. C. Kunkle who has been visiting at his home in Carlisle, the business of the office has been conducted by Mr. Zehnder's clerks, Messrs. Writon and Lowrey.

Mr. and Mrs. O. H. Silkman we regret to learn will leave Berwick to take up their permanent residence on their place Maplewood near Scranton. The general couple will be greatly missed by their large circle of friends.

Col. A. D. Seely recently received a life sized oil painting of himself in full G. A. R. uniform, which is a fine specimen of artistic execution and is the work of Mr. Garble of Reading. It is handsomely framed in frosted glass and has an attractive ornament to the parlor of the Colonel's cosy home.

Pay day passed off rather quietly with the exception of one or two slight misunderstandings in the evening. A large force of men are at work on the Fair grounds of the "Upper Columbia and Lower Luzerne County Fair Association." The ground covers an area of 20 acres, circled by a track sixty feet wide and one-half mile in length, and according to the rules of the "National Trotting and Driving Association" the location is not more than ten minutes walk from the centre of the town, and will make a very desirable site for the purposes for which it is intended.

The crops around here and Briar creek look very promising and we were pleased to note signs of progress and improvement in the last named place. Mr. Ritzenhouse has made some good improvements, and Mr. Learn continues similar ones on his premises, Ash Bros. Mill is in full operation. Some dissatisfaction is felt in the neighborhood owing to the fact that Mr. Seth Thomas is moving his fence out into the lane leading from the main road to the Group place. It is stated that the road has been in the present width for over twenty years and it seems strange that Mr. T. should only recently have discovered that he owned the right to abridge it. If it is reduced to the width contemplated it will be a dangerous road for teamsters or pedestrians to travel as it crosses the R. R. and in case of freight it would be impossible to avoid collision if two vehicles happen to be in the road at the same time. We understand that proceedings are being taken to retain the road in its normal condition.

Mr. J. H. Brugler of Danville, Montour county (a former resident of Berwick) is out as a candidate for the office of prothonotary of that county at the request of many of its leading citizens. Mr. Brugler is a well known and highly respected citizen, and we hope our neighbors will elect him to the office, as he will certainly prove worthy and efficient in the performance of his duties.

Mr. Lizzie Jackson of Berwick, Miss Helen Jamison of Danville, Mr. and Mrs. J. D. Seybert of Philadelphia returned last week from an extended trip through Florida, Georgia and the South Atlantic States. They report a pleasant and enjoyable trip through that grand and tropical region, and are greatly improved in health. They will certainly welcome them back to the Keystone State.

Our former townsman Mr. T. B. Bradford of Sunbury, is now engaged in the wholesale sale trade representing the well known firm of Stone, Goff & Co. of Birmingham, Ala. He is doing well.

Mr. F. W. Stiles of Ulysses Nebraska is visiting this place, his former home, and expects to remain with us for a few days. A brand new secretary of W. M. C. A. is to be imported this week for the better prosecution of their work. There is plenty of room for such work if it is honest, manly, Christian work, but if it is run in the future as it has been run in the past on a "kick-back" basis it would be better for all concerned to abandon the work. Berwick members are very keen in discriminating between religion and sham.

State Secretary Taggart of the Y. M. C. A. is here looking after the interests of the Berwick Association.

Mr. Frank Witman left on Wednesday for Montrose where he is to become private secretary to Mr. C. P. Woodin.

Dr. J. P. Coult our popular dentist left this week to take up his permanent residence in Scranton, where he will continue to practice his profession. We wish him abundant success.

William Mansfield has severely litten by dogs kept on the slaughter premises of T. R. Jackson & Co. He unconsciously got within reach of the dogs, who are very jealous of strangers.

An interesting lecture on the subject of "What is Old Fellowship?" was given in the Old Fellows' hall by Mr. G. A. Buckingham, on Saturday last, the occasion being the sixty-fifth anniversary of the founding of Old Fellowship in America. The lecture was a very appropriate one and was treated in a full and intelligent manner. The attendance was good and the audience was appreciative.

Why buy poor commission seed in little packages when you can buy good first quality seed by the ounce, delivered postpaid to your door for 25 cents and 50 cents. John L. Dillon, Seedman and Florist, Bloomsburg, Pa.

Hotel-de-Shears received a general overhaul last week, and looks well with a slate roof. Better build a basement, Mary, or it will topple over.

The building boom has fairly started in town, no less than fifteen houses being in the course of erection.

If C. C. Marr, the Druggist, does not succeed it is not for the want of faith. He has such faith in Dr. Bosanko's Cough and Lung Syrup as a remedy for Coughs, Colds, Consumption, and Lung Affections, that he gives a bottle free to each and every one who gives in need of a medicine of this kind. July 13-30

On the stage or platform, in society or at home, mind and body possess brains but a clear, strong voice. Catarrh, or a severe cold is almost certain to injure the voice. But these ailments may be completely eradicated with a few applications of a home-made Electric Oil, unrivaled in its specialties.

As we come to them they are received, borne with and passed on with no more than a thought, if we are in the enjoyment of health, but if suffering with Piles or other ailments, of this kind they magnify a hundred fold. Dear Sir: I may say for four long months without any relief until I commenced taking Phelps' Rheumatic Elixir. It is the best medicine I ever used. To-day I feel like a new man. I have been in two months. I thank you for Old Almighty and no one else for my relief. I have lived and done my business in Geneva, N. Y., for the last twenty years, therefore have many acquaintances that call around and see me daily. They all say that Phelps' Elixir has done for me what no other medicine could do. I highly. You do the talking and sign my name as my tongue could not do it justice. Geneva, N. Y., Dec. 10, 1882. For sale at Henderson's Pharmacy, Bloomsburg, Pa.

Dr. B. S. Sibley, whose salarion is at 16 Warren Street, New York, has large Vineyards near Passaic, N. J., is extensively engaged in preserving Unfermented Juice from the Grapes and supplies it to many religious societies for Communion purposes. The following is from Dr. John H. Sibley, of Passaic, N. J.: "I have used your Bible Wine: 'The writer obtained from Mr. Speer, a bottle of his unfermented juice, and found it to be a most pleasant and nutritious wine. Mr. W. J. Parsons and the writer put a portion of this wine into a retort, and distilled and condensed about one-third of the contents of the retort. The distilled had neither the smell nor taste of alcohol, nor did it indicate any traces of alcohol. Here then we have an unfermented wine actually in the market which the writer fully believes to be more palatable than fermented wine and is unspiced by leaven. Many religious societies are using this wine."

See a woman in another column, near Speer's Vineyards, picking grapes from which Speer's Port Grape Wine is made. That it is highly esteemed by the medical profession, for the use of Invalids, weakly persons and the aged.

At times symptoms of indigestion are present, uneasiness of the stomach, etc., a mixture like perspiration, producing itching at night, or when one is warm, are the Piles. The effect is immediate relief upon the application of Dr. Bosanko's Pile Remedy, which costs you but 50 cents and is sold by C. A. Klein. July 13-30
