There are people in the world who are so constituted mentally that they cannot take an impartial view of any question, religious, political or otherwise, and so they make the mistake of concluding always that any opinion different from theirs is wrong. They lose sight of the fact that some people's opinions are just as good as some other people's.

The Fall term of the Orangeville Acad. my will begin August 11th. This school has commended itself to the public on account of its thorough and practical instruction, the beauty and healthfulness of its location and the small cost for tuition and boarding. It prepares students for any college. It gives thorough and professional training to teachers. Send for circulars to FRANCIS HECK, A. M., Principal.

Hon. A. C. Smith died at Scranton on Monday morning last, the cause of his death being cancer in the stomach. His age was 57 years. Mr. Smith practiced law in Harrisburg for some years, and represented Dauphin county in the legislature from 1870-71. Soon after that he removed to Bloomsburg, and followed his profession until his removal to Scranton a year or two ago. The remains were taken to Harrisburg on Tuesday.

We have received from Bradshaw, Nebraska, a copy of an extra edition of the Bradshaw Gazette, giving a very interesting and complete account of the terrible hail storm that passed over that region on July 29th. The hail stones were as large as walnuts, and windows were broken in nearly every house in the town. The path of the storm was three and a half to five miles wide, and within that strip the crops were almost entirely destroyed. It is interesting to learn among the heavy losers are William Coleman, Daniel and Amos Beishline, all formerly of this county.

During his recent visit to Chicago Mr. Lowenberg called at the Times office and ordered copies of the paper sent daily to several of his friends here during the convention, and paid for them in advance. On his return he was surprised to find that none of the papers had been received. He wrote to the Times stating this fact, and instead of refunding his money, they forwarded the papers three weeks behind time. We are under obligations to Mr. Lowenberg for his kind endeavor to give us the fullest reports of the convention.

See the cut in price of fruit jars at Lilly & Slippy's. Now is the time to buy.

The game of ball between Berwick and Bloom last Saturday, resulted in favor of the latter by 10 to 9. At the end of the eighth inning it stood 9 to 9, and on the ninth the Berwick boys were put out without a run, by three successive flies taken by Kleehner in the left field. Bloom went to bat and made one run and the game closed without playing the inning out. Berwick imported a pitcher and catcher from Nanticoke, and came evidently with the expectation of winning an easy victory, and were considerably disappointed at the result. During the game there was too much fault found with the umpire. He intended to act fairly, and did so to the best of his judgment. The loud talk of spectators and unfavorable criticism of the umpire during the game ought to be stopped.

Miss Mame Sloan, daughter of the late A. J. Sloan, died at her home on Sunday morning. For some time she has been in ill health, but was confined to her bed only for a few weeks. Her sufferings were intense, but she retained consciousness until the last moment, and expressed her willingness to die. She was a young lady of lovely disposition and Christian character, and her loss is a heavy one to her associates and friends. To her aunt, Miss Matie Wells, who for many years has filled the place of a mother, and to her brothers, H. W. and W. M. Sloan, her death is a severe blow, and the sympathy of the community is with them in their bereavement. The funeral took place on Wednesday afternoon at two o'clock, at the Episcopal church, Rev. Mr. Hall of Danville officiating in the absence of the pastor, Rev. L. Zahner, who was unavoidably absent from town.

Come to see us, for your jars—prices lower than you ever bought at.

ESTABLISHED 1850.

I endorse every word and line of your honest and true weekly edition "The Next Congressman," and am free to say should I be the choice of Columbia county, I will use all honorable means to secure an endorsement of the conference; but should I fail, then party usage entitle Hon. John B. Storm, present member, to the nomination, and without paying my expenses of course. I would not be a candidate, the leading Democrats of the county as to my conferees. Respectfully, J. M. C. RANCK.

Dr. Megargill has in his possession some letters from Mr. Storm, showing that the friendship relation existed between them. We are assured that if the Doctor should be the choice of this county for congress, that his influence will be given to Mr. Storm in case the district nomination cannot be obtained for himself.

A Good Word for M. F. Eyerly.

We would most earnestly recommend to the public Mr. F. Eyerly, candidate for the office of Register & Recorder, one well qualified in every respect of sterling honesty and integrity, possessing also quite an amount of legal knowledge which would be of great service in said office; the old more, Peter Brugler, C. K. East, L. E. Moyer, L. W. Hartman, J. Seltzer, J. Wilson, L. T. Sharpless, Caleb Barston, Miss Robbins, Miss Alice Edgar, Mrs. H. A. Maize and C. C. Peacock.

Miss Hastings will not return to the Normal school, having resigned her position there to accept one in a school in New York state. She is now visiting her uncle, Governor Cleveland, at Albany, and was present at the notification of the Governor of his nomination as President, by the committee last Tuesday.

The new rectory at St. Paul's church now being nearly completed, the vestry met on the 30th of June, at the study in the rectory, and after examination of the architectural arrangements of the building, passed a resolution of thanks to Mr. L. Bernhard for the care and attention he had given to the plans, construction and details of the building. To that compliment Mr. Bernhard is abundantly entitled; and it seems to me that when the house is completed, as I believe it now is, that the contractor, as Mr. Charles Krug, will be also entitled to, and will receive, the assurance of the Building Committee and of the Vestry for the strength, solidity and excellent construction of the building. FELIX.

Miss Eva Penstemaker is visiting in Watsonstown.

The pedestrians are returning, Will McConrad, Hiday, and J. S. Hicks who stopped off a couple days at Williamsport, came Monday noon. They report a splendid time.

J. W. Moorhead Jr. left Wednesday for Watsonstown, where he will visit relatives, after which he will continue his journey to Hinckley, Ohio, where he has accepted a job at his trade.

Mrs. L. S. Jackson and daughters returned from Monroe last Saturday.

Mrs. Jno. Moorhead of Watsonstown, formerly of this place, visited relatives over Sunday.

The long wished rain has at last arrived, which cheers the drooping spirits of the farmer, and revives vegetation.

The Y. M. R. C. held a very enthusiastic meeting last Friday evening in the rolling mill office, where the constitution of the club was unanimously adopted.

Bloomsburg vs. Berwick Friday afternoon in this place, and Hazleton vs. Berwick, Saturday on the grounds of the former.

A large number of people from this place visited Bloomsburg Saturday to see the game of Base Ball which resulted in a victory for the Bloomsburg club over the Berwick, by a score of 10 to 9.

Another ball ascension took place Saturday evening on Front Street, under the management of Geo. MacCauley, which turned out to be a complete success, and does credit to his efforts.

Centrals.

Thomas Stanton, a miner, was instantly killed at Big Mine Run Colliery on Saturday evening, by being caught between the cars and a low collar on the slope. His body was terribly crushed. He was married and leaves a wife and four children.

A young lad named Thomas Downey shot himself in the thigh, on Saturday, making a very ugly wound. It carried a loaded revolver in his pocket, and it went off, with the above result. We fail to see the necessity of carrying deadly weapons in a town like this.

A Poland employed at Centrals Colliery had his arm lacerated in a shocking manner by being struck with a pick by his companion. He was taken to the Hospital.

Dr. Gwinner, after two months of hard work with the small-pox patients, left on Monday to spend a few weeks in the country to recuperate. The Doctor well earned his vacation, and we hope he will enjoy it.

The work of completing the tunnel at Mountain, which was abandoned several years ago, has been commenced, and it is generally believed that the Skidmore vein will be reached by driving one hundred yards.

Joseph Fletcher, son-in-law of our townsman, Edward Schaeffer, died on Friday last, of consumption. He leaves a wife and four small children to mourn his untimely demise.

Mrs. Clark has moved to Morris Ridge, and will rent her residence in town.

A new fan engine is in course of erection at the Centennial colliery.

Daniel Sweeney, who went West several months ago, returned on Monday, and speaks very discouragingly of the West. He does not approve of Greeley's advice to young men, and would advise them to stay at home.

John Hummer of Shamokin, is in town, as the guest of Daniel Curly.

John Wells indulged too freely in barley water one day last week, and talked a little louder than he should, in passing one of our model policemen, who knocked him down and sent him to the hospital. The policeman was unconscious. If the clubs were furnished by the borough to beat defenceless men, then we say—burn them at once.

The evening freight train was delayed over an hour at the L. V. depot on Friday evening, caused by one of a lot of beer barrels standing near the road, rolling under a car throwing it from the track.

Susan Delancy of Carlisle, Pa., is visiting Mrs. John Hanley.

Michael Grady, a miner, at North Ashland colliery, was badly squeezed on Thursday, by a fall of coal.

The strikers at Big Mine Run colliery are compelled to accept the reduction, as they received no support from the outside laborers.

If the Hungarians continue to leave us for a few months as they have been doing since the half-time commenced, we will have but very few left. It seems they prefer slavery to this half-time system.

Mrs. Evans, of the small-pox house, is at present acting physician and nurse, as she will not allow the Doctor near the premises. She can hold both positions until the disease subsides.

To Wm. Krickbaum: Sir: I took your affidavit made out in Watsonstown, and have forwarded it to the office of the New Era of Catawissa and requested them to publish it offering to pay them for the same. They refused to publish it. Wm. W. BARRETT.

Red Mill, July 25th 1884.

On Monday July, 21st 1884, Wm. H. Snyder while at work at election, told myself and sons, that Mr. Krickbaum had two demijohns of whiskey sent with the Democratic vote for J. M. C. Ranck, Wireman an one for Daniel Karns, and also stated that they would put circulars through the county a few days before the election, which were intended to the injury of Mr. Krickbaum.

Geo. W. DIERBAUGH.

BENTON, July 25th 1884.

To Wm. Krickbaum, Esq. My Dear Sir: In answer to your question I will say, that you never sent whiskey to the Democratic vote for J. M. C. Ranck, Wireman, Daniel Karns or any other person. Nor have I carried whiskey to those persons, from anyone else.

E. P. ALEXANDER, Benton Stage Driver.

A Card.

A report having been circulated in this township that William Krickbaum has left a keg of whiskey with me for campaign purposes, I desire to state that there is not a drop of truth in it. Neither he nor any one for him has given me money or whiskey for that or any other purpose, and I would not have taken it, had it been offered. Yours Truly, Sugarloaf Township, W. A. KILG.

The scenery over the entire route is not excelled for beauty and grandeur.

The accommodations for this excursion will be first-class in every particular. The train will be composed of elegant Eastlake coaches, and every effort will be made to make it an enjoyable trip.

Arrangements have been made for reduced rates at the hotels at Watkins and Niagara Falls, and for carriage hire and admission to all places of interest, so that persons may know just what it will cost to enjoy the trip. The expense of the trip outside of the railroad fare will not exceed \$8.

Some More Questions.

ENS. COLUMBIAN: A few weeks ago I requested Mr. Krickbaum to answer a few questions over his affidavit in some paper in the county, which he refuses to do because the communication contains an anonymous address.

I would ask Mr. Krickbaum again if he did not purchase a barrel of cider from Augustus Everhart of Jackson township, and place it in James Weirman's cellar, for use for electing purposes?

2nd. I also ask him if he did not invite Messrs D. Karns, James Weirman and Jesse Hartman to go with him to the Mountain a few weeks ago, keep their cash, give them money and after he returned to Bloomsburg, send Messrs D. Karns and Jesse Hartman each a demijohn of whiskey in the stage?

3rd. I also ask him if he did not get a barrel of whiskey, directly or indirectly, at Fowler's distillery, and have it hauled to the new jail, and if his friends do not congregate there at night and on Sunday to drink it?

4th. I also ask him if he has not requested persons to bring their demijohns to him to get them filled, during the present election, and he has not had one in the vault of his office?

5th. I also ask him if he has not had boxes of beer delivered at the Lime Ridge back of Afton, and in private cellars at different places, and if he has not taken whiskey with him electing?

6th. I also ask him if he has not given men money, whiskey and beer in violation of the rules governing our County Convention, and the laws of the State, and if he has not given money to his friends, recommended to me.

I have not the slightest prejudice against Mr. Krickbaum, but I am violently opposed to any candidate corrupting the people to secure his election, which is a shame and disgrace to any civilized community.

If Mr. Krickbaum is innocent let him make a clear, clean and positive statement to the contrary. I am sorry Mr. Krickbaum did not reply to my questions sooner so I would have had an opportunity to reply before the primary election.

Let it be definitely understood that I want an honest, unequivocal statement, containing positive facts, not one in which he screens himself and places the responsibility upon his hirelings.

Yours Respectfully, J. F. SMITH, Benton, Pa., July 26th, 1884.
