Probably more than the man would return and look for his ty. Sam was not a drunkard, and be a majority of the men who enter public shoes. From this spot he rarely moved. After a time he refused all food, and moped about sad and stupid, so that it was most affecting to look at

him. No one ventured to soothe or foaming water more than a hundred ter and become mere bummers, either, caress him, for we began to fear that feet below him was as follows : "Na-Honest, upright men who have mainhe might be falling into a state of melancholy madness, and that it would not be safe to meddle with him. All we could do was to leave food and essee Falls. Wellington was a great personal privation. Ex-Governor Bishwater near him. And so he went on day by day, moping and pining, and ed Napoleon, but he couldn't jump ness man at the time of his election, is growing weaker and weaker, till he arcely stirred from the room. It was nearly a week later, as well s I remember, when my father and nother returned, late in the evening, be sound of the carriage wheels and the tramp of the horses, as they entered the stable-yard, was audible enough, t, I said to Adela : "My darling, I have brought all you He rose, staggered into the yard, and that Sam had eluded the observation ler. of the crowd and escaped alive. Occa-

over to the coachman, who had come down from the coach-box. Then, lickalthough no soldier, was valiant where ing his hand as the man stooped down love was concerned, I-yes-actually to caress him, he uttered a faint cry kissed her before his very eyes. The and fell down at his feet. He was aext moment I was lifted up bodily dead !- Cassell's Family Magazine. etery at Charlotte.

Red Cloud's Speech.

A Wonderful Olock.

Red Cloud, the well-known Sioux chief, visited the government school for Indians at Carlisle, Pa., and adfor indians at Carnisie, Fa., and ad-dressed the scholars in his own ian-guage. A prize of three dollars was offered for the best translation of this speech. We give a portion of the suc-in front of the clock's disk was a gong. Sheet men from entering public life

"You seem like my grand-children ; parts for twelve perfect bodies, but all

Whenever the hands of the clock into say, provoked sounds of suppressed we can have no doubt that Mars has all doing well. Here you see I wear a dicated the hour of one, out from the we can have no doubt that Mars has all doing well. Here you see I wear a dicated the hour of one, out from the make such mince pies as my mother been the scene of volcanic disturbances boots which is you make it. I was pile crawled just the number of parts used to make. Hers were delicious, like those to which our own mountains, surprise that the blacksmith doing very needed to form the frame of one man, hill, valleys and ravines owe their ori- good. Also the girls can washing part joining itself to part with quick good." gin. The very existence of continents clothes and sewing. Also I went pass metallic click; and, when completed, and occans implies an unevenness of through the school rooms and I saw the figure sprang up, seized a small Her aunt and sister haunted us, and, and occans implies an unevenness of through the school rooms and I saw the ngure sprang up, school a single and mallet, and walking up to the gong, not to spoon, thought it was no infliction upon me to pester me with ques cances must exist, then, in Mars; nor tions and to be ciccroned to all kinds can its inhabitants be wholly safe from learn white men's way. There is two dor of that stately castle. When two of queer places. Auybody that wanted two doses of my torture would be more than covet-ous: but my fertile brain hit upon a

suddenly sprang against him, and striking him in the stomach with its one fore talon, with one fierce downward stroke, ripped the clothing from him, and tore the skin from the flesh in a long strip clear to the waist.

Williams quickly released the bird, and made haste to reach his house, supposing that he was terribly injured. Iwo men who were thrashing buckwheat for him were then informed of the presence of the eagle in the woods, and they went to the spot and succeeded in overpowering it. The eagle will measure at least eight feet from tip to tip of its wings, and stands nearly four feet high. These birds still nest in the wild and rocky elevations in that re-

Office-Holding Doesn't Fay.
