An exchange very sensibly remarks The absurdity of supposing that merclants at a distance can do better by you than those who are identified with the incrests of your own town is very strange. Do you suppose that men away off can or will give you anything for nothing? Not all. They have their expenses to meet, and get just as big a profit out of your purases us your home merchants, tor the mple reason that when they get hold of stranger they expect to skin him if they in, because they don't know when they vill get another chance at him, whereas e men who have to make their living by ailding up a reputation among the peole they do business with every day, are ound to use them well and honorably or bey cannot expect to receive their future ustom. Don't be fooled, then, by every ap-trap inducement thrown out to you to urchase goods from merchants at a disance, but stay right at home, spend your oney with your home merchants, and reulate your money where it will belp to nake prosperity among your neighbors and friends. Club Rates for 1885.

A CHANCE TO GET THE BEST DEMOCRATIC PAPER IN THE COUNTRY.

The New York World is acknowledged to be the leading Democratic paper in the United States. Everybody ought to take a city paper in addition to a local one. We have made arrangements with the Weekly World to club with the COLUMBIAN. The price of the Weekly World is \$1.00. On receipt of \$2.20 we will send the two papers to any address in the county, for one year. Clubs of five persons at one post of fice can get them for \$10,00 if ordered at one time. This is a very liberal offer, and is made for the purpose of extending our circulation and not because there is any

money in it.

We do not believe in the chromo busi ness. All the county newspapers are published at rates so low that the margin of profit is very small, and unless all subscribers pay up, the loss is nearly equal to the profits. We consider that our readers get the full worth of their money out of this paper at \$1.50 a year, and we cannot afford to give every subscriber a gold watch or a plane, at that price. But we will do this: Every subscriber who will pay up all arrearages and one year in advance will receive for one year, Good Cheer, a monthly paper devoted to the interests of home and family, and containing much valuable reading matter. A sample copy can be seen at this office. This offer will stand only for a limited time, and all who wish to it at once.

IR. J. Burdette.) What I started out to say, my boy, was his. If you are in debt, carry yourself calmiy as the great houses do. If you owe a merchant \$65, don't be in too big a hurry to pay it. Just let him sweat over it a little while, until you see how much he is

going to pay on his own debts. Then you can pro rate with him. But, on second thought, I don't want you to do that way. You want to reform this great evil, do you not? Well, the best way to bring about that reform is to walk up and pay that \$65 you owe, just the first minute you can collar the money. If you owe it to a rascal, never mind, it is a just pay 100 cents on the dollar every time, Then by and by as you and your neighbors do this and teach your children so to do, YEAR cards is larger and cheaper than there will arise a generation of men in America who will pay 100 cents on the dollar, and Canada will become a howling wilderness, untenated save by the wild bear and the wolf who who will help the

wilderness howl. Bank cashiers will sleep at home and onfidential clerks will spend their vacation in town and a man's salary will pay for every thing he gets. But the only way to bring about this preparatory millennum my boy, is for you to pay that \$65 when you owe it-every cent of it. No matter how much the other man owes nor how little he pays. You pay your debts, my dear boy, and I will know at least one man to whom I won't be afraid to loan money without collateral security or giltedged paper.

We bought from your agent, Mr. C. Mears, one of your New Improved West-ern Washers. Have used it for three weeks and are much pleased with it. It saves labor, washes cleanly, does not wear out the clothes and works easily. We can eartily recommend it to everyone will as washing to do.

Camden Mears, Agent:—I have been in the laundry business constantly during the past ten years, and have tried very many different kinds of family washing ma-chines, one of which is the New Improved Western Washer, sold by you, and I cheer-fully recommend it as being the best one for my work that I have ever tried. It gives perfect satisfaction, and I would not part with it for double the amount I paid for it if I could not procure another one Any person wishing to see it in operation

can do so, by calling at my laundry.
Yours Respectfully,

Bloomsnung, Pa., Dec. 8, 1884. Vandergrift Mfg. Co. : GENTLEMEN :- When your agent, Mr. C. Mears, solicited me to purchase one of your Western Washing Machines, nothing out a desire to be courteous prompted me o give one moment's attention to it, as al ne washing machines I had ever seen had proved utter failures. But when your agent, in a commendable spirit of fairness, offered to sell your machine on its merits, I could not refuse to give it a fair trial. It has now done service in my laundry three months, and I must say that it is perfect in every respect, doing its work thoroughly, and with it one girl can do the work of two, without fatigue. It is simply matchless.

Very Truly Yours,

L. A. Shattucs, M. D.
