Letter from the West. GRAFTON, Fillmore Co., Neb., 2-16-'85. EDITORS OF COLUMBIAN: Thinking a few lines from one who was once a resident of old Columbia County, and moved West to grow up with the country, might be interesting to some of our old friends, I have written you and you think it worthy a place in your columns, please publish. Seven years ago this month, I with my family arrived at Grafton, a town on the B. & M. R. R. 60 miles west of Lincoln, the capital of Nebraska. At that time Grafton was a one-horse town, the country around nearly, if not one-half, raw prairie land, and the only thing in his line can be said.

Rumor has it that when the fascinating, fashionable, favorite and jovial clerk of A. B.'s has quit the business to learn the tailor trade, we suppose, since that comes next as the matter stands.

Mary, a daughter of J. Harvey Creveling who has been ill during the winter thus far is now recovering, sufficiently so as to be out again.

Rumor says that one of our lady pedagogues is about to give up the profession of instructor to take lessons in saddle riding; since he is a saddle by trade.

On Wednesday last as Nathan Miller was crossing the river on the ice, he drove his sleigh about five feet deep, the horses in their fright sprang out on the solid ice.

Hattie, a daughter of J. M. C. Ranc, is now afflicted with disease of the heart.

Mrs. Elias Krump intends leaving the farm after she takes up her residence with her aged mother.

It looks as though our community will be able to keep their time by the whistle at the Bloomsburg Paper Company's Mill.

We learn that Mr. Keeler who lately severed his connection with ex-sheriff Hoffman as miller is about to take charge of the new mill of L. W. McKelvey. May success attend his efforts.

Benton. Mrs. Samuel Harrison was buried on last Sunday a week in the St. James cemetery. She was about 73 years of age. Her husband died nearly three months ago. Mr. Harrison was a Welshman, shrewd, eccentric, and a very intelligent man. Mrs. Harrison was of Scotch descent and they emigrated to this country after marriage, if we remember right. The family lived in this place for many years, but was not yet fifty years old, but remember well a small neighbor, wondering her way to and from New Columbus for her pension which she received from the government, her husband having served in and through the Revolutionary war; we called her old grandma Yapple, and her ancestors are quite numerous in our locality. Truly our Government is yet young, but how great, powerful and mighty. Considering the long life of life, it has not yet outlived two generations.

Our young people need not despair on account of snow, for we are promised six weeks good sleighing in March. But who believes it?

Any amount of coal hauled through the season of good sleighing. No. 9, \$1.00 per ton, No. 5, \$2.25. Shickliny a lively place and it has an Edge.

I am composed of 14 letters. My 10, 7, 14, 11 is a city in S. A. My 1, 13, 8, 5 made a treaty and formed a war.

My 12, 4, 2, 4 is a fish without scales. My 9, 11, 14, 3 is a woman's most unpleasant work.

My whole is about as indispensable as a razor.

Centralia.

All the colliers herabout suspended work on Tuesday, and will remain idle the balance of this month.

The usual stir in town on a pay-day was scarcely perceptible on Saturday last, those who ought to know say it was the poorest pay-day ever seen in Centralia.

Reuben Ball, who was so badly hurt at Centralia, is now at home, but by a fall of coal, is improving rapidly.

The old engine at Hazel Dell school building, was replaced by a new one last week.

Howorth's Hibernica drew a very large crowd to Ashland on Friday evening, from this and adjoining places.

John Beers and wife were in Bloomsburg on Thursday, attending the funeral of John's brother.

John Seymour, employed as a car loader at Centralia colliery, had his foot badly mashed between the bumpers, while dropping down cars on Monday. He was taken to his home at Ashland in the colliery ambulance.

The borough reservoir is empty, and the residents of town are complaining of a scarcity of water.

John Keely, a thirteen-year-old son of Richard Keely, while clearing a chute in the breaker, on Monday, slipped and fell a distance of thirty feet. His leg was broken.

Miner Smith, son of William, is making preparations to enter the mercantile business. He is building a new store house on his father's farm on the Ravenscreek road, "the over the river" Coal Co.

L. M. Creveling, committee-man of Fishersburg is lumbering at Shickliny for "the over the river" Coal Co.

The winter for the last week has been in dead earnest, and the cunning Reynard has had to trudge through the deep snow, which was an admirable success indeed. The binding flakes falling thick and fast and driven by the piercing wind in the fore part of the day made it almost impossible for man or beast to endure. The snow fell from 10 to 15 inches. After the storm the woods presented a pleasing appearance. Among the thickets of little pines and spruce and even among taller trees it looked like myriads of snow capped cones of larger and smaller dimensions. Leafless timbers and shrubs, and the woods in general looked as though they were covered with a thick carpet of snow. The snow was not so deep as to be a hindrance to the roads leading through the woods were more or less obstructed and impassable on account of the snow laden toughs bending from the sides. It was the most severe storm of the season.

Lloyd E. Marks a young man of Locust township was among friends at this place for a few days.

It seems that the merciless winter has slackened its cold grip a little.

The man who heartily endorsed the congressional ticket of the 18th month was suddenly confronted with the prospect of the snow-banks which demanded immediate payment or he seized with unmerciful cold snaps.

It appears that ministers suffer more from the business depression than any other class. From the nature of their calling financial matters are seldom alluded to for various dignified considerations. Their pressing needs are kept in the back ground until for a time they are almost forgotten. Many take advantage of their silence which give rise to such great deficiencies. Remember the laborer is worthy of his hire.

From the Jerseytown items we learn of the death of Jacob McCollum an aged citizen of that place. Mr. McCollum was for a long time a citizen of Benton township, peaceable, quiet, and respected by all who knew him. Mrs. McCollum, wife of Jacob, died on the 10th inst. at her home in Jerseytown, and died some years ago, and was buried in the St. James cemetery, and we were at her funeral. But we learned a few days since that her body had been removed to Jerseytown. The McCollums was a large and interesting family, seven boys and four girls. And those surviving seem to be scattered far and wide. The whole family had great natural talents for vocal music and penmanship. The younger portion of the family were all pupils at school to your correspondent, while nearly all of the elder ones were school mates in an earlier day.

We did not hear of the teachers' institute in time to attend. The COLUMBIAN brought this intelligence too late, hence we cannot report any of its proceedings.
