MR. CHAS. W. SCOTT, Gen'l Agent. Williamsport, Pa. Dear Sir :- I have examined, with cons lerable care, both the "Human Body and Its Health" and "Primer of Physiology and

Hygiene," by Dr. William Thayer Smith, of Dartmouth College, and I take pleasure in saying that they are, in my judgment, the best books on Physiology and Hygiene now offered for our American Public Schools. I think all the statements concerning nar cotics and stimulants are entirely correct according to the views of the Science of the day. In my mind these books will do much good in our schools. Respectfully, GEO. G. GHOFF, M. D., Professor of Physiology and Natural His-

TAKE WANNING. At this season of the year when so many people become subject to attacks of billiousness, kidney troubles, constipation and all the list of trobles that arise from being housed up, or that are brought on by colds and exporure, it is the part of prudence to take warning from the experiene of others and provide ourselves with the means of escape from similar troubles. So wide is the fame of Kidney Wort, that great remedy for all kidney and liver trouble, that almost every one knows of its great virtue for every one knows of its great virtue for such cases. It should be kept in every household ready for an emergency.
