Children's Day was celebrated in the M

church at this place Sunday evening, the 21st, Saturday the superintendent and number of the members of the school were at the church decorating it, that i might present a pleasing and appropriate appearance. Their labors showed forth in the words made of spruce, "Jesus loves the little ones," arranged in a beautiful curve at the rear of the pulpit, and a magnificent spruce arch in front. In the centre of the arch dangling from the top was the much amed emblem of good luck, the horse shoe. This shoe, like the arch, was made of spruce and all gave evidence of the taste and care exercised in arranging them. The decorating was completed by arranging flowers over the arch and placing a numper of bouquets on the stands in front. At half past seven, Supt. D. A. Shultz said that the exercises would begin by singing the song, "A Welcome to all," which was followed by prayer by Rev. Hughes. The opening address was then delivered by Miss Ola Welliver. Recitations were delivered by Masters Harry Gingles and Wilbur Allen, and Misses Bessie and Bertha Turner, LaRine and Mamie Cotner, Gertie and Mertie Shultz, Cora Smith, Cora Stout per curlam in the case of Williams vs. the and Jennie Hartline. The dreaded disease, diphtheria, that ha seen making homes desolate and causing so much suffering in our midst, is abating. Like most epidemics the onset of the disease was malignant in the extreme, but the later cases have been of a milder type, and, as a consequence, we are having no more deaths. The thinking class of our comnunity are taking every precaution to stop the spread of the disease while a certain class who never think or take the advice of those who try to be careful, run reckessly in and out without taking any pre cautionary measures at all. We now see the necessity of a borough ordinance that will compel unthinking and stubborn persons to do what is best for the community

men what causes the general reeing of de-bility and lassitude so prevalent in this re-gion. While some regard it as the result of confinement and inaction, others sup-pose it to be caused by the decay of vege-table and animal debris which has accu-mulated during the winter. What is es-pecially needed at this time, however, is semabling to execute these influences. It something to overcome these influences. It is too late to talk about the causes; what is the cure? Thousands of persons all over the country who have given Kidney Wort a faithful trial are ready to testify that no other remedy is equal to it for cleansing the system, purifying the blood, regulating the bowels, and curing all kid-ney and liver diseases. It is in fact the king of all spring medicines.

The medicine that can search and root out every ill of kidneys or liver, is Hunt's Remedy.

Responsibilities, which no other that the Sunday school should be under the control and supervision of some denominaion. Rev. Campbell was opposed to union nday schools and said it was better where different denominations were represented that the Sunday school should have the oversight and control of the stronger. No erious objections being offered, yet several very successful and harmonious union Sunday schools were referred to. On qualification of Sunday school officers it was argued that they should possess good busiess qualifications and willingness to work. and that some had particular facilities adapted to particular positions, which others had not., and that it was always busiesslike and prudent to select those best suited to fill the different positions. On ualifications of teachers, Rev. Campbell said that talk is cheap, and that he loved to isten to a person who found it difficult or pard to talk, but who had the qualifications of the love of Christ's Kingdom, a love for nan, a strong faith in Christ and a love for
