"Who was Charlotte Conroy?" was asked me recently. She was a young and beautiful girl of Cane, France, in a monastery there 1788. She was guillotined. Robespierre, Brissot and Danto, the colleagues of Marat were all executed after causing the death of thousands. The French Revolution will be remembered while language lasts.

Big Pumpkin.

ESQ. COLUMBIAN: MOSTANA, Pa., Oct. 5. For nearly fifty years my attention was called to an item in last week's issue, in regard to a pumpkin called "Jumbo," measuring five feet and four inches in circumference. The same caused me to measure four of my pumpkins and found they averaged 19 1/2 feet in circumference. The enormous size can only be accounted for on the ground that they are raised on good Democratic soil. Yours, &c. W. GOODMAN.

It is offered for sale at the exceedingly low price of 15 cents, for which sum in stamps it will be sent postpaid by the publishers, A. H. ANDREWS & CO., Chicago.

An Old Settler Gone.

Jackson Pursel died at the home of his son, Robert Pursel, in Montour township, on Saturday morning last, aged 93 years and 3 months. Mr. Pursel came to Columbia county from Easton when he was but two years old—he was brought on horseback the entire distance, and his father located on the James Park farm—afterward moved to the present home of Sylvester Pursel. Upon the death of his father, by a peculiarity of the will, Jack Jackson was left to earn his livelihood as best he could. He was married three times, his last wife died but a few years ago, since which time he has been visiting around with his sons and daughters, Holli, William and John, three sons, and two daughters, the youngest of them being the oldest of a family of eight brothers and three sisters—three of his brothers, William, Isaac and Sylvester, the youngest, attended the funeral on Monday—Robert and two sisters, yet living, are in the West, but could not reach here in time for the funeral. On account of his temperate habits Jackson was not sick a day in his life. About a week previous to his death he complained of suffering pain whenever he ate or drank anything, and on account of weakness kept his bed, but he said he did not feel sick. On the morning of his death he had been sitting up in bed but a few minutes when he fell back and expired.
