Coroner's Inquests. [The following opinion of Judge Church of Crawford County on the duties of coroners will prove of general interest, and we print it in full.]

It is the duty of coroners to hold inquests, super visum corpus, only where there are suspicious circumstances surrounding the death, indicating that it was caused feloniously or by accident, and not by natural causes.

Coroners' juries are entitled to one dollar per day and one dollar and fifty cents per day where it exceeds that amount; and the time should appear to be necessary for the coroner to hold an inquest, and it will be presumed that he acted in good faith, and his costs will be allowed until the contrary is shown.

The new grain house of H. V. White & Co., on Seventh street, affords excellent opportunities to farmers having grain to dispose of, as well as to those who wish to buy grain, flour, feed, salt and coal.

Henry Shaffer of Centre one day last week stopped at Isaac Creasy's with his young team and neglected to tie them, when they became frightened and ran away, coming direct to Lightstreet.

Mr. Emma Leisher expects to leave on Tuesday for New York.

People should look out for savage dogs, especially when they let children run at large. On Saturday last as Chas. Schlegel, son of William Schlegel, was playing on the street he was bitten badly about the face, by a dog from town.

Mrs. Balits White is at present lying in a precarious condition.

A. C. Vanlow has now taken to his bed. He still gets weaker.

Isaac Reighard is at present employed by Silas Young.

E. A. Brown is engaged with Balits White driving his lumber rig.

H. W. Buck, pastor of the Evangelical Association, has protracted meeting now in progress.

On Tuesday evening last quite a number of young people gathered at the residence of A. P. Terwilliger to enjoy themselves, as is the custom on such occasions.

A. B. White took a little recreation from business last week, visiting in different parts of the county.

Dear Public: Come and see us. We never had so much pleasure in asking you in before.

Everybody is more indulgent toward an old unhandy house than he who lives in it.

The naked beams, the ups and downs in the floors, the glimpses of distance, the cut-offs, the medley of rough conveniences and inconveniences, the very disorder and lawlessness of the store may have helped to express in the language of nature its unconventional untraditional character.

The asperity of it is wearing away. It was a sudden and sharp innovation in one of the most conservative cities.

There is something happy in gradually turning the old into new. The present condition of trade in Philadelphia hasn't come about in a minute.

We couldn't have torn the old building down and built a palatial store. For what would the two-million people have done who come here fifty-thousand a day?

Several years ago we dug out the dirt underneath and laid the foundations. The work was out of sight. The first you knew of it you were let into a basement long and wide and filled with fresh air and artificial sunshine.

Then the old dwellings on Chestnut street came in, one after another. The party walls were broken through; the floors were brought together; you had the use of the lower stories; we of the upper; we bridged the little street between, and you forgot it was there.

All along we were lifting the roofs of various parts. New stories were added here and there from time to time. Extensions were made to the upper floors. About all you knew of what was going on was the iron pillars that rose in the night from foundations laid a year or two before.

For a broken-down constitution the first thing that an American resorts to is what is generally known as a "gentle alcoholic stimulant." The name is "Hunt's Kidney and Bladder Remedy."

Never neglect a constipated condition of the bowels, or serious results surely follow such as piles, hemorrhoids, and many chronic complaints. Burdock Blood Bitters.

Curious to think that desks and chairs kill people, but they do. Taken in large quantities office furniture is as fatal as yellow fever.

Back ache? Hunt's Remedy will cure pains in the back or loins, female diseases, nervous prostration and kidney diseases.

Dear Bro. Meek, Ed. "The Central Methodist," Gettysburg, Pa. I see in the last "Central" that you want a remedy for sick headache.

I see in the last "Central" that you want a remedy for sick headache. I have been cured. I can say almost from infancy, and have tried almost every remedy I could get, and never found anything to do me any good until I used Simmonds Liver Regulator.
