The New U. S. Court District.

Congressman Scranton has introduced a bill providing for the holding of sessions of the United States circuit court in Scranton and forming a dis trict to be composed of the counties of Lackawanna, Wayne, Pike, Monroe, Carbon, Susquehanna, Wyoming, Luz-erne, Bradford and Columbia. Efforts in this district have been made for years and, as constant dropping wears away stones, so we may expect that the keeping of this question constantly before Congress may result finally in the schievement of our purpose. The ball was set in motion by Hon. F. D. Collins, when he represented the Eleventh Congressional District and has been receiving fresh impetus at every session of Congress since. The Federal Government has already com-mitted itself to the erection of a building in Seranton which may be made to accomodate the United States Court as well as the postoffice, and as a con sequence we do not apprehend that the setting up of a new district will meet with as much opposition as heretofore. Citizens of all parties wish success to Mr. Scranton in the matter of securing the passage of his bill.-Scranton Free Press.
