Another Swindle. It looks as if our farmers, as a class, were the most easily swindled people in the country. Some of them are shrewd enough, but the most of them are gulled by every bum that comes along. The other day a man went through Dauphin county with a lot of colored salt put up in jars. which he represented was a stump conuming powder. His instructions were to pore a hole in the stump, fill it with powder, plug up the hole, let it stand for six weeks and then set the stump afire and it would burn way down below the plow-line. The farmers caught on to it readily. The six weeks' provision was a wise one, for it allowed the agent to get away. An examination of the "powder," however, proved its worthless qualities and the farmers can again kick themselves over being badly

Mrs. Loby, wife of John Creveling, of The public school of this place will close Van Camp, died March 11th. 1886 aged 73 years 8 months and 27 days. Her remains were followed by a large concourse of mourning friends and sympathizing neighbors. A. N. Yost, deputy sheriff of Columbia Co. is is to open a blacksmith shop at Bender- a grand son of the departed. The circumstance of this death constrains us to take a retrospective view from our standpoint in the path-way of life, which is now far beyond its meridian and call to mind reminiscences of early youth, and those associated with us in our earlier history. We will not speak personally of those who have gone, but only those who tarry and linger on the "shores of time," decrepit ten years to four score or more. In our boyhood, those contemporary with these surviving fathers and mothers were the sole motive power of our community, its bone and sinew, nerve and muscle, and its hope, pride and glory. In a few more years death will have removed them all and their places for a few days will be occupied by a few of our own generation. The number of these old and honored relies of the bygone generation is surprisingly small, and sad indeed were the thought of parting with them, if this was class we find remaining Jacob and John Wenner and wives, Aaron Bender and wife, Samuel Yost, John Creveling, Peter Creveling and wife, Jonas Doty, John Rinard and wife, mothers Beishline and Doty, Peter Kase, Ruben Gibbons, Peter Y. Stine and Simon Tubbs, brother of the deceased. Of these aged fathers Mr. Yost is about \$1 and Mr. Tubbs is in his 87th. year. Several others are near 80. At a glance we see that changes are constant and the number of old people, not so large as we imagined, and of the families inhabiting the community 45 and 50 years only these few remain. This encompasses a scope within the bounds of St. James named heads of families. Peter Creveling's and Reuben Gibbons' are the only original ones that have never been separated by the "icy hand" of death. May their

The attempted incendiarism gave Ben on quite a scare a few weeks ago. During the thunder storm last Friday afternoon, George Pringle, while walking alongside the public road, between the residences of Wash, and Fletcher Bowman. in the borough of New Columbus, was instantly killed by lightning. He was be ing sheltered from the storm under an um brella into which the lightning struck, the electric fluid passing down the handle to the braces, thence to his head, singeing his hair, penetrating the skin of his fore head and passing down the body, tearing the soles from his boots and knocking ole in the ground where he stood when struck. He was a bachelor and living with his sisters in an up river town, either Pittston or Scranton, and, owning large oal claims at Pittston and also much rea estate in Huntington and Benton townships. Success in life depends largely upon the condition of the blood. If your child's blood is poor and watery, try a bottle of Dr. Hand's General tonic for children.

The only tonic ever expressly prepared for children and mothers after confinement. If you are suffering from a sense of extreme weariness, try one bottle of Ayer's Sarsaparilla. It will cost you but one dol-lar, and will do you incalculable good. It will do away with that tired feeling, and give you new life and energy. "You may remember I spoke to yo

bout having been afflicted with severe leadaches. Well, some time ago I began aking Dr. Kennedy's 'Favorite Rein faint hope of relief. To my delight and rather to my surprise, I have never had an attack since. How thankful I am I need hardly tell you. I heartily wish that all women tortured in this way know how certain and pleasant "Favorite Rem-edy" is. Sarah J. Woodruff, Newburg, march12:

"100 doses one dollar" is true only of Hood's Sarsaparilla, and it is an unanswer-able argument as to strength and economy.

HORSE NOTES.

"I take pleasure in saying that when my

horses were sick with what was called ing fever, last Spring, I gave Simmons Liver Regulator (liquid) in one ounce doses, twice a day. They all recovered speedily. E. T. Michener. Prop'r Michener's Express, Jerkintown, Pa." "I wish to state that a valuable horse mine was taken with colle, and, after using all means available, the thought struck me (as I had no salts in the house) to me (as I had no saits in the house) to use Summons Liver Regulator. After giving about four onnees of it, in the lapse of a half hour he had an operation and was cured. I think it valuable information to yourselves and stock raisers. Yours re-spectfully. W. A. Halland, Jessusville, G.

Parker's Tonic kept in a home is a sentinel to keep sickness out. Used discreetly, it keeps the blood pure, and the stomach, liver and kidneys in working order. Coughs and colds vanish before it. It builds up the health. No wise mother will be without it. "I tell you, husband, I want to try it."
I had suffered for years with a complaint the physicians called gravel, and they had given up the attempt to belp me. My wife heard of Dr. Kennedy's Faverite Remedy, and spoke as above. To pieuse her I got a bottle. Used that and two or three more, and presently the trouble vanished never to return. My wite had a tort of inspiration that time — Washington Monroe, Catskill, N. Y. Faith like hers deserves its reward.
